March 29 - 31, 2005
Stewart Center • Purdue University
Tuesday
March 29

Exhibits Rooms
9:00-12:30
Purdue Memorial Union, North/South Ballrooms

All participants are invited to enjoy this new event provided compliments of the participating exhibitors. Your name badge is required for admission.

Opening Session
1:00-3:00
Room: Logan Theatre
President: Fred L. Manessier, Professor and Head, School of Civil Engineering, Purdue University

The State Transportation System
Thomas O. Sharp, commissioner
INDOT

Innovation - A New Tradition
Robert F. Talley, Jr., Division Administrator, FHWA-Indiana Division

Indiana Highway Quality Awards
Rudyard L. Smutzer, Civil Engineer, INDOT
Kathleen A. Quine, Assistant Administrator, FHWA-Indiana Division

Break Room
12:30-2:00
Purdue Memorial Union, Ballrooms A/B/C

Kumar Sinha, Director, Joint Transportation Research Program and Olson Distinguished Professor of Civil Engineering, Purdue University
Jon Frenk, Professor of Civil Engineering, Purdue University

Katie Nolle, Program Coordinator, Joint Transportation Research Program
Tom Martin, Program Manager, Indiana LTAP

Kerri Stedler, Secretary, INDOT
John Halbermann, Research Engineer, Indiana LTAP
Leah Johnson, Program Manager, Indiana LTAP

Walter Land, Road School Liaison, INDOT
Jerry Larson, Training Specialist, Indiana LTAP

Bob McClellan, Information Technology Administrator, INDOT
Mary Montes, Secretary, Indiana LTAP

Linda Pepe, Editor and Resource Specialist, Indiana LTAP
Tom Robertson, Convener Coordinator, United for Lifelong Learning

Transportation/Graduate Research Assistant, School of Civil Engineering

Lloyd Bandy, APA
Christine Bajwa, INDOT
Paul Barenskas, INDOT
Matt Brase, INDOT

Greg Bud, HG Lend Acq Corp
Mike Byers, Indiana Chapter APCA

Terry Byers, INDOT
David Currey, City of W. Lafayette
Darryl Dighton, Hamilton County
Gary Ehrin, Town of Guiney
Jon Fricko, Purdue University
Bill Ham, MCC
Jim Halbermann, Indiana LTAP

Karen Halk, JTPD
Ron Heurys, INDOT
Lisa Hulse, City of Delhi

David Hurl, INDOT
Rajesh Jha, MAAA
Greg Kricke, INDOT

Tao Kui, City of Lafayette
Walt Land, INDOT
Jenny Larson, Indiana LTAP

Fred Mannering, Purdue University
Tom Martin, Indiana LTAP

Rob McClellan, JTPD
Mark Miller, INDOT
Manzey Montef, Indiana LTAP

Gary O'Kearney, INDOT

David Pospieszny, FHWA-Indiana Division

Barry Partridge, INDOT

Linda Patrick, Indiana LTAP

Steve Powell, Indiana

Jennifer Purz, Esq.

Kathy Quiel, FHWA-Indiana Division

Jim Rice, Indiana Public Works

Tom Schmeltzer, Purdue University

Rich Shirey, Tippecanoe County
Kumars Sinha, JTPD

Rick Steere, Jasper County

Randy Stolzer, Brown Equipment

Matt Thomas, INDOT-Indiana Section

Scott Teter, Fulton County

Jim Turner, Indiana LTAP

Steve Waskowiak, Butler Famman

Seyrett

Roy Whitney, INDOT

Walt Ziegler, Noble County
Tuesday
March 29
3:15-4:45

Avoiding Powerpoint-Induced Coma
Room: 310
Powerpoint has become the hottest piece of presentation technology, but it is not appropriate for all audience situations and often is not used effectively. Attend this fun workshop to learn some dos and don’ts of Powerpoint to keep your audience interested and awake!
Mike Jacob, Professor, Electrical and Computer Engineering Technology, Purdue University

