What is Indiana LTAP?

Indiana Local Technical Assistance Program (LTAP) was established by the Federal Highway Administration (FHWA). The purpose of the LTAP program is to translate the latest, state-of-the-art road, highway, and bridge technologies into systems usable by local highway agencies. LTAP is funded by FHWA, the local agency distribution of the Motor Vehicle Highway Account, and Purdue University. This directory is published annually by the Indiana LTAP office at Purdue University.

Vision Statement

The vision of the Local Technical Assistance Program is to be known and respected throughout the State of Indiana as the primary resource for training, technical assistance, and technology transfer for government and industry officials with local transportation related responsibilities, and to be known throughout the LTAP community as an innovative, aggressive, and productive participant.

Mission Statement

The mission of the Indiana Local Technical Assistance Program is to foster a safe, efficient, environmentally sound transportation system by improving the skills and knowledge of local transportation providers through training, technical assistance, and technology transfer.

Indiana LTAP Directory

Do You Have the App?

This directory is available as an app for iPhone and Android devices. The app contains all the local government contact information found in the print directory, and is updated regularly to match the most current information in our database.

The app is available—free of charge!—for download at both the iPhone App Store and Google Play.

Additional features include:

- **Automatic Updates.** No need to revisit app stores to download updates. Any new information will load to the app whenever your device is connected to Wi-Fi.

- **Location Expansion.** This GPS-based feature will bring up all the contacts for any Indiana county you find yourself in.

- **Search Capability.** Know the name of who you need to speak with, but can’t remember the affiliation? Look them up in the search bar!

- **Functional Contact Information.**
  - Tap on phone number to begin dialing
  - Tap on email to compose a new message
  - Tap on address to locate via Google Maps
