Three million titles later, Blackwell's still has the books and services librarians need.

For the past 125 years, we've made it our business to provide librarians with the titles their patrons want—whether it's Popular British Entomology or The World of Learning. We've grown along with our customers, adding state-of-the-art ordering and processing services to our unmatched title inventory.

Because we're staffed by librarians, we understand the challenges of librarians. Let our experienced team help you with all your print and electronic collection development and management needs.

The world's most outstanding cancer research

The American Association for Cancer Research—the organization dedicated to accelerating the prevention and cure of cancer—sets the standard for publishing high-quality, original cancer research.

Cancer Research
Cited more often than any other cancer journal with content covering the entire spectrum of cancer research

Clinical Cancer Research
A vital forum for clinical and translational cancer research

Molecular Cancer Research
A journal with innovative research focusing on the molecular and cellular biology of cancer

Cancer Epidemiology, Biomarkers & Prevention
The only journal that covers three diverse yet interrelated fields

Molecular Cancer Therapeutics
The only journal that brings together molecular targets for therapy and prevention, molecular and cellular cancer pharmacology, cancer chemistry and drug discovery, and more

Jobbers serving libraries with any book in print.
IEEE is VALUE.

Beth depends on IEEE publications to bring her organization the latest technology research.

Not only do IEEE publications provide Beth with over 1 million online documents— including top-cited journals, cutting-edge conferences and vital standards— they do it for a reasonable price.

Research shows that IEEE journals are just 58% of the average journal price in the field on a page-for-page basis. That’s why 81% of IEEE customers are satisfied or highly satisfied with the value of IEEE content. And why Beth has the reputation for spending her budget so wisely.

To Beth, IEEE is value. Discover what IEEE can be for you.

Why has Bernan been trusted by libraries for over 50 years?

- **Timely notification**
  Our free monthly electronic newsletter provides the latest information on new and forthcoming government publications. Register online at www.bernan.com, or call 800-865-3457.

- **Great customer service**
  Our knowledgeable, helpful, and courteous staff will work with you to make sure that your account and orders are set up to meet your library's specific needs.

- **Comprehensiveness**
  We distribute over 45,000 official publications from dozens of U.S. government agencies and intergovernmental organizations. Our extensive backlist helps fill gaps in your collection.

- **Convenience**
  Our Standing Order service ensures that you automatically receive new editions of individual titles or new volumes in a series as they are published.

- **We give you a choice**
  We publish print editions of essential U.S. government publications otherwise available from their issuing agencies only in electronic format.

To learn more about Bernan and to browse our online catalog of more than 45,000 titles, go to www.bernan.com, or visit us at the ALA Conference in Orlando!

“There are few, if any, who have contributed as many new and original ideas that became obvious truths, and often basic truths, for his contemporaries and for succeeding generations.”
– Karol Mysels on Irving Langmuir

Helping researchers keep current on new and original ideas in the chemical sciences is an essential part of our mission at the American Chemical Society. That’s why ACS Publications provides subscribers access to more than 125 years of the most read, most cited, and most requested journals in chemistry. And with that kind of access, anything is possible.

American Chemical Society Publications
High Quality. High Impact.
http://pubs.acs.org

Visit the ACS Journal Archives Timeline at http://pubs.acs.org/archives to gain free access to the article, “Forces Near the Surfaces of Molecules,” by Irving Langmuir.
Never underestimate the importance of a librarian.

Okay, chances are you won’t actually find a librarian in the operating room. But librarians do play a vital role on any surgical team enabling research breakthroughs and point-of-care solutions. Whether you’re choosing information for specific research communities or decision-support for professionals, Elsevier offers access to a world of information that knows no boundaries. Select from a wide range of scientific, technical and health information available in multiple media, including innovative electronic products like ScienceDirect® and MD Consult. After all, getting the right information into the right hands is critical to the success of any operation. Building Insights. Breaking Boundaries.

UNDERSTANDING

Standing Orders...

They're surly. They misbehave. They require LOTS of attention, which is why some vendors, like some libraries, find them so problematic. The biggest problems are overdue deliveries, missed volumes, and poor communication. Unfortunately, those are problems not easily solved with technology.

