

State Composite Address Locator

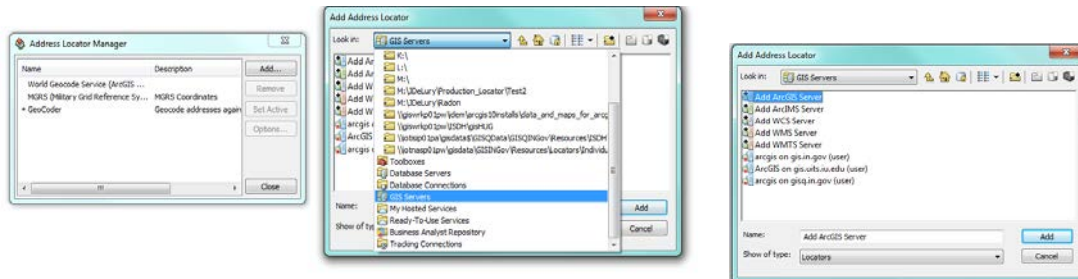

LOCATION: <https://gis.in.gov/arcgis/services>

To Access the locator from the geocoding toolbar:

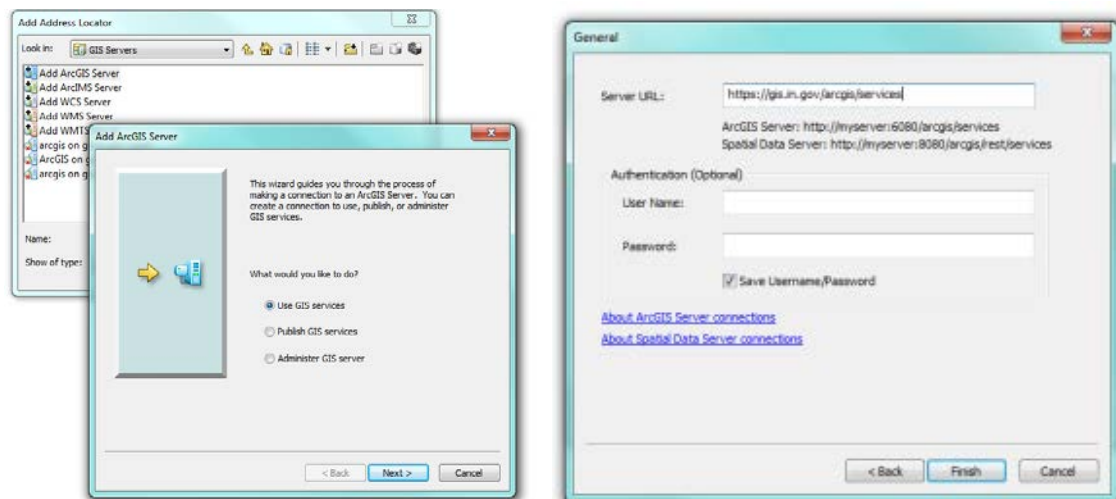

- Geocoding toolbar > GeoCoder > Manage Address Locators

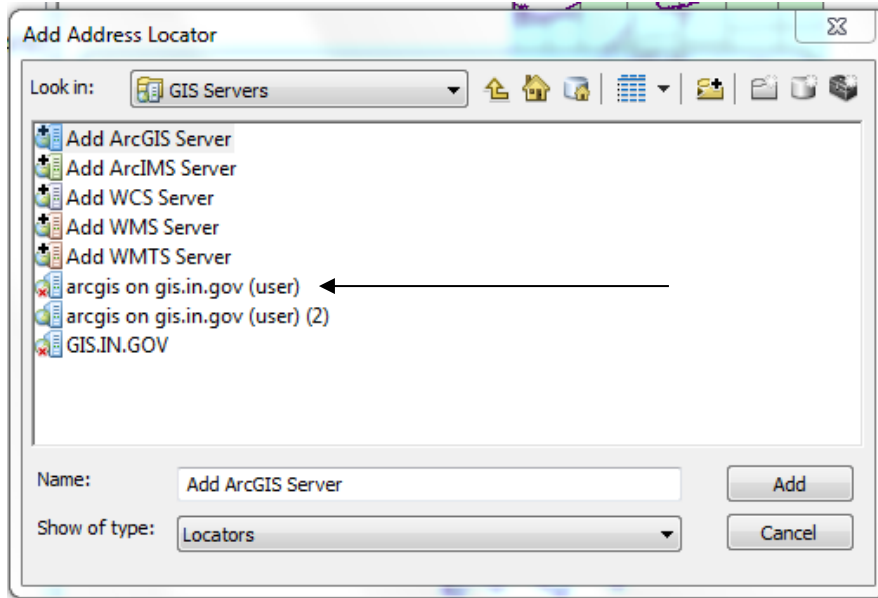

- Address Locator Manager > Add > GIS Servers (From Drop down) > Add ArcGIS Server >
 - Click 'Add'

