To Buy or Not to Buy,
That is Not Necessarily the Question.

The Question is ... Whom to Buy From?

Placing an order should be simple and fast. With over fifty years of industry experience, when you place an order with Brodart, you are placing an order with a leader in the academic library market. Your order will be processed quickly and efficiently. You may place an order by mail or with our electronic ordering system. Orders are also accepted via fax or internet. If the title you have requested is not in our existing extensive inventory for immediate shipment, your titles will be ordered from the publisher immediately, regardless of quantity.

It is definitely not "nobler in the mind to suffer the slings and arrows" of ordering from other vendors. Let Brodart Academic Book Services assist you in your unending quest of where to buy. Call us today.

MACMILLAN, USA
YBP MEANS “FULL SERVICE”

A “full service” book vendor provides much more than top-notch firm order supply, standing order services, and approval plans. Today’s libraries demand a full menu of information services and technical support. That's what you'll find at YBP.

**Superior Firm Order and Continuations Supply.**

Begin with the basics: timely, accurate supply and phenomenal customer service.

**Expert Collection Management Services.**

Complete coverage and precise approval plans plus customized selection services, innovative supplemental approval options (Paper Preferred and British coverage), large scale collection development project support, shelf-ready plans and more...

**YBP’s FOLIO Online.**

Unmediated Internet access to an ever expanding menu of interactive services: approval and serials bibliographic information, order placement services, shipment history, order status information, online management reporting, and much, much more...

**Library Technical Services Support.**

Top it off with a complete range of library technical services: machine-readable catalog records customized to your requirements, spine labels and cards, barcodes, binding, security stripping or targeting, ownership stamping, etc.

To make your reservation for automatically processed and fully shelf-ready books, contact our Library Technical Services Division at 1-800-258-3774. YBP is an OCLC PromptCat provider.

TWO NEW IMPORTANT ALTERNATIVE MEDICINE JOURNALS FROM A LEADING BIOMEDICAL PUBLISHER

The Journal of Alternative and Complementary Medicine
Research on Paradigm, Practice, and Policy

Editor-in-Chief: Marc S. Micozzi, MD, PhD
National Museum of Health and Medicine

Senior Editor: Fredi Kronenberg, PhD
College of Physicians and Surgeons of Columbia University

European Editor: Kim A. Jobst, MA, MRCP
University of Oxford

Announcing a new quarterly peer-reviewed journal for physicians and researchers seeking comprehensive information on nontraditional medical practices, some of which are centuries old but are not incorporated in current medical curricula.

Selected Papers

Alternative and Complementary Medicine: Part of Human Heritage
By Marc S. Micozzi, MD, PhD

Guest Editorial: The Importance of Alternatives to Health Care Reform
By Senator Tom Harkin

Assessment of Plants as Medicines in Bahia: A Tale of Two Tales (with Curandero’s Criteria)
By James A. Duke, PhD

The Regulation of Acupuncture Needles by the U.S. FDA
By James S. Turner, JD

Photoessay: Traditional Japanese Massage
By Stanley B. Burns, MD and Jason L. Burns

Social Science Theory and Methods in the Study of Alternative and Complementary Medicine
By Claire Cassidy, PhD

Complementary Medicine and HIV Illness in the US: The Case of Traditional Chinese Medicine
By Alondra Oubre, PhD

A Critical Analysis of Acupuncture in Pulmonary Disease: Efficacy and Safety of the Acupuncture Needle
By Kim A. Jobst, MA, MRCP

Treatment of Seasonal Affective Disorder with High-Output Negative Ionizer
By Michael Terman, PhD and Juana Su Terman, PhD

Curriculum Development: Introducing Alternative/Complementary Healing to Allopathic Medical Students
By Marilyn Poland Laken, PhD, RN and Seid Cosovic, MD

Abstracts: European Tissue Repair Society Satellite Meeting: Traditional Medicine Symposium Related to Wound Healing

Reports: Annual Meeting Review: Society for Light Treatment and Biological Rhythms
By David Schlager, MD

Volume 1, 1995, Quarterly ISSN: 1075-5535

Personal Subscription Rate:
- USA $89, plus $10.95 p&h
- Overseas/Air $109 includes p&h

Institutional Subscription Rate:
- USA $120, plus $10.95 p&h
- Overseas/Air $150 includes p&h

*Personal subscription must be paid by personal check and will be sent to home address. Only available to new subscribers.

