Science Translational Medicine

Science Translational Medicine is the newest journal from AAAS. Published with the same high-quality standards as *Science*, the journal seeks to close the gap between research and clinician by publishing important interdisciplinary research exploring new ways to prevent, treat, and diagnose widespread and rare medical conditions.

High-Impact Peer-Reviewed research in Translational Medicine and Cell Biology

Science Signaling

Science Signaling publishes research and commentary pertaining to cell biology. Papers selected provide improved understanding of the effects of cell chemistry on biological systems and investigate new signal transduction concepts aimed to advance discoveries in cancer research.