So why do other vendors rely so much on automated claiming messages to deal with overdue standing order deliveries? We send out email claims too, but recognize that when messages are ignored, they aren't going to be answered by sending out yet more claims. At an early point in the process, you have to put a person on the phone to get standing order problems resolved in a timely manner. It's costly, and labor intensive...and effective.

The answer's there for all to see, but you have to have the will to hire and train enough people to step in where system solutions alone won't suffice. We have that will, and the good sense to know that applying a personal touch is frequently more effective than technology alone.

Perhaps that's why so many libraries are transferring their standing orders to Franklin Book Co. Inc. They understand that we understand standing orders. Does your vendor?

Save More Than 35% with an Online Subscription Package to ASME Transactions Journals and Applied Mechanics Reviews!

Your library can receive online subscriptions to the complete 2005 volumes of the 19 ASME Transactions Journals and Applied Mechanics Reviews while paying less than 65% of the combined subscription rates of the individual journals.

Your engineers can access not only the current issues of the journals, but also back issues published since 2000.

In the United States, for example, a library pays $4,243, saving $2,412 of the combined rates of the journals. It can purchase print subscriptions to the individual journals at a 20% discount. Or, it can purchase a subscription package including both print and online editions of each journal for $4,990, a savings of $1,665.

**PRINT AND ONLINE & ONLINE ONLY PACKAGES**

**Package I: The 19 Transactions Journals**
- Print and Online (US and Canada) — $4,570
- Print and Online (International) — $5,225
- Online Only — $3,886

**Package II: The 19 Transactions Journals and Applied Mechanics Reviews**
- Print and Online (US and Canada) — $4,990
- Print and Online (International) — $5,706
- Online Only — $4,243

**ASME Transactions Journals:**
(Published quarterly unless indicated)
- Applied Mechanics*
- Biomechanical Engineering*
- Computing and Information Science in Engineering
- Dynamic Systems, Measurement and Control
- Electronic Packaging
- Energy Resources Technology
- Engineering for Gas Turbines and Power
- Engineering Materials and Technology
- Fluids Engineering*
- Fuel Cell Science and Engineering
- Heat Transfer**
- Manufacturing Science and Engineering
- Mechanical Design*
- Offshore Mechanics and Arctic Engineering
- Pressure Vessel Technology

License the World’s Most Important Collection of Physical Science Journals

Highly cited.
Highly respected.
Highly relevant.

Visit us at SLA—Booth 742!

If it’s your job to provide online journal access to researchers in different departments, different cities—even different countries—AIP can help. We offer consortia, corporate, and multisite licenses for more than 100 journals from many of the world’s most respected scientific publishers. Now you can streamline your efforts by acquiring these titles through a single multi-publisher license.

You are not required, however, to take a “package.” You can license the whole collection, select by publisher, or pick individual titles—you decide the best selection for your users.

Many of the journals in our collection are among the most highly cited in their field, bringing users the most authoritative coverage in disciplines ranging from physics and geophysics to mechanical and civil engineering to mathematical, nuclear, condensed matter physics, and more.

107 Journals, 15 Publishers...1 License
Get access to journals from the following prestigious scientific and engineering societies:

- Acoustical Society of America
- American Association of Physicians in Medicine
- American Association of Physics Teachers
- American Institute of Physics
- American Physical Society
- American Society of Civil Engineers
- ASME International
- AVS—The Science & Technology Society
- The Electrochemical Society
- International Centre for Diffraction Data
- Laser Institute of America
- MAIK Nauka/Interperiodica
- Optical Society of America
- Society of Exploration Geophysicists
- The Society of Rheology

Now deliver more quality content to more users with less effort—up to 107 journals with one license!

To learn more, e-mail mdrago@aip.org.
Serials Solutions delivers complete e-journal access solutions

Founded by a librarian, Serials Solutions introduced the first A-to-Z title list service for libraries. Now, we introduce you to E-Journal Access & Management Suite (E-Journal A.M.S.).

E-Journal A.M.S. includes all the customizable e-journal resources available through the traditional A-to-Z service, plus several new and upcoming features, such as E-Journal Portal and acquisition tools.

Like our other services, E-Journal A.M.S. empowers libraries of all types and sizes to realize the full value of their e-journals and aggregated databases.

Find specific titles. Browse titles by subject. View your entire collection.

Include your e-journals in your OPAC.

Full-featured OpenURL resolver. Links directly to articles.

For more information, please contact us at:
