

Agriculture Division of DowDuPont™

# Corteva Agriculture Development

Jennifer Billings, Agriculture Development Leader

September 2018

- Corteva Agriscience is a U.S. leader in global agriculture with presence in 131 countries
- Corteva offers technical expertise and a \$15 billion portfolio of seed, crop protection, and digital agriculture products
- Corteva will spin off from DowDuPont in June 2019

- Corteva is committed to enriching the lives of those who produce and those who consume
- Through partnerships, we are scaling innovative technologies and practices to smallholder farmers to improve global food security
