For more than 100 years, Blackwell’s Book Services has made the needs and vision of academic librarians our priority. From that vantage point, nothing has changed.

As your collection development and management needs have become more complex, more technologically demanding and more diverse, we’ve developed intelligent, integrated services that answer your needs. From that vantage point, everything has changed.

So now, as we tackle the world of digital content acquisition and management, Blackwell’s Book Services continues as the source you can trust to answer your new collection development and management needs.

Your needs. Our commitment.
That’s our heritage. It’s the future we’ll share.

BIOSIS Previews®
now available through
ISI® Web of Science®

The most comprehensive biology data.
The most functional interface.
The most obvious choice.

You need more than information. You need the capabilities that allow you to gather and manage that information with efficiency and ease. BIOSIS Previews, now available via the Web of Science platform, delivers precisely this: the world’s largest biological sciences collection accessible via an interface renowned for its intuitive navigational and retrieval features.

Explore multidisciplinary coverage
• Traditional biology
  (botany, ecology, zoology)
• Interdisciplinary subjects
  (biochemistry, biomedicine, and biotechnology)
• Related areas
  (instrumentation and methods)

Discover efficient retrieval via the Web of Science
• Use the unprecedented functionality of the Web of Science to quickly find the information you need
• Use an advanced search screen to broaden or narrow your search for more accurate retrieval
• Navigate directly from BIOSIS Previews to select electronic full-text articles available through the Web of Science (for mutual subscribers only)

Interested in a free trial for your site? Contact ISI today:

UnCover and ingenta
two companies,

one shared vision.

UnCover, now with the power of ingenta, offers a rich and diverse collection of content that will be an invaluable research tool for your patrons, and a significant part of your collection management. Your patrons can now access full text articles from a database of over 11 million citations and 3,000 electronic journals delivered via pdf, ariel, html or fax, all searchable from a single point. We offer pay-per-view via deposit accounts or credit cards, secure unmediated ordering, patron account limits and detailed usage reports. To find out more, please visit www.ingenta.com, and click on “For Librarians”. Share the vision.

What if 150 years of *The New York Times* could be delivered to you instantly?

It can. Introducing 150 years of *The New York Times*. Available through ProQuest Historical Newspapers™. It’s part of our Digital Vault Initiative™, an incredible effort to place 500 years of history online. We’re digitizing every edition of *The New York Times* cover to cover—including photos, graphics, and advertisements—reaching as far back as 1851. And you can search by everything from subject to title to author to date. This groundbreaking database allows you to view history in context, as it happened, through the eyes of those who lived it. *The New York Times* and ProQuest. Together, we’re making history. Valuable Products and Services for You and Your Patrons

from the American Institute of Physics

ONLINE USAGE STATISTICS

AIP and the American Physical Society are developing a Web-based usage-data report, available directly to library administrators by username/password. Usage statistics for the year 2000 will soon be available online, with 1999 data to follow.

VIRTUAL JOURNALS

The Virtual Journal of Biological Physics Research and Virtual Journal of Nanoscale Science and Technology give users two convenient online sites with the latest articles in these dynamic fields, drawn from many of the premier publications in the physical sciences. Jointly developed by the American Physical Society and the American Institute of Physics, these freely accessible sites give you quick access to today's cutting-edge research. The growing list of more than 45 participating journals includes Physical Review, Physical Review Letters, Reviews of Modern Physics, Journal of Applied Physics, The Journal of Chemical Physics, Journal of the Optical Society of America, Medical Physics, Journal of Biomedical Optics, Journal of Vacuum Science and Technology, and Annals of Biomedical Engineering. See www.virtualjournals.org.

EXTENDED ONLINE BACKFILES

CONSORTIA LICENSING

AIP's Online Journal Publishing Service (OJPS) platform hosts one of the most important collections of physical science journals online. Publishers include AIP, the American Physical Society, the American Vacuum Society, and MAIK Nauka Interperiodica (the publishing arm of the Russian Academy of Science). For more information, contact Monica Dragovich at mdrago@aip.org.

ACS Web Editions: A Library Of Scientific Information At Your Fingertips.

ACS Web Editions Features

ARTICLES ASAP℠ (As Soon As Publishable)
ACS Web Edition subscribers can instantly access fully accepted articles within 24 to 48 hours of initial author approval—in both HTML and PDF full-text formats.

ASAP Alerts
ACS PUBLICATIONS' free e-mail alerting service forwards notice of new articles posted to ACS Web Editions on a daily or weekly basis.

