Discover BLACKWELL’S Digital Reference

Simply CONVENIENT.

WE’RE YOUR BEST CHOICE, FROM START TO FINISH.

You rely on us to deal with multiple publishers for your print collections. Now we do the same for digital collections. Blackwell’s Digital Reference services include:

- Consolidated ordering and publisher contact
- Detailed prepublication information
- Trial and order processing management
- Assistance with licensing and pricing questions
- Technical assistance

It’s what you’ve been looking for — expert help. When you’re ready to add online reference titles and databases to your collection, Blackwell’s is your simply convenient choice.

BLACKWELL'S 125th ANNIVERSARY
The world's most outstanding cancer research

The American Association for Cancer Research—the organization dedicated to accelerating the prevention and cure of cancer—sets the standard for publishing high-quality, original cancer research.

**Cancer Research**
Cited more often than any other cancer journal with content covering the entire spectrum of cancer research

**Clinical Cancer Research**
A vital forum for clinical and translational cancer research

**Molecular Cancer Research**
A journal with innovative research focusing on the molecular and cellular biology of cancer

**Cancer Epidemiology, Biomarkers & Prevention**
The only journal that covers three diverse yet interrelated fields

**Molecular Cancer Therapeutics**
The only journal that brings together molecular targets for therapy and prevention, molecular and cellular cancer pharmacology, cancer chemistry and drug discovery, and more

How can Bernan fulfill your government information needs?

- We distribute over 45,000 official publications from dozens of U.S. government agencies and intergovernmental organizations.

- We publish print editions of essential U.S. government publications otherwise available from their issuing agencies only in electronic format.

- Our convenient Standing Order service ensures that you automatically receive new editions of individual titles or new volumes in a series as they are published.

- Our award-winning publishing arm, Bernan Press, publishes continuations of sought-after references no longer printed by the U.S. government.

- We provide the latest information on new and forthcoming government publications in Bernan’s Government Publication News (GPN)—a free monthly electronic newsletter that presents ordering information on upcoming government and intergovernmental agency publications. To request your free subscription, send an email with your contact information to gpn@bernan.com or register online at www.bernan.com.

Jobbers serving libraries with any book in print.
IEEE is **PATENTS.**

The most valuable assets in Lee's company are patents based on IEEE-published research.

IEEE science is the foundation for today's inventions and tomorrow's technology innovations. Patents cite IEEE research three times more than any other publisher — and referencing to IEEE papers has increased 267% in the last decade.

Patents mean more successful products and higher sales. Studies show that patents and investment in R&D are key factors in a company's profitability. Access to IEEE publications can help your company develop new patents, compete in the global marketplace and become a leader in your field.

**To Lee, IEEE is patents. Discover what IEEE can be for you.**

Swets Information Services

your source of service

Swets Information Services is your source of service for the acquisition, access and management of all your information needs.

With so many journals, magazines and newspapers arriving each day, managing your company’s subscriptions is time-consuming, complex and costly. Linking content providers, content users and you, Swets Information Services helps you manage your subscriptions with state-of-the-art technology and efficiency. Whatever your requirements, we offer you a tailored, single point of contact for all your subscription needs. For full control, cost savings and convenience visit your source of service at www.swets.com.
“With better means, the first five years of our work might have been reduced to two…”

– Marie Curie

Giving researchers the means to advance their work in the chemical sciences is our mission at the American Chemical Society. That's why ACS Publications provides subscribers access to more than 125 years of the most read, most cited, and most requested journals in chemistry. Because with that kind of access, anything is possible.

AMERICAN CHEMICAL SOCIETY
PUBLICATIONS
HIGH QUALITY. HIGH IMPACT.
http://pubs.acs.org

For more information on what makes ACS journals unique, go to http://pubs.acs.org/liblink and click on the latest issue of LiveWire, our online newsletter for the librarian community.
An efficient and timely way for academic libraries to acquire prize-winning books in more than 100 award categories. From the Caldecott Medal, to the Pulitzer Prizes, to the Man Booker Prize.

YBP and Lindsay & Howes offer these options on our awards program:
- automatic books or eSlips
- winners, nominees, shortlists
- single or multiple copies
- duplication control
- fund coding
- shelf-ready shipments

Call or e-mail to set up your YBP Awards Program.
The ACM Digital Library

The Ultimate Online INFORMATION TECHNOLOGY Resource!

Discover the ACM Digital Library in the ACM Portal, a vast online resource of ACM's computing and information technology publications. Your patrons can enjoy unlimited access to more than one million pages of full text with archives dating back to the 50's. This unparalleled resource is a must-have for every technology collection!

