

Proceedings of the 68th Annual Road School

**Held at
Purdue University, March 9-11, 1982**

**Edited by
D.G. Shurig, Associate Professor
of Highway Engineering**

**Road School Cochairman
H.L. Michael – Head, School
of Civil Engineering
Director, Joint Highway Research Project**

**W.H. Goetz – Assistant Head
School of Civil Engineering
Director, Highway Extension and
Research Project for Indiana Counties**

**Purdue University
West Lafayette, Indiana**

CONTENTS

PREFACE	1
TRAFFIC CONTROL FOR LOW-VOLUME RURAL (LVR) ROADS	
Bob L. Smith Professor of Civil Engineering Kansas State University Manhattan, Kansas	11
FINANCING ROADS AND STREETS IN CANADA — IDEAS FOR THE US	
Leo Laviolette Vice President Hamilton Automobile Club Hamilton, Ontario, Canada	31
ROAD REVENUE SOURCES FOR STATE AND LOCAL GOVERNMENT	
Art Graham Indiana Highways for Survival, Inc. Indianapolis, Indiana	40
IMPLEMENTATION OF RESEARCH	
Robert Betsold Director Office of Development Federal Highway Administration Washington, D.C.	46
IS UTOPIA AROUND THE CORNER?	
Gene K. Hallock Director Indiana Department of Highways Indianapolis, Indiana	53
ENHANCING HIGHWAY SAFETY THROUGH ENGINEERING MANAGEMENT	
Harold L. Michael Head, School of Civil Engineering Purdue University	59

THE MOBILITY ENTERPRISE—IMPROVING AUTO PRODUCTIVITY
 F. T. Sparrow, Director
 Jon D. Fricker
 Robert K. Whitford
 Research Engineers
 Automotive Transportation Center
 Purdue University 69

MOTIVATING PERSONNEL—TECHNIQUES TO SECURE THE BEST RESULTS
 Lee Tom Perry
 Assistant Professor of Organizational Behavior
 School of Management
 Purdue University 80

CONSTRUCTION OF A RECYCLED BITUMINOUS PAVEMENT USING FOAMED ASPHALT
 Adriaan van Wyk, Graduate Instructor in Research
 L. E. Wood, Professor of Civil Engineering
 Purdue University 87

U.S. 40, INDIANA'S FIRST HOT MIX RECYCLE PROJECT
 Arthur M. Rucker
 Bituminous Engineer
 Division of Materials & Research
 Indiana Department of Highways 110

COLD RECYCLING
 K. J. Kercher, P.E.
 Research Engineer
 Research and Training Center
 Indiana Department of Highways 116

NATIONAL SIGNAL TIMING OPTIMIZATION PROJECT
 Ed Ratulowski
 Safety and Traffic Operations Engineer Coordinator
 Indiana Division
 Federal Highway Administration 124

SIGNAL TIMED BASED ON TRANSYT-7F
 Steven W. Davis, P.E.
 Assistant Traffic Engineer
 City of Fort Wayne, Indiana 131

IMPROVED MANUAL METHODS OF COORDINATED SIGNAL TIMING Robert M. Shanteau Research Associate Joint Highway Research Project Purdue University	134
CONCEPTUAL APPROACH TO SIGNING PRINCIPLES IN THE 1982 MANUAL Richard Larkin Engineer of Sign Design Indiana Department of Highways	143
TRAFFIC SIGNAL WARRANTS IN THE 1982 INDIANA MANUAL Larry Rust Engineer of Traffic Investigation Indiana Department of Highways	145
CONTRACT TRAFFIC SIGNAL MAINTENANCE Chip Lang, Sr. James H. Drew Corporation	148
THE USE OF A WORD PROCESSOR (MINI-COMPUTER) FOR TRAFFIC RECORD KEEPING AND REPORTING Donald W. Waterman Special Projects Manager Indianapolis DOT	150
HOW TO LEGALLY ESTABLISH ABSOLUTE SPEED LIMIT ZONES Donald P. Sheline Traffic Supervisor Elkhart County, Indiana	156
