- Engage community leaders
- Provide interpretation and clarification through networking opportunities
- Share training opportunities, grant and funding resources, and conference information

# OUR RESPONSIBILITIES AND DUTIES

This association acts as a conduit between all current and future entities that address the ADA, Title VI, and related issues.

Due to our relationship with AIM (Accelerate Indiana Municipalities), AIC (Association of Indiana Counties), and INDOT (Indiana Department of Transportation), we are able to maintain a database to facilitate communication with and for Local Public Agencies (government entities).

We value and acknowledge that our relationships with AIM, AIC, and INDOT are an integral part of our outreach and mission and we will maintain affiliate status with AIM & AIC, and continue to foster our partnership with INDOT.

Membership dues afford us the opportunity to provide training opportunities and provide list-serve capabilities, and valuable networking resources.