Alternative & Complementary Therapies

The only journal that provides health care practitioners with the pragmatic up-to-date information they need in order to evaluate and integrate alternative medicine into their practice.

Each year you will receive six information-packed issues covering the latest advances in alternative medicine.

Institutional Profiles: Showcases innovative programs and centers for alternative health around the world.

Personal Profiles: An in-depth look at the movers and shakers making news in the field.

In the News: Late-breaking reports on research and therapies.

Educational Resources: Reviews of books, videos, and other materials.

Literature Watch: Recent and relevant journal and consumer press articles.

Herb Health: The clinical application of herbs and botanicals for disease prevention and treatment.

Contents Include:
- Unconventional Cancer Therapies: Can Your Patients Benefit?
- Championing Integrative Medicine: An Interview with Andrew Weil, M.D.
- The NIH Office of Alternative Medicine: Evaluating Research Outcomes
- The FDA and the Vitamin Wars: Are Your Patients Winning?
- Alternative Medicine in Managed Care Settings
- Alternative Medicine on the Internet: A Practitioner’s Guide
- Arthritis Benefits from Shark Cartilage Therapy
- Mind-Body Medicine: An Important Therapeutic Component
- Alternative Approaches to the Treatment of Asthma
- Biofeedback: Instrumentation for Patient Therapy
- Deprenyl and L-dopa: Use of Smart Drugs is Controversial
- Chelation Therapy: Pros and Cons

Volume 1, 1995, Bimonthly ISSN: 1076-2809

Personal Subscription Rate:
- USA $79, plus $10.95 p&h
- Overseas/Air $109 includes p&h

Access the OryxNet and you access a new world of quality information products.

Simply point, click, and—

Browse complete catalogs of new and forthcoming publications
From our complete school catalog and our general reference catalog to subject-specific catalogs on business, grants, sci-tech writing tools, and bibliographic resources, the whole world of Oryx publications is yours to browse. Information about additional forthcoming titles will be added every month.

Examine extracts from the latest reviews of Oryx products

Learn more about our authors
Here are the biographies, credentials, other major publications, and the awards received by Oryx authors. Some of them are professional writers, some are librarians and educators, and many are your peers.

Open actual chapters from our K-12 professional books
You can read sample chapters from many of our K-12 school library and teacher resources. More sample chapters and selections from our various databases will be added periodically.

Read complete articles from The National Teaching and Learning Forum
The interdisciplinary newsletter written by educators for educators that covers successful real-life teaching practices and provides concise reports on the best new research on teaching and learning. More articles from NTLF will be added periodically.

Share your comments, ideas, and observations with us, or send us your orders via Internet. Our e-mail address is info@oryxpress.com

THE ORYX PRESS
ANNOUNCING
COMPREHENSIVE ORGANIC FUNCTIONAL GROUP TRANSFORMATIONS
7-VOLUME SET

Editors-in-Chief
Alan R. Katritzky, FRS, University of Florida, Gainesville, USA
Otto Meth Cohn, University of Sunderland, Sunderland, UK
Charles W. Rees, FRS, Imperial College of Science, Technology & Medicine, London, UK

Comprehensive Organic Functional Group Transformations (COFGT) covers in seven volumes the vast subject of organic synthesis in terms of the introduction and interconversion of functional groups. All organic structures can be considered as skeletal frameworks of carbon atoms to which functional groups are attached or in which they are embedded. These functional groups are largely responsible for chemical and biological activity and it is these functional groups which are highlighted in COFGT.