Financing Issues
Room: 218
President: Richard Whitney, Chief Financial Officer, INDOT
This is the place for the latest information on state and federal highway funding. Hear all of the 2005 information about the new Federal Highway Act as well as Indiana’s funding plans.
Gary Eaton, Director, Local Transportation Service Center, INDOT
Chris Kubek, Acting Division Chief, Budget and Fiscal Management Division, INDOT

QC/QA Superstructure Concrete
Room: 314
President: Greg Kocian, Special Projects Engineer, Contracts and Construction Division, INDOT
This session will discuss the scope, methodology, and requirements of the special provision used to construct bridge superstructures. QC/QA superstructure will be compared and contrasted with conventional materials method specifications.
Tony Zanuyt, Assistant Quality Assurance Engineer, Materials and Tests Division, INDOT

Tuesday
March 29
3:15-4:45

Rest Stop Wastewater Treatment Using Innovative Constructed Wetland System
Room: 202
President: Lynn Collison, Director, Indiana Clean Manufacturing Technology and Safety Materials Institute, Purdue University
This presentation will review the first year of performance at INDOT’s new I-70 Greenfield Rest Stop wastewater treatment system, where three sequential constructed wetlands are being used to handle this facility’s daily flow.
Jim Atteman, Professor, School of Civil Engineering, Purdue University
Rao Govindaraju, Professor, School of Civil Engineering, Purdue University

What About Roundabouts?
Room: 303
President: Mike McBride, City Engineer, City of Carmel
Attend this session if you are considering roundabouts in your next transportation project to hear firsthand experiences in local roundabout projects.

Huntington County Case Study
Jeremy Grenier, Transportation Engineer, American Consulting, Inc

Jennings County Case Study
Jay Vonsek, Transportation Engineer, The Schneider Corporation

Town of Avon Case Study
Matthew Miller, Transportation Project Manager, DLZ Indiana LLC

Welcome Reception
University Inn, West Lafayette, Indiana
5:00-7:00 PM
Take a moment from your daily schedule to enjoy the hospitality of your friends of Road School!
Wednesday
March 30
8:30-10:00

Back to Basics: Intersection Design and Improvements Part I (5 CEU)
Room: 306
President: Mike Holloway, Specialty Projects Group Manager, Design Division, INDOT

Design Choices and the Resulting Operational Implications
Michael Cline, Transportation Services Manager, American Consulting, Inc.

Intersection Safety Considerations
Tom Ford, Associate Vice President, Edwards & Kellogg

Context Sensitive Solutions Part I (4 CEU)
Room: 202
President: Gary Mencik, Chief, Design Division, INDOT

US 52 (Brookville Added Lanes Project)
Kevin Jassinski, Project Manager, American Consulting, Inc.
Christopher Murphy, Department Manager, American Consulting, Inc.

I-465 Fastrack Project, Indianapolis
Kevin Pusleck, Project Manager/53 Consultants, ASDM Architecture, LLC

County Surveyors Association Meeting
Room: 314
President: Scott Ziegler, Surveyor, Noble County
Business Meeting All Day

Wednesday
March 30
8:30-10:00

INDOT Major Projects Update
Room: 302
President: Chris Raynes, Manager, Project Management, INDOT

Ohio River Bridge Project
Ed Cox, Project Manager, Contracts and Construction Division, INDOT

US 69 Corridor Project
Janice Osadczuk, Chief, Environment, Planning, and Engineering Division, INDOT
Lyle Sadler, I-80 Project Manager, INDOT

US 31 Corridor Project
Chris Raynes, Manager, Project Management, INDOT

Real Property Acquisition (New Regulations for the Uniform Act-49 CFR) Part I
Room: 204
President: Ken Woodruff, Realty Officer, FHWA Indiana Division

The Uniform Act Rewrite – Relocation Issues
David Walterscheid, Realty Specialist, Office of Real Estate Services, FHWA

The Uniform Act Rewrite – Appraisal/Acquisition Issues
David Walterscheid, Realty Specialist, Office of Real Estate Services, FHWA

Break Room
Wednesday
March 30
8:30-10:00

Recent Developments in Pavement Technology and Design
Room: 2145D
Presenter: Barry Partridge, Chief, Research Division, INDOT

Lowel Bar Retrofit Specifications
Tommy Nantung, Section Manager, Research Division, INDOT

