May 9, 2012

Attn: Local Public Agency (LPA) Official

Dear LPA Official:

Attached is a copy of the *2011 Summary of Highway Revenues, Distributions, and Expenses for Indiana Counties, Cities & Towns*. This report is based on the information made available to us. Many sources were used to gather the information contained herein. Please review the information contained in this report carefully, especially for your own LPA. If you discover erroneous or missing information, please inform us so future versions of this report will be more accurate.

We would like to draw your attention to the Appendix of this report. In the Appendix, you will find a flow chart detailing how the Motor Vehicle Highway Account (MVHA) and the Local Road and Street Account (LRSA) funds are distributed among the LPAs of Indiana.

Lastly, we would like you to know that some of the funding formulae are based on population. The population data presented is the 2010 census data. You can obtain a special census count by calling the United States Department of Commerce, Bureau of Census at 301.457.1722.

It is our hope that your LPA will find this report useful and informative. We plan to publish this report at least every two years. All of these tables are available in Microsoft Excel format. Contact our office if you desire a copy of the spreadsheets. If you have questions or comments feel free to contact us at the address below or by calling 1.800.428.7639.

Sincerely,

John Habermann  
Program Manager  
Indiana LTAP

## INTRODUCTION

This report provides information on revenues, distributions, and expenses of state and local governments for highway, road and street work. Since the Motor Vehicle Highway (MVH) and Local Road and Street (LRS) Accounts are the principal source of funds for local road or street construction and maintenance operations, this summary may be used to see the trends in income sources and in the expenses charged to the funds prior to their being distributed to the highway, road and street agencies.

This report contains 22 Tables divided into 3 Sections. Section 1 presents the different revenues available. Section 2 presents the distribution of the revenues. In Section 3, you will find tables on expenses. It is interesting to note that many agencies report administrative and operating expenses roughly equal to their MVH distribution. This leads to the conclusion that the only dedicated funds available for road and street improvements are the LRS monies.

For user information purposes, a table is included showing Highway and Street Department Statistics, i.e., population, miles of road, registered vehicles, etc. Some of these statistics are used in the funding allotment formulae.

At the end of this report, a flow chart shows the distribution of MVH and LRS funds. Contact us if you would like to study how your particular highway or street department allocation is calculated. It also will help you understand what factors weigh heaviest in deciding how many dollars you receive and the impact of changes to any of the factors in the formulae. You will then find two Attachments that help clarify Motor Vehicle Highway Account distribution formulae, Local Road and Street Account formulae, and the budget revenue estimates for 2012.

The years of the various funding source, from which the tables are prepared, are not all the same. Some are calendar year, some are state fiscal year (July 1 to June 30) and some are federal fiscal year (October 1 to September 30). To assist in understanding the funding cycles, annotations are presented detailing the source of funds, the authority for the funds and the year for which the funds are distributed.

## EXECUTIVE SUMMARY

The 2011 Summary of Highway Revenues, Distributions and Expenses shows significant changes in the funding available for local governments and the evolving funding options many local governments are using to fund their transportation needs. Increase in the variety of revenue sources and further reliance on local funding is evident in the annual operational reports. Supplemental revenues being used by counties, cities and towns come from a number of sources. A few of the major sources include LOHUT, CAGIT, CEDIT, COIT, TIF, gaming funds, financial institution tax, commercial vehicle excise tax, and in some southern counties, funds from national forest distributions. While not a significant source of funds in governments with smaller populations, the presence of these funds shows that local government officials understand the importance of their local transportation systems and are finding the means to help supplement funding shortfalls.

County Supplemental funding has increased during past years as shown in Figure. 1. Counties are becoming more and more dependent on supplemental funding. The supplemental funding has increased significantly as counties are becoming more adamant and creative in their sources of their funding. Funds such as the Financial Institution Tax (FIT), the Commercial Vehicle Excise Tax (CVET) and the Auto and Aircraft Excise Tax brought in \$3 million to Indiana county highway departments in 2010.