COFGT will be the first point of reference for synthetic organic chemists and to all those interested in the synthesizing of compounds, including such diverse groups as electrical and mechanical engineers, materials scientists, medicinal chemists, biochemists and more. It will appeal to all academic and industrial researchers together with instructors at all levels.

Stop by the Elsevier booth #1703 at the American Library Association conference to pick up a detailed brochure for COFGT, and a copy of our new reference works catalog. We'll also be demonstrating our exciting new catalog on the Internet!

Comprehensive Organic Functional Group Transformations
7 Volumes Hardbound ISBN: 0-08-040660-1 Approx. 7,800pp

METHODS IN ENZYMEOLOGY ON CD-ROM
CD-1

Disk Includes:
■ 18 Selected Core Volumes —
  ■ Recombinant DNA, Parts A-I
  ■ DNA Structure, Parts A & B
  ■ Three Guide to's
  ■ Related Volumes
  ■ Cumulative Index for Volumes 1-244

Series Editors-in-Chief
John N. Abelson and Melvin I. Simon
California Institute of Technology, Pasadena

In 1995, the critically acclaimed Methods in Enzymology series celebrates its fortieth birthday. Academic Press is proud to present Methods in Enzymology on CD-ROM, CD-1, focusing on recombinant DNA and related methodology. A perfect complement to the print series, Methods in Enzymology on CD-ROM, CD-1, combines indexing with high-quality, informative full texts to create a unique information resource that brings single-search access to two database collections.

Key CD-ROM Features
• The base price allows for up to five concurrent users
• Work with an easy-to-learn, user-friendly interface to Windows, Macintosh, or Unix computers
• Search by multiple methods, including title, author, subject, or any word in the text
• View a hierarchical table of contents display for volumes, sections, and chapters
• Move quickly and nonsequentially from one book to another
• View text and graphic images in a variety of formats
• Create personal links within the text
• Add private and public annotations

Full-text volumes to be included:
METHODS IN ENZYMEOLOGY, VOLUMES 68, 100, 101, 152, 153, 154, 155, 158, 183, 185, 194, 208, 211, 212, 216, 217, 218, and 224

Index Volumes to be included:
Cumulative Contributor Index Table of Contents for Volumes 1–244. Cumulative Subject Index for Volumes 81–194.

April 1995, $999.00 (ISBN: 0-12-000100-4)

VIROLOGY
on CD-ROM

Editor-in-Chief
Robert A. Lamb
Howard Hughes Medical Institute, Northwestern University
Evanston, Illinois

Editors
M.J. Buchmeier, R. Haselkorn, W.K. Joklik
M.M.-C. Lai, B. Moss, J.R. Nevins, M.B.A. Oldstone
P. Palukaitis, H.L. Robinson, B. Sugden
M.D. Summers, P.K. Vogt

To better assist today’s busy researcher, Virology will be available in 1995 to subscribers on quarterly CD-ROMs, in addition to the 18 printed issues. Each new CD-ROM replaces the previous one; at the end of the year you will have one CD containing a whole year of Virology, indexed, cross-referenced, and searchable. Imagine, an entire year of this well respected and influential journal on one compact disc. Each of the four CD-ROMs will include the complete text of the year to date. In addition, several prior years of Virology tables of contents and abstracts will be integrated into all the indexes and search facilities on the CD.

Annual Subscription Rates
Institutional:
In the U.S.A. and Canada: $1450.00 With CD: $1800.00
All other countries: $1760.00 With CD: $2110.00

Personal: (Available on personal check or credit card only)
In the U.S.A. and Canada: $297.00 With CD: $475.50
All other countries: $351.00 With CD: $529.50

Free sample copies are available. For more information, please contact:

June 1995 / Against the Grain 43
New References in Philosophy and Religion from ROUTLEDGE

Dictionary of Islamic Architecture
Andrew Peterson, British School of Archaeology in Jerusalem
This visually appealing dictionary contains over 500 entries arranged alphabetically and covering dynamic and regional overviews, site descriptions, biographical entries, and technical definition of Islamic architecture from West Africa and the Middle East to Indonesia. Covers the 7th to the 20th centuries. November, 1995. 350 pp. Illus. with 89 architectural drawings, 45 black & white photos, 4 maps.
Hardbound. ISBN 0-415-06084-2 ............................................. $89.95 (Canada $121.95)