High-Performance Concrete for Bridge Decks
Tony Zander, Assistant Quality Assurance Engineer, Materials and Tests Division, INDOT

Mechanistic Empirical Pavement Design Guide
Tommy Nantung, Section Manager, Research Division, INDOT

Pavement Preservation
Walter Flera, Pavement Management Engineer, Program Development Division, INDOT

Concrete Technology Training
Ryn Walker, Quality Assurance Engineer, Materials and Tests Division, INDOT

Repair and Maintenance of Asphalt Roads
Room: 218
Presenter: Lloyd Bandy, Executive Director, Asphalt Pavement Association of Indiana

HMA – The Truly Flexible Pavement
David Andrews, Materials Engineer, Materials and Tests Division, INDOT

Guide Specifications for Local Governments
Garry Huber, Associate Director, Heritage Research

the safety edge
Elizabeth Paskesz, Assistant Asphalt Engineer, Materials and Tests Division, INDOT

Ohio’s Experience with Thin Polymerized Overlays
H. Wayne Jones, District Engineer, Asphalt Institute

Wednesday
March 30
8:30-10:00

Safety Issues
Room: 310
Presenter: Rick Drum, Safety Engineer, FHWA Indiana Division

LTPA Program – Case Studies
Laura Johnson, Project Manager, Indiana LTPA, Purdue University

An Update on Indiana Highway Traffic Safety
Jose Thomas, Statistical Database Analyst, Center for the Advancement of Transportation Safety, Purdue University

Computer-aided Safety Management through Roadway Improvements: Software Demonstration
Andrew Tarko, Professor, School of Civil Engineering, Purdue University

Storm Water Quality Management in Transportation Part 1 (3 CEU)
Room: 322
Presenter: Lynn Corson, Director, Indiana Clean Manufacturing Technology and Safe Materials Institute, Purdue University

Biological storm water quality BMP use and selection for transportation projects will be presented, including engineered swales, extended detention basins, sustainable joint design, and constructed wetlands.

Theodore Binhink, Principal, Williams Creek Consulting
Sarah Baxter, Staff Scientist, Williams Creek Consulting

Break Room
Wednesday
March 30

**Utilities Task Force Final Report**
Room: 311
Presider: Richard Smutzer, Chief Engineer, INDOT

**Update on Proposed Administrative Rules**
Richard Smutzer, Chief Engineer, INDOT

**Finalized White Paper and Executive Summary**
Ted Brunner, Senior Vice President, Milestone Contractors LLP

**Early Utility Relocations along US 421**
Brad Thorstein, Area Engineer, Crawfordsville District, INDOT
Wes Shaw, Area Engineer, Crawfordsville District, INDOT

**Pregrade Contract on SR 129 Allowing Early Utility Relocations**
Brad Wathen, Project Engineer, Seymour District, INDOT

---

**Back to Basics: Intersection Design and Improvements Part II (3 CEU)**
Room: 306
Presider: Mike Holowaty, Specialty Projects Group Manager, Design Division, INDOT

**Indiana Design Manual Chapter 45...**
Mike Holowaty, Specialty Projects Group Manager, Design Division, INDOT

**Interchange Ramp Terminus Design Considerations at the Cross Road**
Gary Pence, Project Management Engineer, Design Division, INDOT

**Context Sensitive Solutions Part II (3 CEU)**
Room: 202
Presider: Gary Mrozika, Chief, Design Division, INDOT

**Accelerate 465 Project, Indianapolis**
Mark Urban, Vice President, HNTB Corporation
Scott Sieker, Senior Urban Designer, HNTB Corporation
Craig Churchward, Director, Context Sensitive Solutions, HNTB Corporation

**Panel Discussion**
Richard Philabaum, Landscape Architect, Design Division, INDOT
David Holtz, Chief, Program Development Division, INDOT
Chris Ogil, Senior Project Manager, The Schneider Corporation
Kate Zale, Senior Project Manager, The Schneider Corporation