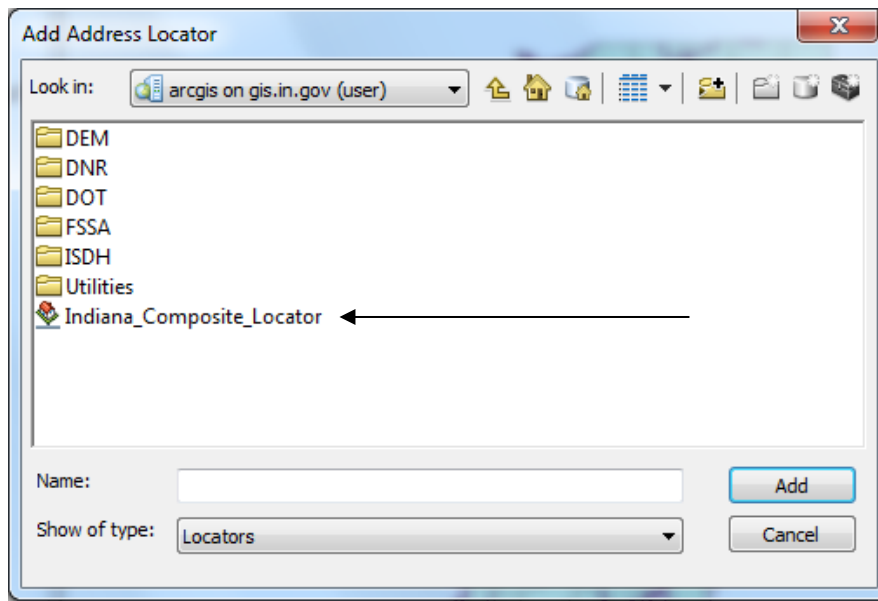

- Pop-up > Use GIS services > add server URL (<https://gis.in.gov/arcgis/services>)
 - Click 'Finish'

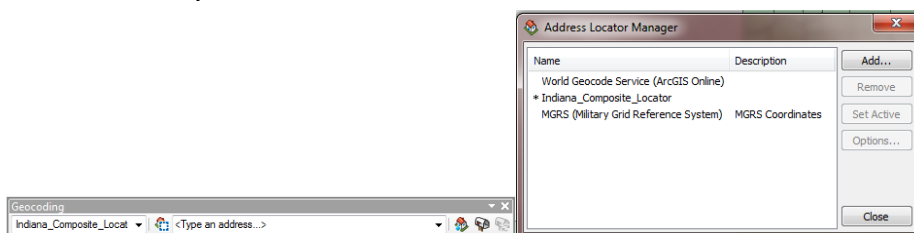

- Click on server connection > Select **arcgis on gis.in.gov (user) (2)** from list (double click)

- Select **Indiana_Composite_Locator** from list> Click 'Add'

- Indiana Composite Locator is added to the list.

- Proceed with Geocoding process.