The ACM Digital Library includes:

- Over 30 ACM publications, plus conference proceedings
- 48+ years of archives
- Advanced searching capabilities
- 1.2 million pages of downloadable text

Plus, over 750,000 bibliographic citations are available in the ACM Online Guide

AN EXCEPTIONAL VALUE

They're surly. They misbehave. They require LOTS of attention, which is why some vendors, like some libraries, find them so problematic. The biggest problems are overdue deliveries, missed volumes, and poor communication. Unfortunately, those are problems not easily solved with technology.

So why do other vendors rely so much on automated claiming messages to deal with overdue standing order deliveries? We send out email claims too, but recognize that when messages are ignored, they aren't going to be answered by sending out yet more claims. At an early point in the process, you have to put a person on the phone to get standing order problems resolved in a timely manner. It's costly, and labor intensive...and effective.

The answer's there for all to see, but you have to have the will to hire and train enough people to step in where system solutions alone won't suffice. We have that will, and the good sense to know that applying a personal touch is frequently more effective than technology alone.

Perhaps that's why so many libraries are transferring their standing orders to Franklin Book Co., Inc. They understand that we understand standing orders. Does your vendor?
Essential Serials in Cellular & Molecular Life Sciences

Portland Press, the publishing subsidiary of the Biochemical Society, publishes papers from the Biochemical Journal, Biotechnology and Applied Biochemistry and Clinical Science online as Immediate Publications (IMPs) on the day they are accepted for publication in the journal.

The online archive for Portland Press journals is free to anyone with internet access providing an important and substantial free resource of information worldwide. The Biochemical Journal also offers free unrestricted access to IMPs. Access to the full edited version with added benefits is restricted to subscribers.

Portland Press online journals offer...

- **Open Access** to IMPs
- **Faster** publication
- **Free** archive
- Single and multi-site access – tailored packages to suit your needs
- Usage statistics on demand – COUNTER compliant
- Latest despatch dates

Serials Solutions delivers complete e-journal access solutions

Founded by a librarian, Serials Solutions introduced the first A-to-Z title list service for libraries. Now, we introduce you to E-Journal Access & Management Suite (E-Journal A.M.S.).

E-Journal A.M.S. includes all the customizable e-journal resources available through the traditional A-to-Z service, plus several new and upcoming features, such as E-Journal Portal and acquisition tools.

Like our other services, E-Journal A.M.S. empowers libraries of all types and sizes to realize the full value of their e-journals and aggregated databases.

Find specific titles. Browse titles by subject. View your entire collection.

Include your e-journals in your OPAC.

Full-featured OpenURL resolver. Links directly to articles.

For more information, please contact us at:

Never underestimate the importance of a librarian.

Okay, chances are you won't actually find a librarian at the North Pole. But librarians do play a vital role on any exploration team enabling research breakthroughs and real-time solutions. Whether you're choosing information for specific research communities or decision support for professionals, Elsevier offers access to a world of information that knows no boundaries. Select from a wide range of scientific, technical and health information available in multiple media including innovative electronic products like ScienceDirect® and MD Consult. After all, getting the right information into the right hands is critical to launching any successful experiment. Building Insights. Breaking Boundaries.™

The Art of Managing Everyday Conflict
Understanding Emotions and Power Struggles
By Erik A. Fisher and Steven W. Sharp
This book clarifies the roles of emotion in conflict, our perception of power, and how to reduce everyday conflicts in families, at work, and more.
2004 • 250 PAGES • 0-275-98184-3 • $19.95

Seeking the Compassionate Life
The Moral Crisis for Psychotherapy and Society
By Carl Goldberg with Virginia Crespo
Psychology, Religion, and Spirituality
"Rich with insights." —John R. Graham, University of New Mexico
Absorbing vignettes and situations illuminate questions of morality, an important subject neglected by most modern psychological investigations.
MAY 2004 • 180 PAGES • 0-275-98196-7 • $39.95

Aging with Attitude
Growing Older with Dignity and Vitality
By Robert Levine, M.D.
Levine explains the physiological realities of aging, describes how they are compounded by ageism, and helps readers retain health, dignity, and vitality through their later years.
MAY 2004 • 200 PAGES • 0-275-98173-8 • $19.95

The Therapeutic Relationship
Listening and Responding in a Multicultural World
By Ira David Welch
Developments in Clinical Psychology
This research-supported volume provides models of listening and responding, using an easy-to-understand approach.
2003 • 272 PAGES • 0-275-97626-2 • $63.95

A New Way to Communicate and Visualize Dynamics

SIAM Journal on Applied Dynamical Systems

Analysis · Animations · Experiments · Color Images

Editor-in-Chief: Martin Golubitsky, University of Houston

SIADS is not just another journal.

We've redefined what's part of the peer-reviewed article: The editors strongly encourage authors to incorporate color, animated visualizations, and internal linking. Papers without these enhancements are accepted as well. All papers are reviewed based on their research content.

