Cold Spring Harbor Perspectives in Biology

A new type of online review journal

- Spanning the complete spectrum of the molecular life sciences
- Article collections that build month by month
- Written and commissioned by experts in each field

The Authoritative View
Expert reviews in the molecular life sciences.

YBP has partnered with leading academic publishers to assist academic libraries worldwide with their digital acquisition strategy. Publisher packages hosted on publisher platforms are made available for purchase in GOBI3 (Global Online Bibliographic Information), YBP’s acquisition and collection management interface.

**BENEFITS OF ORDERING PACKAGES VIA YBP:**

✚ Comprehensive, managed coverage of print and digital titles
✚ Duplication control
✚ Customized cataloging records
✚ One-stop customer service in support of all your YBP purchased publisher direct packages
✚ YBP ensures extended publisher coverage for titles not included in publisher packages

**CONSIDER THESE QUESTIONS WHEN PURCHASING PUBLISHER PACKAGES:**

✚ Are packages comprehensive, including all ebooks and print titles published?
✚ How will duplication control be managed?
✚ How will cataloging records be acquired?

**YOUR TRUSTED SOURCE FOR PUBLISHER ECONTENT PACKAGES**

YBP Library Services

CHINA, AMERICA AND THE PACIFIC
- TRADE AND CULTURAL EXCHANGE -

Explore the cultural and trading relationships that developed between America, China and the Pacific region between the early 18th and 20th centuries through a diverse range of full colour primary source materials. See: www.amdigital.co.uk/CAP
LEARN MORE ABOUT PROQUEST FLOW!
Your seamless path to success - for better research and productive collaboration.

THAT'S FLOW.
The shift to digital has impacted the research workflow and ProQuest is leading the way again with Flow™, a solution that accommodates how researchers manage their citations and materials together.

Flow powerfully and fluidly integrates citation metadata with full-text document management, and is centered on collaboration for users. It also provides insight to the library about their researchers, and which materials are most valuable to them, allowing libraries to better serve their patrons.

Designed for researchers of all levels, getting started with Flow is quick and easy, and there’s nothing to install. Existing references within other programs can easily migrate to Flow with one click. Yet its powerful tools, like controls that support copyright sensitivity, assures libraries some protection, while references and full-text from major databases and the web are captured.

Take a look at Flow today!

NOW WITH ADVANCED ANALYTICS FOR LIBRARIES!
Databases for Progressive Technology Research

InfoSci®-Books
A rapidly expanding collection of over 54,000 full-text chapters from over 2,400 scholarly works in over 200 disciplines relating to technology, business, medicine, education and engineering.

InfoSci®-Journals
A rapidly expanding full-text collection of peer-reviewed journals that focus on specialized topics in over 200 disciplines relating to technology, business, medicine, and engineering.

Database Platform Features:
- XML-powered, full-text search
- Increased search speed with ranked results
- Search by content and product type
- Sort by relevance, title, and copyright year
- Spell-check with search suggestions
- ReWorks and EasyBb citation export
- APA-, MLA-, and Chicago-style formatting
- COUNTER compliant reports and statistics
- MARC records to RSS feed
- Persistent URLs
- Liberal DRM
- No maintenance fees
- Supporting SRU industry interoperability standard
- Customize with your institution’s logo
- Multi-lingual user interface

ASME
SETTING THE STANDARD
Complete your collection of the world’s best physical science research. Contact us today to find out how your scientists can benefit from:

**A BROADER RESEARCH FOUNDATION**
AIP Digital Archives allows your researchers access to seminal research from the past which is still relevant today.

**A MULTIDISCIPLINARY RESOURCE**
AIP Digital Archives covers more than just physics — chemists, biologists, engineers & others will find this collection invaluable.

**A GLOBAL COMMUNITY OF EXPERTS**
Since 1930, AIP has been the premier publisher of the world’s leading physical scientists.

70 years of research  300,000 Articles  3 Million Downloads in 2012

“Great customer service! That’s why we love to work with Midwest.”
Lydia Murch
Lee University

“I love the new status report. It sure makes things easy when checking on unfilled orders—what a great idea. Your website is so easy to navigate and it is easy to check on orders and even cancel if you have to. Kudos to Midwest.”
Pat Christensen
Olds College

“You’re a benchmark for how customer service should be conducted.”
Eric Kidwell
Huntingdon University

“We recently signed up with Midwest to handle our Continuations. The customer service is outstanding. Our representative is extremely helpful and returns emails and phone calls right away. We couldn’t be happier.”
Leanne Roseberry
Lincoln Land Community College

“I am seriously considering consolidating all of our orders and sending them to Midwest. The major reason is that I love the new InterACQ. I usually have to deal with all different types of databases, i.e., excel, pdf, etc. Your system gives me pretty much everything I need—status, expenditures, invoices, etc., and saves me lots of time.”
Alan Schut
Dominican University

“I have used many vendors over my past 20 years and Midwest has had the best performance.”
Glenda Alvin
Tennessee State University

“I am Midwest’s biggest fan. I can’t believe how every shipment is dead on accurate and how all the books are so neatly packed; nothing ever damaged. Thanks for being such a great company and providing such tremendous service!”
Cindy Hubbard
Merced College

“We strive for complete customer satisfaction, with service second to none.

“Outstanding Service”
“Professional”

“Courteous”
“Prompt”
“Zero Error Rate”