---

**INTERESTED IN BRUSHING UP ON YOUR PLAN READING SKILLS ON YOUR OWN TIME OR TRAINING NEW STAFF WITH LESS EFFORT? THE JTRP BRIDGE AND PLAN READING CD COURSES ARE AVAILABLE FOR PURCHASE NOW AT THE ROAD SCHOOL REGISTRATION DESK.**
Wednesday
March 30
10:15-11:45

Highway Administration and Management
Room: 218
Presider: Brad Davis, Highway Director, Hamilton County

GAM 34 Update
Mike Niessen, Director, Government Fixed Asset Services

Rules for Borrowing for Locals
Gary Malone, Executive Partner, Umbaugh & Associates

Pros and Cons of Internet Bidding Panel Discussion
Andrea Johnson, Deputy Director, Indiana Association of Cities and Towns
Rick Merrasse, Purchasing Manager, City of Lafayette
Cheryl Adams, Vice President, Indiana Equipment Distributors Association

Real Property Acquisition (New Regulations for the Uniform Act-49 CPR II Part II)
Thaddeus D. Page
Presider: Ken Woodruff, Realty Officer, FHWA
Indiana Division

State Relocation Methodologies in Light of New Uniform A2 Regulations
Todd Clink, Relocation Supervisor, Land Acquisition Division, INDOT

Local Public Agency ROW Guidance Manual Update
Virginia Smith, Supervisor, State and Local Contracts Unit, Land Acquisition Division, INDOT

Break Room

Wednesday
March 30
10:15-11:45

Repair and Maintenance of Concrete Roads
Room: 302
Presider: Mike Byrne, Executive Director, Indiana Chapter, American Concrete Pavement Association

Rehabilitation and Repair of Concrete Streets
Scott Halslip, Director of Streets and Local Roads, American Concrete Pavement Association

Making Concrete Roads Smooth and Quiet with Diamond Grinding
Gary Aamold, Highway Services

Storm Water Quality Management in Transportation Part II (3 CEU)
Room: 322
Presider: Lynn Conson, Director, Indiana Clean Manufacturing Technology and Safe Materials Institute, Purdue University

Biological storm water quality BMP use and selection for transportation projects will be presented, including engineered swales, extended detention basins, sustainable road design, and constructed wetlands.

Theodor Blatnik, Principal, Williams Creek Consulting
Sarah Baxter, Staff Scientist, Williams Creek Consulting

Techniques for Effective Technical Testimony
Room: 214CD

Have you ever been called upon to testify in matters such as condemnation proceedings or right-of-way disputes, but you were not sure how to prepare or what approach to take? This session offers some helpful suggestions to make your testimony more meaningful and less stressful.

Mary Davidson, Chief Environmental Law Judge and Director, Office of Environmental Adjudication, State of Indiana
Wednesday
March 30

Urban Issues
Room: 310
Presider: Jan Mills, Mayor, City of West Lafayette

Selecting Trees for Downtowns and Street Projects
Pam Louks, Community and Urban Forestry Coordinator, Forestry Division, IDNR

Sidewalk Management – ADA Issues in Indiana
Greg Fehnbach, Attorney at Law, Fehnbach Group

Assessment and Selection of Storm Water BMPs for Highway Construction, Retrofitting, and Maintenance
Room: 202
Presider: Lynn Conson, Director, Indiana Clean Manufacturing Technology and Safe Materials Institute, Purdue University

While many Indiana communities are working to comply with the statewide general permit for storm water discharges, INDOT applying for an individual permit. Attend this session to hear the details of INDOT’s implementation of a Storm Water Quality Management Plan.

David Hayward, Transportation Design Section Head, Christopher B. Burke Engineering Ltd

Exhibitors Luncheon

Back to Basics: Culvert Hydraulics
Part 1 (1.3 CEU)
Room: 310
Presider: Miemi Dougherty, Hydraulics Engineering Supervisor, Design Division, INDOT

This session will discuss hand calculations, nomographs, and the HY-8 computer model for performing culvert hydraulics. INDOT culvert sizing also will be discussed.

Louis Feagans, Hydraulic Project Manager, Design Division, INDOT
David Finley, Environmental Engineer, CTE Engineers, Inc.
Wednesday
March 30
1:30-3:00

Back to Basics: Geosynthetics and Road Applications Part II (3 CEU)
Room: 213
President: Craig Miskowicz, Regional Sales Engineer, Contech Construction Products, Inc.

