Shefali,

You have my permission to use these figures.

Regards,
Robert

Subject: Permission to use images in thesis

Hello Robert,

I am a graduate student from Purdue University, US. For my thesis, I am working on studying the interoperability across 3 BPMN compliant tools.

I am writing this email to seek permission to use the attached figures in my thesis. This is required as per university standards before publishing the thesis. I have appropriately cited the figures however it would still be required for me to seek permission before I can use the figures.

I have taken the figures from the following source on the xpdl website:

It would be great if you could help me with this.

Awaiting your response.

Thank you,
Shefali
