Why I Subscribe to ACS Publications

"ACS Publications provide high quality research...the journals are widely read, respected & cited."

—William W. Armstrong
Chemistry Librarian, Middleton Library
Louisiana State University

Most Trusted. Most Cited. Most Read.
YBP Library Services

Innovation Delivered

Since 1971, YBP has been the global leader in meeting — and exceeding — the acquisition, collection development and technical service needs of research and scholarly libraries and their consortia. Our dedicated employees are committed to providing your institution with the service needed to best serve your patrons.

Integrated Digital and Print Services:
- Demand-driven acquisition plans
- Digital and print firm orders
- Integrated digital and print English-language approval plans

More Services:
- Award plan programs
- Cataloging and physical processing
- Opening day and retrospective collection
- Out-of-print
- Title selection lists through Academia and Doody’s Core Titles™

For more information, please call 800-258-3774 or email sales@ybp.com

YBP celebrates 40 years

BAKER & TAYLOR
YBP Library Services
the future delivered
Customers may opt to receive the 5% rebate as a check made out to their institution in any of the following currencies: USD, GBP, EUR, ZAR, NZD, AUD, or CAD. If a rebate check is preferred, your request must be submitted to EBSCO by June 30, 2012.

Stretch your library budget even further by purchasing your eBooks through EBSCO Publishing and earn 5% back toward future purchases.

Simply make any eBook purchases between September 1, 2011 and March 31, 2012 and earn 5% back toward any future EBSCO Publishing eBook purchases or database subscriptions (not valid on shared collection purchases or orders placed through agents or distributors).* EBSCO will inform you of the exact amount of your rebate for the six-month promotional period by April 30, 2012. All rebates must be redeemed by June 30, 2012.

*Customers may opt to receive the 5% rebate as a check made out to their institution in any of the following currencies: USD, GBP, EUR, ZAR, NZD, AUD, or CAD. If a rebate check is preferred, your request must be submitted to EBSCO by June 30, 2012.

For more information, please contact your EBSCO Publishing representative at request@ebscohost.com or (800) 653-2726.

Enhance Your Library’s Holdings
on Information Technology, Business, Education, and Medicine with:

**Topic Collections**

Each exciting new collection is **RELEASED MONTHLY**
with as many as 20 titles on emerging topics in information
technology, business, education, and medicine.

**PRICED AT A FRACTION OF THEIR VALUE,**
these collections are available in PRINT, E-BOOK*,
or PRINT/E-BOOK* combination packages to
meet your library’s individual needs.

*E-book access is available on a perpetual basis and includes all features of
IGI Global’s advanced platform. To learn more about IGI Global’s platform,
visit www.igi-global.com/eresources.

**Available Topic Collections from IGI Global**

- Technology in Healthcare Collection
- Online Social Behavior Collection
- Adult Learning Technologies Collection
- Online Tourism & Digital Economies Collection
- Semantic Web & Web Services Collection
- Business Intelligence Collection
- Information Warfare & Homeland Security Collection
- Mobile & Wireless Networking Collection
- Nursing & Clinical Technologies Collection
- Green Technologies Collection
- Gaming Technologies Collection
- Library Information Science Collection

The MLA Supports Your Teaching and Scholarship

In 2012, the MLA Annual Convention will be held in Seattle from 5–8 January. We hope you will join us to attend sessions, browse in the exhibit hall, meet and dine with friends and colleagues, and explore Seattle.

Visit www.mla.org and you can

- research career and job market information
- scan reports and surveys issued by the MLA on job market issues, enrollments, evaluating scholarship, and the state of scholarly publishing
- learn about the MLA’s public outreach activities, including the popular MLA Language Map
- download the Academic Workforce Advocacy Kit, a tool for helping improve conditions for students and teachers
- read FAQs about MLA style

These are some of the activities you support when you become an MLA member. Graduate students may join for $20 per year for a maximum of seven years.