SIADS is available freely over the Web for 2004! For links to published papers and instructions on how to submit, go to

www.siam.org/journals/siads/siads.htm

SUBSCRIBE NOW to the first journal to provide a comprehensive forum for multiscale research!

Multiscale Modeling & Simulation
A SIAM Interdisciplinary Journal

Editor-in-Chief
Thomas Y. Hou
California Institute of Technology

Papers bridge the gap in multiscale research between mathematics and various application disciplines, including biology, chemistry, engineering, environmental science, fluid dynamics, geophysics, information science, materials science, and physical science.

2004 list price for print with electronic access available at no extra charge:
$315 USA, Canada, and Mexico • $368 overseas
Electronic-only access: $299.25 (worldwide)

2004 SIAM individual member price for print with electronic access at no extra charge:
$67 USA, Canada, and Mexico • $71 overseas
Electronic-only access: $55 (worldwide)

ISSN 1540-3459 (print) / 1540-3467 (electronic)

MMS is available in an accelerated electronic edition as part of SIAM Journals Online (http://epubs.siam.org). The first four papers of each issue in volume one are available at no charge at http://epubs.siam.org/sam-bin/dbq/toclist/MMS. Access to the balance of the articles is limited to subscribers only.

A New Name and New Features for AIP's Online Platform

The American Institute of Physics has retooled—and has relaunched—its Web hosting service. Known since 1997 as Online Journal Publishing Service (OJPS), the new name is ScitationSM. Though the name has changed, AIP will support all current links for at least a year. We've greatly upgraded our capabilities and incorporated a number of powerful new features—including the ability to download citations within articles to popular citation managers in a variety of formats.

Exciting New Features for 2004

In addition to the many valuable features that users have come to expect, here are just a few of the enhancements planned for Scitation in 2004—all with the researcher in mind:

- **Citation Manager**… This feature will allow easy download of properly formatted reference citations of any article on Scitation.

- **Author Quick Search**… Author names throughout Scitation will be clickable, allowing researchers to execute a fast search for other articles by that author.

- **Fast Issue Search**… Every table of contents on Scitation will feature a link enabling a quick search of that issue.

- **E-mail Notification Management**… Users receiving table of contents alerts will be able to manage them right from their computers.

- **Stored Searches**… This helps researchers avoid re-keying the same long string of terms each time they wish to conduct the same search.

- **Article Extras**… Dynamic links will be available to other articles that may be of interest when following a specific thread of research at the abstract level.

Personalization Features Deliver Added Convenience for Your Patrons

With the release of Scitation, the user's ability to tailor the site to their own needs has greatly increased. To begin using the personalization features below, users need only register their name, e-mail address, and affiliation. Registration is required only for access to these services:

- **MyArticles**… Formerly Article Collection, MyArticles still allows users to collect groups of their favorite articles. Now they can do even more, including sharing article collections with colleagues and enjoying easier management of multiple collections.

- **MyPublications**… This feature will offer quick access to the journals subscribers need to access frequently. They can add journals to MyPublications and easily delete them when no longer needed.

- **MySubscriptions**… Here users will find a convenient list of all Scitation publications to which they have access through either personal or institutional subscriptions. It is automatically updated whenever new subscriptions are added or when subscriptions expire.

NOW that you've read about the new features Scitation has to offer, why not check them out on our Website? Visit www.scitation.org today.
DISCOUNT SUBSCRIPTION PACKAGES

Your library can subscribe to more journals for less money with ASME Discount subscriber Packages, especially with online-only packages.

With no discount, a library subscribing to the nineteen ASME Transactions Journals in print and online would pay $6,050 in the US and Canada or $6,705 for international service. With the Discount Subscription Package, the same library pays $4,538 in the US and Canada and $5,193 for international service.

With an online-only package, your company or institution pays $3,857 for online access no matter its location. In addition, you can purchase print subscriptions at a 20% discount.

PACKAGE 1
The 19 ASME Transactions Journals
US and Canada: $4,636
International Air Service: $5,193
Online Only: $3,857

PACKAGE 2
The 19 ASME Transactions Journals Plus Applied Mechanics Reviews
US and Canada: $4,935
International Air Service: $5,573
Online Only: $4,214

PACKAGE 3
The 19 ASME Transactions Journals Plus Applied Mechanics Reviews and the AMR Online Database
US and Canada: $5,329
International Air Service: $6,044
Online Only: $4,530

ASME Subscription Rates (Effective July 2004). Rates include shipping. Published quarterly unless noted.

America: History and Life and Historical Abstracts
The Essential Tools of History and Social Science Discovery

Now, with full-text links to over 118,000 articles and OpenURL compliance, the best tools for history and social science research are even sharper.