Figure 1. Historical Summary of Supplemental Funding

Forty-seven counties now have a LOHUT tax in place, and several more are considering the tax. Total 2010 revenue for this category was approximately \$69 million. LOHUT alone brought in 26% of the supplemental revenues, and this source of revenue is projected to become even more prominent in future county budgets. Figure 2. is a summary of historical LOHUT funding.

Figure 2. Historical Summary of LOHUT Funding

Based on data supplied by the State Auditor's office and included in Table 8, Indiana counties received a total of \$226 million from the Motor Vehicle Highway (MVH) and Local Roads and Streets (LRS) distributions for 2012. This is a decreased amount in comparison to the \$250 million distributed in 2006. Counties also raised approximately \$259 million in supplemental funding. Figure 3 shows the trend of total distributions received by counties in the last 7 years. (includes MVH, LRS)

Figure 3. Historical Summary of total distributions received by counties (includes MVH and LRS)

City and town supplemental funding was robust for 2012. Gaming revenues provided supplemental revenue for city and town projects, \$14 million. Municipal Option Income Taxes consisted of supplemental funding with more than \$24 million. The MVH and LRS funding to cities and towns for 2012 was \$119 million. Figure 4 shows the trend of total distributions received by cities and towns in the last 7 years. (includes MVH, LRS)

Figure 4. Historical Summary of total distributions received by cities and towns (includes MVH and LRS)

The cumulative bridge funding to counties for 2010 CY was 53.66 million. Figure 5 shows the trend of cumulative bridge fund received by counties in the last 5 years.

Figure 5. Historical Summary of cumulative bridge fund received by counties

Total distributions of LRS and MVH funds for counties, cities and towns decreased in 2012 over 2006 levels. The 2012 county distribution was \$226,643,555, and city funding was \$119,502,681. The 12 year trend (as shown in Figure 6) indicates these funds increasing since 2002 and started decreasing in 2005. Total local funds distributed in 2012 were \$346 million, up \$11 million from 2011, but down approximately \$34 million from 2006.

Figure 6. Historical Summary of total distributions received by counties, cities and towns (includes MVH and LRS)

County expenditures from these funds were up over previous years. MVH and LRS expenditures totaled \$238.5 million. City and Town expenditures were approximately \$104 million.

<sup>(1)</sup> The counties listed have been appropriated a certain amount from the County General Fund.

<sup>(2)</sup> The Capital Development Fund is a levy on property to raise money for capital improvements within the county.

<sup>(3)</sup> Tax Increment Financing is a way to capture the increased assessed value of land due to industrial development.

<sup>(4)</sup> Automobile and Excise Tax authorized by IC 6-6-5-1 and IC6-6-6.5. Some counties allocate a portion to the highway department.

<sup>(5)</sup> Commercial Vehicle Excise Tax authorized by IC 6-6-5.5 levied on Commercial Vehicles which travel on Indiana roads.

<sup>(6)</sup> The Financial Institution Tax is authorized by IC 6-5.5-2-1 and some counties allocate the revenue to their highway departments

<sup>(1)</sup> The counties listed receive up to a maximum of \$20,000 from the State of Indiana to help subsidize the salary of the county engineer.

<sup>(2)</sup> This is a subsidy that counties receive for the maintenance and repair of covered bridges within their jurisdiction.

Perry and Spencer County share a covered bridge on their common border.

<sup>(3)</sup> This is a refund allotted for fuel taxes paid.

<sup>(4)</sup> Disaster Relief is money available to repair infrastructure that has been damaged by natural disasters.

Funds shown here are for a number of disasters in 2006 including tornadoes, severe storms and flooding

<sup>(5)</sup> Funds listed as reimbursement for losses and damage of covered property.

<sup>(6)</sup> Federal Aid Assistance for reimbursement for county bridge inspections.

<sup>(7)</sup> Local Public Agency Funds.

