

What is SiteManager?

- SiteManager - A totally new AASHTO construction management system for INDOT.
- Joint development with 18 states & FHWA.
- Manages post-award construction projects including field office records, materials testing, change orders, and progress payments.
- All users tied together electronically through LAN's, WAN's, and Modems.
- Information available "real time".

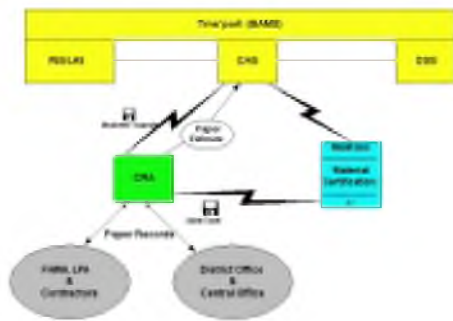

SiteManager Impact on INDOT

- Will replace the Tms*port (BAMS) Construction Administration System (CAS)
- Will replace the Construction Records Application (CRA)
- Will replace portions of Materials Certification System
- Creates near paperless record system

- Lynette Gorczyca SY Project Engineer
- Deb Hood CR Project Supervisor
- Sheri Meyerhoff VN Project Engineer

SiteManager

Implementation Team (cont'd)

- David Armstrong FW Certified Tech
- John Reeves GN Certified Tech
- Glenn Turner VN Final Records
- Charlie Cooper FW Final Records
- J. R. Connors GN Test Lab Supervisor
- Steve Fisher FW Test Lab Tech
- John Ashton SY District Computer
- Tony DeSimone FHWA Field Engineer

SiteManager

Implementation Team

(former members)

- John Bellinger MT Mat Services Engr
Retired
- John Leckie FW Materials Engr
transferred to Development Engr

SiteManager

Current Status

- Setting up infrastructure
- Loaded reference code tables
- Loaded and exercised sample contract
- Learning the system and determining fixes
- Testing and determining installation options
- Started 3 pilot contracts (less materials)

SiteManager

Current Status (Cont'd)

- Identifying and redefining materials data
- Identifying and modifying business practices
- Starting User/Training Manual compilation

SiteManager

Pilot Contracts

- T-24627 - Traffic signals in Frankfort
Crawfordsville District
Deb Hood - Project Mgr
 - 6 projects (PCN/DES)
 - Daily Work Reports and Diaries created
 - 5 Change Orders
 - 6 Progress Payments
 - Nearing completion

SiteManager

Pilot Contracts

- M-25006 - Pipe replacement on US 31 in Greenwood - Seymour District
Lynette Corczyca - PE
 - 1 project (PCN/DES)
 - Daily Work Reports & Diaries created
 - No Change Orders
 - 1 Progress Payment
 - Nearing completion

Pilot Contracts