Polymer geosynthetics offer an excellent, cost-effective way for highway construction engineers to deal with soft wet soils in roadway construction. In this session you will learn the basic applications of this material.

Athar Khan, Chief Geotechnical Engineer, Materials and Tests Division, INDOT
Graig Williams, Engineered Products Consultant, Tenax Corporation
Jim Senneman, Sales Manager, Contech Construction Products, Inc.
Duane Alversion, Highway Engineer, Lake County

Leadership as an Attitude
Room: 218

This workshop will help you assess your personal leadership skills and provide you with the knowledge to understand the importance of workplace attitudes and how they affect total performance and effectiveness. You will learn six quick attitude adjustment techniques for creating productive work environments, as well as several ways to “give away” your positive attitude.

Rodney Vanderwee, Associate Professor, Organizational Leadership and Supervision, Purdue University

Wednesday
March 30
1:30-3:00

Maintenance Issues Part I
Room: 214CD
President: Jerry Thompson, Operations Engineer, Seymour District, INDOT

Anatomy of a Pothole
Bryan Veale, Maintenance Field Engineer, Vincennes District, INDOT
Chris Hosteller, Maintenance Field Engineer, Vincennes District, INDOT

Use of Gabions for Stabilization
Chris Moore, Maintenance Field Engineer, Greenfield District, INDOT

Safety Issues for Maintenance Workers
Mike Hougland, Safety Coordinator, Seymour District, INDOT

Highway Drainage and Culverts Setup
Tom Duncan, Environmental Services Manager, Environmental, Planning, and Engineering Division, INDOT

Break Room
Wednesday
March 30

1:30-3:30

Transportation Issues Part I (.3 CEU)
Room: 318
Presider: Jennifer Pryz, President, ITE Indiana Section, and Senior Transportation Engineer, Edwards & Kelcey

The Role of an ADA Coordinator in Creating Accessible Environments
Juli-Patmi, Coordinator, Mayor’s Office of Disability Affairs, City of Indianapolis

Road Diet
Janet Rossolke, Lead Transportation Engineer, Parnell/Branderhoff

Predicting Safe Operating Speeds along Two and Four Lane Roadways
Andrew Tarko, Professor, School of Civil Engineering, Purdue University
Alberto Figueroa Medrano, PhD Candidate, School of Civil Engineering, Purdue University

Transportation Security Issues
Room: 311
Presider: Jim Turley, Indiana LTAP, Purdue University

Protecting Indiana’s Transportation Assets: Vulnerability, Countermeasures, and Emergency Response
Jon Fricker, Professor, School of Civil Engineering, Purdue University

Transportation Security Awareness and Training: Identification and Training
Johnson, Professor and Director of the PRISM Center, School of Industrial Engineering, Purdue University

MDOT Transportation Security Mock Drill for Indiana
Johnson, Professor and Director of the PRISM Center, School of Industrial Engineering, Purdue University

Repair and Maintenance of Gravel Roads
Room: 302
Presider: Robert Jones, Executive Director, Indiana Mineral Aggregates Association

Why We Need Quarries and Where They Come From
Joe Mayfield, Sales Representative, U.S. Aggregates Company

Products and Techniques to Build Your Gravel Roads of the Future
Kevin Myers, Highway Supervisor, Clinton County

Why We Have an Aggregates Association
Robert Jones, Executive Director, Indiana Mineral Aggregates Association

Transportation Fraud (Project Site Detection)
Room: 306
Presider: Ken Woodrufl, Realty Officer, FHWA Indiana Division

Fraud Schemes on Federal Aid Projects
Mark Patena, Special Agent, US DOT Office of the Inspector General

DBR Compliance and Fraud Schemes
George Roney, Manager, Economic Opportunity Section, INDOT

EEO Compliance and Fraud Schemes
Vicki Thomas, EEO Compliance Manager, INDOT

Open School Agenda
Wednesday
March 30
Program Sessions
1:30-3:00

Urban Issues II
Room: 322
Presider: Andrea Johnson, Deputy Director, Indiana Association of Cities and Towns

