# INDIANA LTAP

---

*Indiana Local Technical Assistance Program (LTAP) was established by the Federal Highway Administration (FHWA). The purpose of the LTAP program is to translate the latest, state-of-the-art road, highway and bridge technologies into systems usable by local highway agencies.*

*LTAP is funded by FHWA, the local agency distribution of the Motor Vehicle Highway Account and Purdue University.*

*This directory is published annually by the Indiana LTAP office at Purdue University.*

---

## VISION STATEMENT

---

*The vision of the Indiana Local Technical Assistance Program is to be known and respected throughout the State of Indiana as the primary resource for training, technical assistance, and technology transfer for government and industry officials with local transportation related responsibilities, and to be known throughout the LTAP community as an innovative, aggressive, and productive participant.*

---

## MISSION STATEMENT

---

*The mission of the Indiana Local Technical Assistance Program is to foster a safe, efficient, environmentally sound transportation system by improving the skills and knowledge of local transportation providers through training, technical assistance, and technology transfer.*