**Table #4.7 - 2010 (cy) Supplemental Highway Fund Revenues -  
Miscellaneous <sup>(1)</sup>**

- <sup>(1)</sup> This table lists miscellaneous revenues that counties have been able to generate for their highway departments
- <sup>(2)</sup> The counties listed have auctioned or sold old equipment, used materials, used signs, fill, culverts, maps, guardrail, signs, etc.
- <sup>(3)</sup> The counties listed receive a portion of the landfill use fee.
- <sup>(4)</sup> Bonding is a special type of loan to assist governmental agencies with infrastructure improvements.
- <sup>(5)</sup> Some county highway departments have chosen to take portion of their funding monies and deposited them into accounts that draw interest and generate extra revenue.
- <sup>(6)</sup> Cost Sharing is when counties supply the labor and half the materials cost and the adjoining land owners pay 1/2 of the material costs.
- <sup>(7)</sup> Some county highway departments outsource their labor or equipment and the revenue from outsourcing is added to the highway department budget.
- <sup>(8)</sup> Some counties charge for plans when bidding a construction project, and also various maps.
- <sup>(9)</sup> Some counties have applied for and received grant funds for various projects
- <sup>(10)</sup> Tippecanoe county received donations of property or cash.
- <sup>(11)</sup> Brown, Dubois, Martin, Monroe, Orange and Perry counties receive funds from the US Forest Service, and allocate part of these funds to the Highway Department.

Data for this table is from January 1, 2010 to December 31, 2010

<sup>(1)</sup> Listed are some innovative taxes that these cities and towns have implemented to raise revenue for their street departments.

<sup>(2)</sup> The cities and towns listed filed Form 225 with the State Board of Accounts.

<sup>(3)</sup> Some councils have allowed a portion of the General Fund to be used by the street department.

<sup>(4)</sup> The Cumulative Capital Development Fund is a property tax that can be levied to raise money for various capital projects as described in IC 36-9-15.5.

<sup>(5)</sup> Tax Increment Financing (TIF) is a way to capture the increased assessed value of land due to industrial development. The tax is used for infrastructure improvements within the area of the development and all tax monies go into the development fund

<sup>(6)</sup> The Thoroughfare fund is similar to the Capital Development Fund. It is a property tax raised to be used for street improvements.

**Table #15.0 - 2010 (ffy) Federal Aid Distributions by City and Town <sup>(1)</sup>**

<sup>(1)</sup> Distribution of federal aid to cities & towns broken down by fund type

<sup>(2)</sup> At times, a federal-aid project will entail a road in a city and a bridge owned by a county.

Bridge dollars will be sent to the lead agency to cover the costs of the bridge portion of the project.

<sup>(3)</sup> Group III funds are allocated to urban areas with a population between 5,000 and 50,000

<sup>(4)</sup> Group IV funds are allocated to all municipalities with a population less than 5,000 and counties

<sup>(5)</sup> Total Federal Aid Distribution may be larger than annually apportioned due to the difference in the year the amount is being expended

(1) State fiscal year begins 7/1 and ends 6/30.

(2) Net receipts are from table #1.

(3) Net state police expense includes administrative, enforcement aid, pension, supplemental pension, and benefits, minus general fund reimbursement, motor carrier fund reimbursement, and toll road reimbursement.

(4) Traffic safety includes traffic safety education and highway safety plan.

(5) Other expenses include audit expense and forensic & health sciences laboratory. Note: Fiscal year 99-00 include year 2000 expense.

(6) Total adjustments include County Engineer distribution per IC 8-17-5-8 & 11.1, LTAP budget per IC 8-14-1-3(6), IC 8-17-7-4, IC 8-23-2-5(7), local assistance expenses per IC 8-14-1-3(6), IC 8-23-2-5(6), covered bridge distribution per IC 8-14-1-10, access road construction per IC 8-23-5-7.

(7) The amount distributed between INDOT, Indiana counties, cities and towns does not include Accelerated I & II distributions.

APPROPRIATIONS

## **MOTOR VEHICLE HIGHWAY DISTRIBUTION FORMULA**

Motor Vehicle Highway distributions are made monthly to the Indiana Department of Transportation, counties, cities and towns in the following manner.

