Extension Series**

# Purdue University

Purdue University is one of the 68 land-grant colleges and universities that owe their origin to the Land-Grant Act of 1852, otherwise known as the Morrill Act. Three years after the act's passage, the General Assembly of Indiana voted to begin preliminary plans for a school devoted primarily to the agricultural and mechanical arts.

In 1869, the Assembly voted to accept a gift of land and money from John Purdue and other generous Lafayette citizens, and, in appreciation, declared the name of the new institution to be Purdue University. The University is assisted by state appropriations, with support by federal grants and corporate and individual contributions.

Actual instruction began in 1874 with 39 students and a faculty of six. Today, Purdue University enrolls more than 65,000 students at the following locations:

West Lafayette

Calumet (Hammond)

Indiana University-Purdue University Fort Wayne

Indiana University-Purdue University Indianapolis

North Central (Westville)

plus 11 School of Technology statewide delivery system locations

Instruction is organized through the schools of Agriculture; Consumer and Family Sciences; Education; Engineering; Liberal Arts; Management; Pharmacy, Nursing, and Health Sciences; Science; Technology; and Veterinary Medicine; and through the Graduate School. Engineering Schools and Departments are as follows:

## Engineering Schools

Aeronautics and Astronautics

Chemical

Civil

Electrical and Computer

Industrial

Materials

Mechanical

Nuclear Engineering

## Departments

Agricultural and Biological Engineering

Construction Engineering and Management

Freshman Engineering

Division of Interdisciplinary Engineering Studies

Extensive research programs are maintained by nearly all academic areas of the University. The Cooperative Extensive Service, through the county agents, services the entire state. A variety of courses are offered through the conferences program and continuing education services sponsored by the University.

**Preprint of the  
84th Annual Road School**

Held at  
Purdue University, March 24-25, 1998

**ROAD SCHOOL CO-CHAIRMEN**

**Charles F. Scholer**, Professor  
School of Civil Engineering  
Director, Highway Extension and Research Project  
for Indiana Counties and Cities

and

**Kumares C. Sinha**, Professor  
School of Civil Engineering  
Associate Director, Joint Transportation  
Research Program

Edited by  
**Linda M. McCormack**, Editor/Resource Specialist  
Highway Extension and Research Project  
for Indiana Counties and Cities

**Purdue University  
West Lafayette, Indiana**