Bicycle Paths Planning for Multi-jurisdictional Areas
Michelle Barriaga, Transportation Planner, NW Regional Planning Commission

Barrett Law – Successful Uses and Case Studies
Sue Bessey, Attorney at Law, Bingham McHale LLP

Do’s and Don’ts of Sign Ordinances
James Stephenson, Attorney at Law, Stephenson Morrow & Sembler

Will Your Project Make the Cut? Part I
Room: 204
Presider: David Holtz, Chief, Program Development Division, INDOT

INDOT is screening all state and local federal aid preservation and bridge projects, as well as added capacity and safety projects, against their system modeling software outputs. Attend this session to see how this part of the black box works.

Pavement Management
William Riza, Pavement Management Engineer, Program Development Division, INDOT

Condominium Management
John Nagle, Safety/Condominium Management Engineer, Program Development Division, INDOT

Bridge Management
Jafar Golkar, Bridge Management Engineer, Program Development Division, INDOT

Wednesday
March 30
Program Sessions
3:15-4:45

Back to Basics: Culvert Hydraulics
Part I (3 CEU)
Room: 210
Presider: Merri Dougherty, Hydraulics Engineering Supervisor, Design Division, INDOT

This session will discuss hand calculations, nomographs, and the HY-8 computer model for performing culvert hydraulics. INDOT culvert sizing also will be discussed.

Louis Feagans, Hydraulic Project Manager, Design Division, INDOT
David Finley, Environmental Engineer, CTE Engineers, Inc.

Back to Basics: Geosynthetics and Road Applications Part II (3 CEU)
Room: 213
Presider: Craig Miskowicz, Regional Sales Engineer, ConTech Construction Products, Inc.

Polymer geosynthetics offer an excellent, cost-effective way for highway construction engineers to deal with soft soil issues in roadway construction. In this session you will learn the basic applications of this material.

Afsar Khan, Chief Geotechnical Engineer, Materials and Tests Division, INDOT
Greg Williams, Engineered Products Consultant, Tenax Corporation
Jim Sammaren, Sales Manager, ConTech Construction Products, Inc.
Duane Alverson, Highway Engineer, Lake County
Corn is not the only thing we grow in Indiana...join us for a look at some "home grown" ideas supplied by various counties, cities, towns, and state highway and maintenance departments around the state.

Moderator: James Reed, Publisher, Indiana Public Works News

Impact of Storm Water Run-off from County Roads on Water Quality and Stream Hydrology

Room: 302
President: Lynn Conklin, Director, Indiana Clean Manufacturing Technology and Safe Materials Institute, Purdue University

Introduction
William Hoover, Extension Coordinator, Department of Forestry and Natural Resources, Purdue University

Hydrologic Impacts of Roads in Forest Watersheds
Laura Bowling, Assistant Professor of Watershed Hydrology, Department of Agronomy, Purdue University

Examples of Hydrologic Impacts of Storm Water Run-off from Forest and Other Roads
Duane McCoy, Watershed Conservation Forester, Indiana Department of Natural Resources

Water Quality and Biological Impacts of Stream Crossing Structures in the Hoosier National Forest
Anne Timm, Aquatic Ecologist, USDA Forest Service, Hoosier National Forest
Wednesday
March 30
3:15-4:45

Our Transportation Heritage: Two Case Studies
Room: 322
Presenter: Jim Turley, Indiana LTAP, Purdue University

Two recent projects in central Indiana are the fulfillment of a vision of acquiring the past and are modes for the process of developing volunteers and creative funding to make it happen. Attend this session to hear insights into what was accomplished and how these projects can be a benchmark for your community.