### **REVENUE SOURCES:**

- ◆ 75% of 15 cents of the Gasoline Tax after the first \$25 million less fuel tax refunds
- ◆ 75% of Special Fuel Tax after the first \$25 million less fuel tax refunds
- ◆ 45.5% of Motor Carrier Surtax
- ◆ Motor Carrier Fund fiscal year end balance exceeding \$500,000
- ◆ Vehicle registration and title fees (excluding 1969 increase)
- ◆ Drivers license fees and defensive driver school fees
- ◆ 40% of the amount deposited to the motor vehicle odometer fund
- ◆ Abandoned vehicle fund fiscal year end balance exceeding \$20,000
- ◆ \$3.6 million of the state's share of court cost
- ◆ Federal grants for traffic safety and state police programs
- ◆ State general fund reimbursement of state police expense
- ◆ Motor carrier fund reimbursement of state police expense
- ◆ Toll road reimbursement of state police expense
- ◆ Gaming Commission reimbursement of state police expenses

### **EXPENSES:**

- ◆ 61.307% of the State Police expenses
- ◆ Department of Revenue fuel tax collection expenses
- ◆ Bureau of Motor Vehicles expenses (does not include license branch expenses, but does include license plate production expense)
- ◆ Traffic safety programs
- ◆ School safety programs
- ◆ Forensic and Health Science Laboratory
- ◆ Motor Vehicle Highway Fund audit cost

### **AMOUNT AVAILABLE FOR DISTRIBUTIONS:**

Equals monthly revenues less monthly expenses.

## MOTOR VEHICLE HIGHWAY DISTRIBUTION FORMULA

(Continued)

### ADJUSTMENTS TO THE AMOUNT AVAILABLE FOR DISTRIBUTIONS:

Indiana statute and state budget adjustments are made to the amount available for distribution before distributions are made to the Indiana Department of Transportation (INDOT), counties, cities and towns.

**Adjustment** that reduces the amount distributed to the **INDOT, counties, cities and towns:**

Covered Bridge Distribution IC 8-14-1-10

**Adjustment** that reduces the amount distributed to **counties:**

County Engineer Distribution IC 8-17-5-8 & 11.1

**Adjustments** that reduce the amount distributed to **counties, cities and towns:**

Local Assistance Expenses IC 8-14-1-3(6), IC 8-23-2-5(6)

LTAP Budget IC 8-14-1-3(6), IC 8-23-2-5(7)

Access Road construction IC 8-23-5-7

### DISTRIBUTION OF THE AMOUNT AVAILABLE AFTER ADJUSTMENTS:

Motor Vehicle Highway distributions are made monthly as follows:

**53%** of the amount available for distribution less adjustments is distributed to the **INDOT**

**15%** of the amount available for distribution less adjustments, plus 31.915% of one cent of the gasoline tax is distributed to **Cities and Towns**

The amount distributed to Cities and Towns is allocated on the basis of population (Fire Special Service district population used for City of Indianapolis distribution)

**32%** of the amount available for distribution less adjustments, plus 68.085% of one cent of the gasoline tax is distributed to **Counties**

The amount distributed to Counties is allocated as follows:

**5% equally, 65% road mileage** basis and **30% total vehicle registrations** basis

### PERMISSIBLE USES:

Motor Vehicle Highway distributions can be used by counties, cities and towns for the expenses of highway and street departments, construction, maintenance and reconstruction cost of streets and roads, and equipment purchases. Cities and towns can use a portion of the distribution for public safety expenditures

## LOCAL ROAD AND STREET DISTRIBUTION FORMULA

Local Road and Street distributions are made monthly to the Indiana Department of Transportation, counties, cities and towns from the following revenue sources and in the following manner:

- REVENUE SOURCES:**
- 25% of 15 cents of the Gasoline Tax after the first \$25 million
  - ◆ 25% of Special Fuel Tax after the first \$25 million
  - ◆ 1969 increase in vehicle registration and title fees.

**DISTRIBUTION PERCENTAGES:**

- ◆ 55% to the Indiana Department of Transportation
- ◆ 45% to Counties, Cities and Towns

**DISTRIBUTION METHOD:**

The Counties, Cities and Towns distribution calculation is a **two step process**.