ACS Publications Electronic Submission and Review
Manuscripts are submitted and peer-reviewed electronically to provide you with fast, efficient publications.

ChemPort℠ Reference Linking
Connect from ACS article references directly to the relevant Chemical Abstracts Services (CAS) record via ChemPort℠ Reference Linking, gaining instant access to the abstract and bibliographic information, regardless of article publisher.

Library Link
Find the latest library news, ACS institutional licenses and prices, the ACS Interlibrary Loan policy, links to customer service, back issues of the informative and lively Library Letter newsletter at http://pubs.acs.org/liblink.

Web Usage Reports
ACS will provide institutional subscribers with quarterly reports via e-mail of how often and which Web Editions are being accessed.

HTML and PDF Formats
Choice of HTML and/or PDF formats.

NEW!
Cross Journal Searching and Abstracts
Subscribers to at least one ACS Web Edition will be able to search and view abstracts across all titles. You will be able to search full-text, abstracts, bibliographic information and view abstracts from every ACS Web Edition.
APPLIED MECHANICS REVIEWS
ONLINE DATABASE

NOW WITH INSTANT E-MAIL NOTIFICATION OF NEW ONLINE ABSTRACTS
Applied Mechanics Reviews Online now notifies you when new abstracts are placed in the Online Database each month. AMR Online institutional subscribers also receive instant IP recognition for faster online connection with no extra keystrokes.

MORE ABOUT THE AMR ONLINE DATABASE
- Over 1,800 abstracts added to the online database monthly
- Electronic search capability of abstracts from more than 475 international journals – updated monthly
- Search the full archive of bibliographic citations dating back to 1989
- All abstracts classified by research area with extensive cross-indexing
- Authors’ complete addresses are included
- Publisher information for all journals is provided

ACCESS TO THE AMR ONLINE DATABASE AVAILABLE ONLY TO APPLIED MECHANICS REVIEWS SUBSCRIBERS!

A great teaching text and reference that belongs in every library

Biochemistry & Molecular Biology of Plants

Buchanan • Gruissem • Jones

The combination of superb authors for each chapter, and very complete coverage of the topics of plant biochemistry and molecular biology, make this a volume that should be used in a wide range of courses and on the bookshelf of every serious plant biologist.

—Charles Arntzen
President and CEO Boyce Thompson Institute for Plant Research, Inc.

In 24 structured chapters (over 1,400 pages and more than 1,100 original drawings plus 500 photographs), Biochemistry & Molecular Biology of Plants provides a boldly contemporary review of its subject, including molecular biology, cell biology, and plant physiology, integrated around the themes of compartmentation, cell reproduction, energetics, metabolism, and development. The CD-ROM of the illustrations increases its utility for teaching.

Published by the American Society of Plant Biologists (formerly the American Society of Plant Physiologists), this major text is the result of years of planning and meticulous development and editing from the top tier of plant biologists working around the world. It is an essential addition to your library and to the available resources for teaching a complex and dynamic subject.

If you think we're just a small company, you should see the size of Kathi's rolodex.

At Emery-Pratt, Kathi is usually two steps ahead of everyone. She meets with publishers about exciting new books that aren't even available to the public yet. And by the time the public does hear about them, she's already shipping them off to our customers around the country. With so many publishing sources, we are better able to find all the books our library customers want the most. Somehow Kathi always knows what's hot and where to find it. How does she do it? She says it's experience. We think she might just have a sixth sense about it.

The next time you order books, give us a call. We're sure Kathi can get them all for you.

VISIT OUR NEW WEBSITE TO SEARCH FOR BOOKS, PLACE ORDERS, AND MUCH MORE.
Plenum Titles Now Online!
Over 700 Titles Available in 2001!

MIDWEST LIBRARY SERVICE
from Gutenberg to McLuhan,
Galileo to galaxies—
We cover a universe of books.

PROMPTLY
From major new titles to the obscure "black hole,"
we waste no time.

ACCURATELY
From invoices to status reports, we get it right.

COMPLETELY
From first shipment to completion,
we offer maximum fulfillment.

COMPETITIVELY
From trade discounts to short, we give you your money's worth.

These four pillars form the foundation of Midwest's many years of service
to libraries. Depend on us as your source for U.S. and Canadian books.
Save valuable time, effort, and expense by relying on our:
- Expertise in automation services
- Exacting customer service
- Commitment to excellence
- Goal of maximum fulfillment