Companion Encyclopedia of Asian Philosophy
Edited by Brian Carr, University of Nottingham, and Indira Mahalingam, University of Wales
A unique, thematic, one–volume reference work which brings a broad range of varied philosophical, ethical and theological traditions to a wide audience. The Encyclopedia is divided into six sections, each of which covers a specific tradition, including Zoroastrian or Persian, Indian, Buddhist, Chinese, Japanese and Islamic. Includes comprehensive bibliographies, a glossary, and a detailed index. 1000 pp. February 1996.
Hardbound. ISBN 0-415-03535-X ............................................. $125.00 (168.96 Canada)

Dictionary of Ethics, Society and Theology
Edited by Paul A. B. Clarke, University of Essex and Andrew Linzey, Mansfield College, Oxford University
Animal rights, capital punishment, homophobia, racism, and domestic violence are among the many contemporary issues covered in this ground–breaking survey. Over 250 entries detail Judeo–Christian approaches to these—and many other—social and political issues of wide concern. The book includes a detailed bibliography and subject index. December 1995. 600 pp.
Hardbound. ISBN 0-415-06212-8 ............................................. Introductory price: $99.95 ($134.95 Canada)

Companion Encyclopedia of Theology
Edited by Leslie Houlden and Peter Byrne, both at King’s College, University of London
A comprehensive guide to modern theological thought with 48 articles that explore six different areas—the Hebrew and Christian Bible, the Tradition, the contribution of Philosophy, Spirituality, Practical Theology, and the future of Christian Theology. December 1995. 1000 pp.
Hardbound. ISBN 0-415-06447-3 ............................................. $125.00 ($168.95 Canada)

Biographical Dictionary of Twentieth Century Philosophers
Edited by Stuart Brown, Diane Collinson, and Robert Wilkinson, all at the Open University
This substantial reference work provides detailed accounts of the lives, works, influences and receptions of the most important philosophers of the 20th century. Over 1000 entries cover philosophers from all over the world, and offer detailed biographical and bibliographical information, and analytic accounts of the thought and critical reception of each figure. December 1995.
Hardbound. 2 Volumes. ISBN 0-415-06043-5 ............................................. $199.95 ($269.95 Canada)

Prices subject to change.

The Bestselling Internet Books Have One Thing in Common... They're Wiley Computer Books.
From 16th-century spiritual writings to 19th-century advocacy of free speech, Chadwyck-Healey's Women's Studies Collection reflects the enormous contributions women have made across decades of disciplines.

The Emma Goldman Papers
Emma Goldman was America's most famous anarchist and early advocate of free speech, the equality of women and worker's rights. This microfilm collection contains 60,000 documents including letters, writings, surveillance reports and clippings. A new comprehensive printed guide has just been completed.

Temperance and Prohibition Papers, 1830-1933
The Temperance and Prohibition movements were vehicles through which the women's movement functioned in the late 19th and early 20th centuries. This unique microfilm collection documents the records of the major organizations involved in both movements.

"They talk about a woman's sphere, As though it had a limit."
Kate Field, Woman's Spirit

The Nineteenth Century Part 1: Women Writers
Women Writers is a comprehensive collection of imaginative literature by women during an age in which they found both their voice and their market. Over 17,000 works on a wide range of themes are included on microfiche.

Spanish Women Writers 1500-1900, Literatura Femenina Española
This extraordinary collection brings a vast array of authors together for the first time on microfiche. It includes well-known writers such as María de Zayas and Rosalía de Castro, as well as hundreds of

Actual Screens-March, 1995

23 titles

Compare Books-in-Print Plus and The Title Source... and you can see for yourself that The Title Source is far more accurate. Not just the March, 1995 edition, but any month you choose to compare.

