Attn: Local Public Agency (LPA) Official

Dear LPA Official:

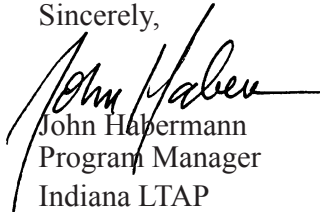

As of March 14, 2006, the Indiana legislature passed HB 1008 providing local governments an additional \$75 million for each of the next two years (2006 & 2007) for use on your local roads. This report contains a summary of the local units' use of the Major Moves funding to enhance their transportation systems. Attached is a copy of the 2007 Summary of the Major Moves Money Distribution for Indiana Counties, Cities & Towns. This report is as accurate as the information provided to us. A survey was faxed to all Indiana counties and to the Indiana cities and towns over 20,000 in population. The information contained herein is from either written or verbal responses to the survey that was sent out. A copy of this survey can be found in the Appendix. If you discover erroneous or missing information, please inform us so future versions of this report will be more accurate.

We would like to draw your attention to the Appendix of this report. In Appendix I, you will find a copy of the survey that was sent. Appendix II contains a table containing a breakdown of the amount of money distributed to the local units of government. Appendix III has a copy of some frequently asked questions in regards to the appropriate uses of the Major Moves money. A copy of the section of State Law that contains the Major Moves legislation (HB1008) is in Appendix IV.

This summary may be used to compare the different types of uses for the Major Moves money. This summary is split into 2 different tables; county responses and city/town responses. The totals in the tables do not reflect the number of local units that responded to the survey; they represent the actual number of responses stating that particular use. Many agencies had multiple uses for the money they received and each different response was tabulated. At the top of each table, the number of actual local unit responses is listed.

It is our hope that you will find this report useful and informative. We plan to publish an updated report next year. If you have questions or comments feel free to contact us at the address below or by calling 1.800.428.7639.

Sincerely,

John Habermann
Program Manager

Major Moves Construction Fund
\$150 million to Indiana Counties, Cities & Towns
(SECTION 5 of H.E.A. 1008)
Frequently Asked Questions

Q: Do we have to set-up a separate fund?

A: According to SECTION 5 of House Enrolled Act No. 1008, Chapter 14 is added to 8-14 of the Indiana Code. I.C. 8-14-14 does NOT mandate a separate account for these monies.

Q: What are the allowed uses of the major moves construction fund?

A: According to SECTION 5 of House Enrolled Act No. 1008, Chapter 14 is added to 8-14 of the Indiana Code. I.C. 8-14-14-6 will read (under 1B) “Money distributed under this subdivision may be used only for purposes that money distributed from the motor vehicle highway account may be expended under 8-14-1-4 for counties and I.C. 8-14-1-5 for cities and towns.”

I.C. 8-14-1-4

County allocations; budgeting; permissible use of funds; county allocation

Sec. 4. The funds allocated to the respective counties of the state from the motor vehicle highway account shall annually be budgeted as provided by law, and, when distributed shall be used for construction, reconstruction and maintenance of the highways of the respective counties, including highways which traverse the streets of incorporated towns, the cost of the repair and maintenance of which prior to the tenth day of September, 1932, was paid from the county gravel road repair fund excepting where the department is charged by law with the maintenance or construction of any such highway so traversing such streets. Any surplus existing in the funds at the end of the year shall thereafter continue as a part of the highway funds of the said counties and shall be rebudgeted and used as already provided in this chapter. The purchase, rental and repair of highway equipment, painting of bridges and acquisition of grounds for erection and construction of storage buildings, acquisition of rights of way and the purchase of fuel oil, and supplies necessary to the performance of construction, reconstruction and maintenance of highways, shall be paid out of the highway account of the various counties.

I.C. 8-14-1-5

Permissible use of funds; municipal allocations

Sec. 5. (a) All funds allocated to cities and towns from the motor vehicle highway account shall be used by the cities and towns for the construction, reconstruction, repair, maintenance, oiling, sprinkling, snow removal, weed and tree cutting and cleaning of their highways as herein defined, and including also any curbs, and the city’s or town’s share of the cost of the separation of the grades of crossing of public highways and railroads, the purchase or lease of highway construction and maintenance equipment, the purchase, erection, operation and maintenance of traffic signs and signals, and safety zones and devices; and the painting of structures, objects, surfaces in highways for purposes of safety and

traffic regulation. All of such funds shall be budgeted as provided by law.

