INDIANA FIRMS THAT FILL HARDWOOD LUMBER PANELING ORDERS

R. C. Brundage and C. I. Miller
Department of Forestry & Conservation

Foreword: Demand for Hardwood Lumber Paneling

Two surveys of retail lumber yards to secure sales data on hardwood paneling in Indiana have been made by this department. The results showed that the average number of paneling orders increased from 5.6 per year in 1953 to 10.0 in 1958. It was found also that the average order increased from 390 board feet to 580 board feet.

However, in the four year period elapsing between the time the first survey was made in 1953 and the time of the second survey in 1958, it was found that there was very little change in the number of lumber yards that stocked paneling or that would make it available for customers. In both years, approximately 10 percent of the yards stocked hardwood lumber paneling, 49 percent would fill orders and 41 percent did not take orders. (Further information on the findings of the two surveys is given in Research Bulletin No. 676, "A Look at Hardwood Paneling Sales."

As an aid to expanding the use of native hardwood lumber paneling, the following list of firms that handle paneling has been prepared from replies to a questionnaire mailed to retail yards in Indiana. Since replies were received from only about one half of the yards in the state, the listing is not complete. This list does not constitute an endorsement of any firms by the Agricultural Extension Service.

Firms That Manufacture And Wholesale Hardwood Lumber Paneling

Advance Lumber Company, Advance, Indiana
John I. Shafer Hardwood Lumber Co., Logansport, Indiana
Amos-Thompson Corporation, Edinburg, Indiana
Chester B. Stem, Inc., New Albany, Indiana
Holmes Company, Inc., Columbia City, Indiana