**Step one** determines the county **total allocation** for each county on the basis of **passenger car registrations**.

**Step two** allocates each county total allocation between the county and the cities and towns within the county as follows:

A county with a **population of more than 50,000** the distribution is calculated as follows:

- ◆ **60%** of the county total allocation calculated in Step one is allocated on the basis of **population**.  
(Fire Special Service district population used for City of Indianapolis distribution)
- ◆ **40%** of the county total allocation calculated in Step one is allocated on the basis of **road and street mileage**.

A county with a **population of 50,000 or less** the distribution is calculated as follows:

- ◆ **20%** of the county total allocation calculated in Step one is allocated on the basis of **population**.
- ◆ **80%** of the county total allocation calculated in Step one is allocated on the basis of **road and street mileage**.

**PERMISSIBLE USES:**

Local Road and Street distributions can be used by counties, cities and towns for construction, maintenance and reconstruction cost of streets and roads, engineering, land acquisitions, and equipment.

## **MOTOR VEHICLE HIGHWAY ACCELERATED #1 AND #2 FORMULA**

The Motor Vehicle Highway Accelerated #1 and #2 distribution formulas distribute:

- The first \$25 million of 15 cents of the gasoline tax and
- The first \$25 million of special fuel tax
- Collected after July 1 of each year.

Currently, it takes two months to collect the total \$50 million of fuel taxes. The Motor Vehicle Highway Accelerated #1 and #2 distributions are made in the months of August and September.

After the first \$50 million of fuel taxes have been collected and distributed with the Motor Vehicle Highway Accelerated #1 and #2 distribution formulas, then

- 75% of 15 cents of the gasoline tax and 75% of the special fuel tax is distributed monthly through the motor vehicle highway distribution formula and
- 25% of 15 cents of the gasoline tax and 25% of the special fuel tax is distributed monthly through the local road and street distribution formula.

### **REVENUE SOURCES:**

- The first \$25 million of 15 cents of the gasoline tax and
- The first \$25 million of special fuel tax
- Collected after July 1 of each year

### **DISTRIBUTION PERCENTAGES:**

- ◆ 40% to the Indiana Department of Transportation (\$20 million)
- ◆ 60% to Counties, Cities and Towns (\$30 million)

### **DISTRIBUTION METHOD:**

#### **MOTOR VEHICLE HIGHWAY ACCELERATED #1 (MVH#1)**

\$15 million is distributed to Counties, Cities and Towns using the Local Road and Street distribution formula.

(Fire Special Service district population used for City of Indianapolis distribution)

#### **MOTOR VEHICLE HIGHWAY ACCELERATED #2 (MVH#2)**

\$15 million is distributed to Counties, Cities and Towns using the Motor Vehicle Highway distribution formula.

(Fire Special Service district population used for City of Indianapolis distribution)

### **PERMISSIBLE USES:**

MVH #1 and MVH #2 permissible uses are the same as Motor Vehicle Highway distributions.

## 2011 Budget Revenue Estimates

### The following estimates apply to Cities and Towns only

Cigarette Tax - General Fund  
December 2010 = .39/Capita  
2011 = .72/Capita

Cigarette Tax - CCIF  
December 2010 = 1.43/Capita  
2011 = 2.63/Capita

ABC Gallonage Tax  
Last half of 2010 = 1.02/Capita  
2011 = 2.00/Capita

MVH  
Last half of 2010 = 10.67/Capita  
2011 = 24.00/Capita

MVH #2  
Last half of 2010 = 1.34/Capita  
2011 = 1.34/Capita

### The following estimates apply to Counties only

MVH  
Last half of 2010 = 100% of the last half of 2009  
2011 = 100% of the first half of 2009 plus 100% of the last half of 2009

MVH#2  
Last half of 2010 = August and September 2009  
2011 = August and September 2009

### The following estimates apply to Counties, and Cities and Towns

LRS  
Last half of 2010 = 100% of the last half of 2009  
2011 = 100% of the first half of 2010 plus 100% of the last half of 2009

MVH#1  
Last half of 2010 = August and September 2009  
2011 = August and September 2009
