Academic IT Solutions @ Yale University: (12:05) Can I write in "goals" as our answer to poll 3?

VeronicaDiaz: (12:09) http://www.educause.edu/eli/events/eli-annual-meeting

GregoryDobbin: (12:11) Does the tool provide guidance (implicit or otherwise) about steps to take to increase readiness?

University of Mary Hardin-Baylor: (12:11) Will you define learning analytics? How do you distinguish it from the analytics provided by our LMS?

Daniel Haynes @ Georgia Gwinnett College: (12:11) building stakeholders on campus is the main obstacle to getting something done at our campus

GregoryDobbin: (12:13) Is teaching students about learning analytics (what it means, how they might use it) part of the tool's conception of readiness?

VeronicaDiaz: (12:13) do you have any best practice recommendations or examples of what institutions can do based on the scores that the tool yields?

Matthew Pistilli @ Purdue University: (12:13) @Gregory Dobbins - that's the goal - to have the tool provide feedback based on the responses received from an institution as to what they might do to increase their likelihood of success