Dan McCain, President, Wabash and Erie Canal Association
Kevin O'Brien, Executive Director, Tippecanoe County Historical Association

Transportation Issues Part II (2 CEU)
Room: 318
Presenter: Jennifer Pytz, President, ITE Indiana Section, and Servor Transportation Engineer, Edwards & Kelcey

INIDOT/DRB Cooperative Projects
Tom Holman, Division of Engineering, Indiana Department of Natural Resources

TEA-21 Reauthorization
Richard Romer, Vice President, ITE International and Transportation Engineer, Orth-Rodgers and Associates

Break Room

Wednesday
March 30
3:15-4:45

Use of Recycled Materials
Room: 209
Presenter: Bob McCullough, Research Scientist, School of Civil Engineering, Purdue University

Numerous innovative uses for recycled materials in transportation projects have been around for more than a decade now and additional uses are constantly being discovered. This session will bring you up to date on what is happening in recycling in Indiana.

Jim Alleman, Professor, School of Civil Engineering, Purdue University
Steve Pelt, Scrap Tire Reuse Coordinator, Indiana Department of Environmental Management
Monica Pizzuti, Professor, School of Civil Engineering, Purdue University

Will Your Project Make the Cut? Part II
Room: 204
Presenter: David Holtz, Chief, Program Development Division, INIDOT

INIDOT is screening all state and local federal aid presentation and bridge projects, as well as added capacity and safety projects, against their system modeling software outputs. Attend this session to see how this part of the black box works.

Pavement Management
William Fitzos, Pavement Management Engineer, Program Development Division, INIDOT

Congestion Management
John Nagle, Safety/Congestion Management Engineer, Program Development Division, INIDOT

Bridge Management
Jaffer Golshah, Bridge Management Engineer, Program Development Division, INIDOT
Wednesday
March 30

5:30-8:00
ITE Dinner
The Trails Banquet Facility
West Lafayette, Indiana
Social: 5:30pm
Dinner: 6:45pm
Program: 7:30pm

Speaker: Richard Romer,
International Vice President, ITE

Program: ITE Update and
Presentation of Scholarship Awards

Thursday
March 31

8:00-10:00
Indiana Street Commissioners Association
Meeting
Room: PMU West Faculty Lounge
President: Raymie Echerle, City of Jasper
Breakfast
Business Meeting
Federal Perspective on Roadway Safety
Rick Drum, Safety Engineer, FHWA Indiana Division

8:30-10:00
City Engineers Association Meeting
Room: 310
President: Opal Kuz, City of Lafayette
Business Meeting

County Auditors Association Meeting
Room: 314
President: Don Schoeffl, Huntington County
Business Meeting

County Commissioners Association Meeting
Room: 214CD
President: William Haalt, Executive Director
Legislative Wrap-Up
Other Issues
Thursday
March 31

8:30-10:00

County Highway Engineers and Supervisors
Association Meeting
Room 218
President: Dann Duncan, Harrison County

Business Meeting

INDOT Meeting Part I
(This session is open to the public)
Room: 302
President: Richard Smutz, Chief Engineer, INDOT

INDOT Design and Construction of Post-Tension Structures
Joe Showers, Chief Bridge Engineer, CDM Hill
Steve Fleming, Engineering Manager, Parsons
Brinkerhoff Quade & Douglas, inc.
Brian Hoppal, Project Manager, Walsh Construction Co.

Pavement Smoothness Awards
Dr. Mike Kuchler, Chet. Contracts and Construction Division, INDOT

Mayors Roundtable
Room: 202
President: Jan Mills, City of West Lafayette

Business Meeting

Break Room

INDOT Meeting Part II
(This session is open to the public)
Room: 302

SR 66 Storm Sewer Tunnel Project in Evansville
Jeff Lazell, Project Manager, Woolpert LLP
Peggy Garner, Associate, Lyman Henly Inc.
Scott Ludlow, President, Earth Exploration, Inc.
Curt Schum, Area Engineer, Vincennes District, INDOT
Kurt Putz, Area Engineer, Vincennes District, INDOT
Mark Rybak, Project Manager, Affholder, Inc.

Round Table Discussions
Room: PMU South Ballroom

INDOT Long-Range Plan and Program
Moderator: David Halt, INDOT

GASB 34
Moderator: Mike Nielsen, Government Fused Asset
Services, Inc.

Build Indiana
Moderator: Vicki Kitchin, Indiana Constructors, Inc.

Local Option Highway User Tax
Moderator: Tom Martin, Indiana LTAP
