OECD Factbook 2012: Economic, Environmental and Social Statistics

December 2011 | 978-92-64-11150-9 | 300 pages

Focus chapter — the 50 years of OECD

OECD Factbook 2012 is the OECD's comprehensive and dynamic statistical annual. More than 100 indicators cover a wide range of topics. This year, the OECD Factbook features a focus chapter on 50 years of the OECD which includes a series of graphs showing how selected variables have evolved over OECD's fifty year history.

For each indicator, there is a two-page spread. A text page includes a short introduction followed by a detailed definition of the indicator, comments on data comparability, an assessment of long-term trends, and a list of references. The next page contains tables and charts providing – at a glance – the key messages conveyed by the data. A dynamic link (StatLink) is provided for each table and chart directing the user to a web page where the corresponding data are available in Excel® format. Apps for *OECD Factbook 2012* will be available for free download at the iPhone / iPad / Android / Blackberry app stores.

How's Life? Measuring Well-Being

October 2011 | 978-92-64-11161-5 | 250 pages

This presentation of the Better Life Index in book form shows how OECD countries compare across 11 determinants of well-being: housing, income, jobs, community, education, environment, governance, health, life satisfaction, safety, and work-life balance. It presents the numbers behind the comparisons, making it a unique tool for comparing countries.

“I can *honestly* say if there is
a problem I just call EBSCO.”

Susan Markley

- Susan Markley, Resource Management Team Leader
Falvey Memorial Library, Villanova University

Experience the EBSCO difference.

When there's an issue with e-resource access, every minute the problem goes unresolved is money down the drain. That's why Susan Markley depends on EBSCO.

With approximately 80 percent of the library's journal collection in electronic format, Susan knows all about access issues. But the difference with EBSCO, she says, is that she calls one person and doesn't have to worry further. No generic customer service desk. No endless transfers. Just a quick, friendly e-mail to her EBSCO representative.
