From Your (lightning struck) Editor:

Well, it wasn't that bad but I did get your attention, right?

Bruce and I have been living out in the country since we retired in September 2016. Did you ever see "Green Acres"? with **Eddie Albert** and one of the **Gabor** sisters? I feel like I am in that sitcom regularly out here. There are many issues that we city folks have never encountered. Plus we were renting from the Citadel and we could always ask them to fix stuff.

A few weeks ago, in the middle of the night, we heard this huge boom and "sizzle." The electricity did not go off so we thought we were okay. Ha! In the morning we learned a) the computer router was fried, nothing, b) the computer printer was fried, c) the dishwasher didn't work, d) the refrigerator was on the fritz and last but not least, the golf cart did not work! Bummer! Shucks! They never had this problem on Green Acres.

In spite of some bills and time to fix everything, we persevered and this issue of *ATG* was finished! Thanks to the wonderful

never-give-up **Alicia Wise's** wonderful guest editing I was able to sleep at night! Whew! The theme came from **Karen Hunter** who I miss all the time! Our papers are by **Alicia**, **Donald Barclay** (fake news phenomenon), **T. Scott Plutchak** (insufficiency of facts), **Roger Schonfeld** (new metrics and strategies), **Gemma Hersch** (open access, open data, etc.), **Maggie Farrell** (blueprints and cranes). Our **OpEd** is about predatory journals by **Rick Anderson**, and **Ann Okerson's Back Talk** takes us to Fiesole in Lille France and some visits to chocolate shops.

Our interview is with **Kent Anderson** of **RedLink**. We have book reviews and discussions by **Regina Gong**, **Tom Gilson**, **Donna Jacobs**, **Dr. Matthew Olsen**, **Tom Leonhardt**, and a brand new column by **John Riley**. **Bruce Strauch** and **Lolly Gasaway** keep us up to date with **Cases of Note and Questions and Answers**. We have a new column from **Sven Fund** about Knowledge Unlatched, **Mark Herring** wants us to remember who our funders

are, **Myer** reminisces about **PSP**, **Barbara Blummer** and **Jeffrey Kenton** write about mobile initiatives, **Caryl Ward** talks about extended time off, **Glenda Alvin** encounters a flood, **Bob Kieft** reflects on current developments in shared print collections, and **Michael Gruenberg** is making deals happen.

Donald Beagle has provided part two in a three part series on QEP at **Belmont Abbey College** and **Antje Mays** returns to **Biz of Acq** to discuss impacts and insights of migration.

Sorry to cut this off but they are calling for thunderstorms! I can even see the lightning! Bummer! I have to go shut off my electricity. Don't want more trouble at Green Acres!

Have a great summer! **Yr. Ed.**