(b) In addition to purposes for which funds may be expended under subsections (a) and (c) of this section, monies allocated to cities and towns under this chapter may be expended for law enforcement purposes, subject to the following limitations:

(1) For cities and towns with a population of less than five thousand (5,000), no more than fifteen percent (15%) may be spent for law enforcement purposes.

(2) For cities and towns other than those specified in subdivision (1) of this subsection, no more than ten percent (10%) may be spent for law enforcement purposes.

(c) In addition to purposes for which funds may be expended under subsections (a) and (b) of this section, monies allocated to cities and towns under this chapter may be expended for the payment of principal and interest on bonds sold primarily to finance road, street, or thoroughfare projects.

Q: Will the major moves construction fund money come as a separate distribution apart from my regular motor vehicle highway money?

A: Yes. Under SECTION 5 of House Enrolled Act No. 1008, Chapter 14 is added to 8-14 of the Indiana Code. 8-14-14-6 will read, "(a) If the authority enters into a public-private agreement concerning the Indiana Toll Road under IC 8-15.5, the auditor of state shall make the following distributions from the fund for the indicated purposes:

(1) One hundred fifty million dollars (\$150,000,000) to the treasurer of state for deposit in the motor vehicle highway account established by IC 8-14-1. Notwithstanding IC 8-14-1, on or before October 15, 2006, and on or before October 15, 2007, the auditor of state shall distribute seventy-five million dollars (\$75,000,000) of the money deposited in the motor vehicle highway account under this subdivision to each of the counties, cities, and towns eligible to receive a distribution from the motor vehicle highway account under IC 8-14-1 and in the same proportion among the counties, cities, and towns as funds are distributed from the motor vehicle highway account under IC 8-14-1. The auditor of state:

(A) shall make the distributions required by this subdivision separately from distributions required by IC 8-14-1; and

(B) may not combine the distributions required by this subdivision with distributions required by IC 8-14-1."

(1) One hundred fifty million dollars (\$150,000,000) to the treasurer of state for deposit in the motor vehicle highway account established by IC 8-14-1. Notwithstanding IC 8-14-1, on or before October 15, 2006, and on or before October 15, 2007, the auditor of state shall distribute seventy-five million dollars (\$75,000,000) of the money deposited in the motor vehicle highway account under this subdivision to each of the counties, cities, and towns eligible to receive a distribution from the motor vehicle highway account under IC 8-14-1 and in the same proportion among the counties, cities, and towns as funds are distributed from the motor vehicle highway account under IC 8-14-1. The auditor of state:

During the state fiscal year beginning July 1, 2006, the regional development authority must pay at least twenty million dollars (\$20,000,000) of the distribution received under this clause to an airport authority that is carrying out an airport expansion project described in IC 36-7.5-2-1(2).

(B) Eighty million dollars (\$80,000,000) to be distributed in installments of ten million dollars (\$10,000,000) during the state fiscal year beginning July 1, 2007,

and each of the seven (7) state fiscal years thereafter.

However, no distributions may be made under clause (B) until the development authority's comprehensive strategic development plan prepared under IC 36-7.5-3-4 has been reviewed by the budget committee and approved by the director of the office of management and budget. In addition, no distributions may be made under clause (B) during the state fiscal years beginning July 1, 2009, July 1, 2011, and July 1, 2013, unless the budget committee has reviewed the status of the plan and any changes to the plan.

After review by the budget committee, and subject to the approval of the governor, the budget agency may augment this distribution from balances available in the fund.

(5) An amount sufficient to provide for the payments owed by the authority as a result of a written agreement entered into under IC 8-15.5-7-6 to fund reductions in, or refunds of, user fees imposed on Class 2 vehicles, or to establish or replenish the reserves therefore, to the administration account of the toll road fund.