Enhanced Research Service
• Faster and easier retrieval of full-text articles from within your library's holdings with a single click
• Locate any source within your library's collections from Historical Abstracts and America: History and Life

Comprehensive Coverage
• Full-text linking to over 118,000 articles, provided by JSTOR, ProjectMUSE, and History Cooperative
• 1.2 million abstract and index entries
• Over 1,700 history and social science journals in 50 languages
• Journal coverage from 1955-present

Useful For Researching These Disciplines:
American History
Anthropology
Cultural Geography
History of Science, Business, Law, & Education
Political Science
Religious Studies
Sociological Studies
Women's and Gender Studies
World History

The premier bibliographic databases for history and social science research.

A PORTION OF THE PEOPLE

Three Hundred Years of Southern Jewish Life

Edited by Theodore Rosengarten and Dale Rosengarten
Preface by Eli N. Evans

"Theodore and Dale Rosengarten have lovingly and movingly compiled a masterpiece, a delight for both the mind and the eye."
—Philip Morgan, Johns Hopkins University

"Luminous essays complement an imaginative, well-rounded collection of historic paintings, precious family heirlooms, and unforgettable contemporary photographs. A superb job!"
—Jonathan D. Sarna, Brandeis University

"A magnificent volume ... In addition to topflight scholarship and inspired writing by historians, folklorists, and other contributors, the attention to detail in the conception, organization, and design of A Portion of the People makes it eminently appealing and accessible to a broad audience ... A remarkable documentary adventure!"
—Journal of Southern History

"A superb companion to a landmark exhibition, the extraordinarily well documented A Portion of the People is an engaging and insightful chronicle of Carolina Jewry. Celebrating the freedoms and opportunities offered to Jews, and their many achievements, the authors also squarely confront issues of slavery, subsequent race relations, and the challenging realities Jews faced as they sought acceptance in southern society."
—Grace Cohen Grossman, Skirball Cultural Center and Museum

Charleston Architecture: 1670–1860

By GENE WADDELL

This book is about how a consistently high standard of excellence was achieved in Charleston architecture in the eighteenth and nineteenth centuries. Regardless of what style Charleston's architects used—Greek or Roman, Gothic or Renaissance, Adamite or Greek Revival—they were in agreement about what constituted excellence.

Special emphasis is placed on the knowledge that was required to create Charleston's early architecture. An introduction discusses the writings and buildings of Andrea Palladio, Robert Adam, A. Welby Pugin, and other influential architects. Sources of inspiration for Charleston buildings have included specific buildings in Greece, Italy, England, France and Germany.

Whenever possible, primary sources of information were used to determine how various types of Charleston buildings were designed and constructed. A dozen of the city's best-documented buildings are considered in detail as a basis for comparison.

HOUSES: a list of all expenses to construct a row of five row houses from 1709–1711; a comprehensive set of building accounts for a double house designed in c. 1745; and a contract for a Charleston Single House designed in 1789.

RELIGIOUS BUILDINGS: accounts of the construction of two Anglican churches built from c. 1721–1723 and from 1792–1761; a Congregational church and a Baptist church designed by the first American architect; the first Reform synagogue in the United States; and Unitarian and Episcopal churches with Gothic fan vaulting.

PUBLIC BUILDINGS: architectural drawings for an exchange and custom house designed in 1766; complete records for constructing a state administrative building that set a new standard for construction and that introduced the Greek Revival style in Charleston; a federal custom house that was initially designed locally; and a municipal orphan house in the Italianate style. These buildings are compared with hundreds of others of similar types and styles to reveal what was most characteristic and most distinctive about Charleston architecture.

This book also contains a summary of information available before 1740, an analysis of buildings depicted in the 1740 view of the city, a survey of nearly three thousand surviving Single Houses, a review of the principal buildings that existed in 1826, a study of the origins of the Greek Revival style, a comparison of the influence of Jefferson and Latrobe on Mills, a discussion of how the Greek and Roman orders were adapted, and a section on the characteristics of Adamite architecture. Appendices include a list of all architecture books known to have been available in Charleston from 1791–1856, data on the number of houses that existed at various times from 1672–1861, and studies of building types such as rice mills and design features such as the piazza.

Over 600 illustrations are included of the best designed and most typical buildings in Charleston and the most influential sources of design. The illustrations consist of historic photographs, drawings, and views; numerous measured drawings and maps; and more than two hundred recently taken photographs.

One small step for man. One giant mishap for Barney Google.

On this historic day, newspapers were focused on the impending moon landing. They discussed the obstacles and—interestingly enough—were still weighing the probability of failure.
Welcome to a snapshot of history that puts the momentous in the context of the everyday. The ProQuest Historical Newspapers™ program offers easy online access to more than 150 years of newspaper content, fully digitized from cover to cover, including The New York Times, The Wall Street Journal, The Washington Post, The Christian Science Monitor, The Los Angeles Times, and The Chicago Tribune, giving you a breadth and depth of history previously unattainable.