Which is particularly impressive when you consider that Baker & Taylor's The Title Source also provides more information. In fact, it's the most comprehensive CD-ROM title database available of book, audio and video titles-in-print, out-of-print and forthcoming. Over 1.8 million titles on one disk!

Sound overwhelming? Not at all. The Title Source is extremely user friendly and there are over 75,000 subject headings that enable you to access the exact information you need quickly and easily.

How can one source provide more information... more accurately... month in, month out? Because Baker & Taylor is the source. Our long-standing relationships with the world's publishers insure that we have the most current title information, which is why there are over 130,000 updates to The Title Source each and every month.

The Title Source from Baker & Taylor. Truly incomparable. For more information on this powerful reference tool and our flexible subscription plans, call 1 (800) 775-1800. International customers, please fax 1 (908) 429-4037.

Subscribe to the World Edition!

With over 2.5 million American, British, Canadian, Australasian and European English-language titles on a single monthly CD-ROM, The Title Source, World Edition, is the world's most comprehensive reference tool. Features include:
- Cover price in U.S. dollars, U.K. pounds, or Australian dollars.
- Comprehensive search options-- from country of origin to key words.

Distributing Information for the 21st Century
Blackwell's leading-edge technology is your link into European periodicals supply.

Blackwell's is the largest subscription agency in the UK, and one of the largest in the world. Our continued investment in technology, coupled with quality service from our European-based, multilingual staff, means Blackwell's must be the first choice for all European subscriptions.

Blackwell's is uniquely placed in the implementation of EDI and is a major contributor to the development of both North American and European EDI transactions, facilitating seamless trade between the two continents.

Furthermore, Blackwell's Open EDI Strategy supports Internet FTP, Email and VAN for transactions such as claims and invoices. We have gained years of experience in Internet usage and were the first European agent to make our online service CONNECT available over the Internet, a route now taken by over 500 customers worldwide.

Not necessarily what you would expect from a company founded back in 1879.

Please call us to find out how Blackwell's technology can be your link into Europe:

The standard by which other client/server systems are judged

Horizon™ is the information management system that sets the standard by giving your library all the benefits of client/server computing.

**A true client/server system**

The flexibility of an open systems environment means you can add to the system as needs change and adapt to future technologies while leveraging your investment.

**Expanded patron access**

In addition to your own Horizon database, patrons can use Horizon to gather bibliographic data from any Z39.50-compliant system and connect to global resources over the Internet.

**Graphical user interfaces**

The Horizon client software offers the familiarity of Microsoft Windows®, System 7 (Macintosh®), or OS/2® interfaces. Patrons can search effortlessly with icons, pull-down menus, and point-and-click commands.

**Proven by libraries like yours**

You need a system with a history of success, one designed by library professionals. Horizon has met those requirements with thorough testing by libraries around the world.

**Horizon is available today**

You can bring the benefits of Horizon to your library today. Let us show you the leading client/server system.
Plays SHERLOCK HOLMES in
“The Case of
The Missing Monograph”

When it comes to tracking down hard-to-obtain books, you might call us Sherlock Holmes. OP, NOP, and TOS reports from publishers are not accepted as prima facie evidence of non-availability. We go the next step.

Midwest Library Service maintains a research staff of several “Dr. Watsons,” dedicated to locating those hard-to-get titles which may be available from other sources. Our investigations encompass the following procedures:

1. Verification of customer’s information in BIP, Forthcoming Books, OP-OSI, CBI, etc.
2. Telephone confirmation from the publisher when there is evidence of availability.
3. Library verification when order information is in question.
4. Extensive search of the out-of-print market.
5. With the proliferation of U.S.–U.K. simultaneous publishing, books are often declared out-of-print in the U.S. while still available in the U.K. Obtaining these books is part of our goal of “maximum fulfillment.”

By diligent research and investigation, we are able to fill many book orders that would be lost due to inaccurate reports, inadequate research, or database dead-ends. Our staff takes over and researches titles where computers leave off.

It is never “case closed” until we ascertain that a book is truly unavailable and make our report!
