JOURNAL JUMBLE

by *Jerry Seay* (Library School Guru)
and **Patricia Seay** (the Guru's guru)

This is the second of this new feature, all of you out there, by our illustrious library school student (see page 10). With each issue, he'll try to do a puzzle featuring a particular journal. Discover the answer by filling in the blanks and then unscrambling the circled letters to form the name of a journal. We even gave you a few letters.

CLUES:

- 1)

t	a	b	l	e	c	l	a	t	e
---	---	---	---	---	---	---	---	---	---

 = a covering for a table
- 2)

s	a	d	a	n	d	l	o	n	e
---	---	---	---	---	---	---	---	---	---

 = sad and lonely
- 3)

t	h	a	n	k	s	s	i	v	i	n	g
---	---	---	---	---	---	---	---	---	---	---	---

 = a November holiday
- 4)

p	a	z	z	l	e
---	---	---	---	---	---

 = what you are working on now
- 5)

p	h	y	s	i	c	s
---	---	---	---	---	---	---

 = a scientific discipline
- 6)

s	e	r	i	a	l	s
---	---	---	---	---	---	---

 = magazines and journals
- 7)

t	h	e	o	r	y
---	---	---	---	---	---

 = hypothesis

Put the circled letters in the space below and then unscramble them to make the journal title.

Answers to Games

Hey, remember *Against the Grain* #3#3 had two games in it. The first game related to "the first approval plan" and I asked if anyone could guess the date and/or the book that the item had appeared in. I even offered a free two-year subscription to *ATG* (what more could you ask for, right?)! Celia Wagner (B/NA) sent the item in to me and she guessed the year of the publication on the button (pretty impressive if you ask me). Well, Celia didn't tell your Editor the answer because B/NA is using the same item in an internal contest of their own. But, not to be daunted, I sent the item to our resident historian, Lyman Newlin. Well, needless to say, Lyman has been on the phone to all kinds of people that he knows and knew way back when trying to track down the year and the publication. But no dice. So, the plot thickens. Can ANYONE figure this out?

SEE PAGE 42

Can you figure out the date of this announcement in a book sent courtesy of Celia Wagner? If you can figure out the name of the publication and the date, we'll give you a two year subscription to ATG.

BANKING BY MAIL WITH THIS

4 PER CENT INTEREST	THIRTY MILLION DOLLAR BANK	CAPITA \$2,500,000.00
\$9,000 DEPOSITORS		SURPLUS \$2,500,000.00

Can you find a better investment than this?

Banking by Mail is one of the modern methods of the banking business, and the success of the movement is beyond question. 4 Per Cent interest, compounded semi-annually, is not a new departure in Cleveland, but is the prevailing rate paid on savings accounts by all savings banks, and, what is more, has been so for upwards of sixty-five years.

The Cleveland Trust Company has fifty-nine thousand individual depositors, and with its thirty million dollars resources is an absolutely safe place for your savings, offering you a better investment than government bonds, for the reason that it is not only perfectly safe, but pays on small amounts as well as large.

4 Per Cent Compound Interest has earned more millions than speculation. A savings account with this bank is a better investment even than high-grade stocks or bonds, because it earns as much as those carrying the same margin of safety, and the value of the principal does not fluctuate, but is always worth 100 cents on the dollar. Then, too, your funds are available at all times.

Money deposited in a savings account at a distance from home is not so liable to be drawn on for incidental expenses and luxuries as it would be if one had but to go around the corner to get it. Many people who have hitherto failed in their attempt to save money find they can save successfully by depositing in another city. The privacy of one's bank account is much more complete when kept in another city, where one's family and friends know nothing about it, and have absolutely no means of finding out unless the depositor so desires.

By depositing in the Cleveland Trust Company you have the satisfaction of dealing with one of the largest and strongest savings banks in the United States. You get four per cent interest on savings deposits of One dollar or more, compounded semi-annually, and the safety of your money is guaranteed by Capital and Surplus of five million dollars.

We would be pleased to send you our free booklet "P" explaining our system of banking by mail.
