- Electronic resources usage, impact, value and purposes of project.
- What we have done:
  -.StatusBadRequest (on the site).
  - The inclusion of the archive in a collection with the system  (archive registration; EMERITUS - Entity deposit).
  - Legal regulations on the EA considered the Faculty Academic Council.
  - Appropriate managers of EA and responsible for the intellectual stimulation.
  - DOE documents are available in the Electronic archive of Donetsk National Technical University.
- We need to prove the role of open access in modern libraries.