MLA Member Benefits

The MLA offers members a wide array of benefits, including

- subscriptions to PMLA, the MLA Newsletter, and Profession
- online access to the Job Information List for ADE and ADFL member departments
- priority convention registration
- access to searchable lists of members and departmental administrators

Visit www.mla.org/membership for a full list of MLA member benefits.

Three easy ways to join

- Visit www.mla.org.
- E-mail membership@mla.org to request a membership packet.
- Call 646 576-5151.

The MLA Annual Convention
5–8 January 2012 in Seattle

featuring a special focus on Language, Literature, and Learning

The largest gathering of teachers and scholars in the humanities now meets in January. Other changes include

- new features, including more roundtables and workshops
- more collaboration and discussion
- more free time in the evenings
- special presentations featuring renowned thinkers, artists, and critics in conversation
- local excursions for registrants
- regular Twitter updates during the convention

Follow the MLA Annual Convention on Twitter www.twitter.com/mlaconvention

646 576-5161 Fax 646 576-5160 www.mla.org
PISA: Against the Odds: Disadvantaged Students Who Succeed in School

9789264089952 | July 2011 | 198 pp

PISA, the OECD’s Program for International Student Assessment, focuses on young people’s ability to use their knowledge and skills to meet real-life challenges. Many socio-economically disadvantaged students excel in PISA. Students who succeed at school despite a disadvantaged background – resilient students – are the focus of Against the Odds. The report shows that overcoming barriers to achievement is possible, and provides students, parents, policy makers and other education stakeholder’s insights into what enables socio-economically disadvantaged students to fulfil their potential. Resilient students are characterized by positive approaches to learning, for example, having more interest in science or having more self-confidence. The evidence in PISA shows that positive approaches to learning tend to boost the performance of advantaged students more than that of disadvantaged ones. From an equity perspective, therefore, policies aimed at fostering positive approaches to learning ought to target disadvantaged students more than others.

The Space Economy at a Glance 2011

9789264084643 | July 2011 | 123 pp

Weather forecasting, air traffic control, global communications and broadcasting, disaster management – these and many other key activities would be almost unthinkable today without satellite technology. This book assembles information on the space economy from a wide range of official and non-official sources. Together these paint a richly detailed picture of the space industry, its downstream services activities, and its wider economic and social impacts. Who are the main space-faring nations? How large are revenues and how much employment is there in the sector? How much R&D goes on, and where? What is the value of spin-offs from space spending? Answers to these and other questions are provided in this second OECD statistical overview of the emerging space economy. A dynamic link (StatLink) is provided for graphs, which directs the user to a web page where the corresponding data are available in Excel® format.

Now available to subscribers at: www.oecd-ilibrary.org
Cold Spring Harbor Perspectives in Biology

A new type of online review journal

- Spanning the complete spectrum of the molecular life sciences
- Article collections that build month by month
- Written and commissioned by experts in each field

The Authoritative View
Expert reviews in the molecular life sciences.

Facebook.com/SwetsAmericas  www.Swets.com  Twitter.com/Swets_Americas
AIP has created three information-packed online archives, each of which for a one-time payment gives you permanent access to a broad range of AIP content dating back to our first journal issues in 1930. Together, these backfiles will provide your patrons with more than 300,000 papers from AIP journals and conference proceedings, and more than 55 years of fascinating features from AIP’s flagship magazine, Physics Today.

AIP Digital Archive
The AIP Digital Archive provides permanent access to the complete backfiles—more than 250,000 articles—of AIP’s eight wholly owned journals for the years 1930 to 1998. The archive contains groundbreaking research going back to Vol. 1, No. 1 for:

AIP Digital Archive Supplement
To complement the AIP Digital Archive, we’ve now created the AIP Digital Archive Supplement. When added to the AIP Digital Archive, the Supplement will complete your collection of AIP backfile content. The Supplement offers permanent access to more than 50,000 additional articles from:

Physics Today Digital Archive
Physics Today has covered world-changing events from the discovery of the transistor to the prospects for renewable energy in 21st century. Now AIP has created the Physics Today Digital Archive, containing seminal articles and probing features going back to the first issue in 1948. The new archive gives you access to all content older than five years, and each year we will add another year of content—at no charge to current Physics Today subscribers.

