**MEMORY LANE**

**ATG Millennium Issue**

Do you remember the days of manual or electric typewriters, electric erasers, or filing cards in the card catalog? How about carbon paper? How about the days when librarians "shushed" everybody and we didn't even have Wilson indexes? Or when all we had were punch cards and no PCs. Or maybe you remember what books were on the bestseller list when you went to library school? Do you remember someone or something that you want to share with us?

Make the Millennium Issue a real treat for all of us. Write down your memories or favorite moments and send them to us. We need your submissions. Photographs also welcomed.