For more information and pricing, contact mdrago@aip.org, or call +1 516-576-2483.
Exciting changes are here!

SLACKJournals.com will provide subscribers with a more comprehensive and efficient user experience. With our new website design comes all of the same great content and material, plus exciting new features such as the top searched journal articles, greater search capabilities, and online bonus material.

At SLACKJournals.com visitors will be able to:
- Experience greater search-ability across all eleven Journals
- Review the most popular articles for each Journal
- Read a sample issue of each Journal
- Register for e-alerts of the articles in upcoming issues
- Recommend articles of interest to librarians, colleagues, and friends

Additionally, SLACKJournals.com subscribers will be able to exclusively:
- Access full text articles
- Access online advanced release articles before they appear in print
- Access online only and bonus material for selected Journals
- Access archived articles for select previous years

Until We Meet In Charleston...

We’re Momentum Press and We’re Announcing Our First Digital Library of 31 Engineering Ebooks in Science, Engineering, and Applied Technology.

Our books take the interdisciplinary approach — books that travel well between many subject areas such as electronics, materials, civil, and mechanical engineering.

Our Digital Library Provides Students and Librarians With...

→ Unlimited simultaneous use
→ Downloadable PDFs from the ebrary platform
→ Unrestricted access (no DRM, plug-ins or passwords)
→ MARC records available
→ DOIs or all highly-referenced new titles
→ Archived on CLOCKSS
→ Available via SERU -- no licenses to negotiate

The 2011 Digital Library with 31 books is priced at just $4,600.

Come See Us in Charleston in November 2011!

Science Translational Medicine

The peer-reviewed research journal’s mission is to “integrate medicine and science.”

A current series of Commentaries on innovations in biomedical research explores ways to resuscitate new ideas and redefine the roles of public and private institutions.

ScienceTranslationalMedicine.org

Science Signaling

The journal ranked in the top 25% of high impact journals in the field of Cell Biology.

As one of the leaders in cellular signaling, Science Signaling publishes molecular biological research that is extremely relevant to the field of biomedical research.

Science Mobile App

Now available for your iPhone, iPod touch, and Android phones.

Read abstracts from Science, Science Translational Medicine, and Science Signaling, and more.

To download the free app, scan one of the barcodes with your mobile device.

ScienceOnline.org
InfoSci®-Journals is a **FULL-TEXT** collection of 130+ peer-reviewed journals that focus on specialized topics in over 200 disciplines relating to information technology, business, education, medicine, and engineering.

Offering institutions unlimited simultaneous access and **LIBERAL DRM**, InfoSci®-Journals is the ultimate research database priced at the cost of just a few single-title subscriptions.

“It presents a manageable number of highly relevant sources on topics of interest to a wide range of researchers. The sources are scholarly, but also accessible to practitioners.”

- Lisa Stimatz,
  MLS, University of North Carolina at Chapel Hill, USA

HANDBOOK OF
PORPHYRIN SCIENCE
With Applications to Chemistry, Physics, Materials Science, Engineering, Biology and Medicine

edited by
Karl M Kadish (University of Houston, USA)
Kevin M Smith (Louisiana State University, USA)
Roger Guilard (Université de Bourgogne, France)

“Vivid testimony to the continuing broad interest and deep impact of the chemistry of these Pigments of Life.”

Jean-Marie Lehn Nobel Laureate, Chemistry, College de France, France

“Everyone interested in the biological and chemical properties of porphyrins and related macrocycles will want to own the Handbook. The editors have done a terrific job in linking together the volumes in this very valuable resource for investigators in the chemical and biological sciences.”

Harry B Gray Wolf Laureate, Chemistry, California Institute of Technology, USA

This Handbook will prove to be a modern authoritative treatise on the subject as it is a collection of up-to-date works by world-renowned experts in the field. Complete with hundreds of figures, tables and structural formulas, and thousands of literature citations, all researchers and graduate students in this field will find the Handbook of Porphyrin Science an essential, major reference source for many years to come.

Materials and Energy
HANDBOOK OF INSTRUMENTATION
AND TECHNIQUES FOR
SEMICONDUCTOR NANOSTRUCTURE
CHARACTERIZATION
(In 2 Volumes)
edited by Richard Haight, Frances M Ross &
James B Hannon
(IBM TJ Watson Research Center, USA),
With Foreword by Leonard C Feldman
(Director Institute for Advanced Materials, Devices and
Nanotechnology, Rutgers University, USA)

Highlights
• First comprehensive handbook on instrumentation and techniques for semiconductor nanostructure characterization
• More than 900 references providing up-to-date information
• With over 260 illustrations
• Authors are prominent researchers in the field of nanoscience
• Captures the most up-to-date and recent advances in the fields of nanoscience and nanotechnology
• Thorough coverage of key techniques and instrumentation with numerous visually striking pictures
• Provides the opportunity for WSP to host videos and supplemental multimedia resources on its website which will set this handbook apart from older works

If you were designing an ebook publishing program, would you:

✓ publish concise, practical books for an under-served audience;
✓ offer unlimited concurrent use, downloading, and printing;
✓ allow professors to upload content to course management systems;
✓ utilize a one-time payment/perpetual access model;
✓ provide MARC records at no charge;
✓ generate COUNTER-compliant usage statistics; and
✓ use SERU instead of a complex license?

Then you just designed Business Expert Press, a new publishing company developed with the input of librarians and business professors. We provide curriculum-based content for the baccalaureate and masters candidate who wants -- needs -- books written by experts who translate real-world business experience into teaching tools.

Please visit with us at the 2011 Charleston Conference!

Annual Reviews intelligently synthesizes critical literature in the Biomedical, Life, Physical, and Social Sciences, including Economics. Our editors and authors are premier contributors to their fields. Your patrons can rely on Annual Reviews to assess the available research and deliver the ideas that matter, to cut out the noise, and to meet their research needs efficiently and in a timely manner.

ANNUAL REVIEWS NOW AVAILABLE ON MOBILE DEVICES!
The Annual Reviews mobile site is the gateway to highly cited research on the go, and provides a personalized browsing, searching, and reading experience optimized for mobile use.

Users can now browse, search, and read full-text content anytime, anywhere on the Annual Reviews mobile site from popular mobile devices. Visit www.annualreviews.org from a mobile device to:

- browse journals and articles
- search journals by keyword, author or title
- view abstracts
- read full-text articles (personal or institutional subscription required)
- read forthcoming articles (personal or institutional subscription required)
- view and search references and related links

Hard-to-Obtain Books?
Midwest Library Service
Won’t Take “No” For An Answer

Publisher buyouts, takeovers, mergers, and distribution changes all have contributed to an industry-wide dysfunction affecting book order fulfillment. Inadequate fulfillment is especially felt by the librarians who bear ultimate responsibility for meeting patron demand.

At Midwest, we realize that accurate and timely order fulfillment is the benchmark service by which vendors (and librarians) are judged. We do not accept an out-of-print or out-of-stock notice from a US publisher as final proof that the book is not available, having found that inventory is often available in the UK and elsewhere.

By taking the time and effort to research these titles, Midwest has a superior level of success in supplying them. Some trade jobbers will often simply relay the publisher’s report and cancel such titles.

We do not accept publishers’ OP, NOP, and TOS reports without further research to determine their validity. Our research specialists are dedicated to locating hard-to-obtain titles.

By diligent research we are able to locate many book orders that would otherwise be lost due to publishers’ bad reports, inadequate research, or database dead-ends. Our researchers take over the hunt for titles where computers leave off. We will not cancel an order until we determine that a book is truly unavailable.

Contact Midwest and watch your fulfillment level and patron satisfaction improve!
