BLACKWELL
blackwell.com
Parker on the Web is an interactive, web-based workspace featuring the manuscripts in the world-famous Parker Library at Corpus Christi College.

Parker on the Web is the product of a partnership between Corpus Christi College and Stanford University. HARRASSOWITZ has the pleasure to announce that Version 1.0 will be available for purchase beginning October 1, 2009.

For further information please contact service@harrassowitz.de
http://parkerweb.stanford.edu · www.harrassowitz.de
“I depend on IEEE publications as a reliable primary source of scientific and professional information.”

– Eugene H. Spafford, Professor and Director, Purdue University
ACS Applied Materials & Interfaces will serve an interdisciplinary community of chemists, engineers, physicists, and biologists. The journal will focus on how newly-discovered materials and interfacial processes can be developed and used for specific applications. ACS Applied Materials & Interfaces will include articles on:

- advanced active and passive electronic/optical materials
- coatings
- colloids
- biomaterials and bio-interfaces
- polymer materials
- hybrid and composite materials
- friction and wear

Complete your ACS materials science portfolio of subscriptions

The introduction of ACS Applied Materials & Interfaces, with its focus on applications, will enhance the portfolio of existing ACS publications focusing on fundamental materials science discovery, including:

- Chemistry of Materials
- Langmuir
- Biomacromolecules
- Macromolecules
- The Journal of Physical Chemistry

To order your institutional subscription, contact your ACS Account Manager or call 888-338-0012 (U.S. and Canada) or 614-447-3674 (Outside North America).
The double helix, the genetic code, jumping genes, the PCR technique, the human genome project, RNA interference...these and hundreds of other important advances in biology were announced, debated, and distilled at the Cold Spring Harbor Symposia. These meetings, held each year on the tranquil grounds of one of the world's leading research institutes, have been notable events in biomedical research since 1933. Centered on a different and timely field of research each year, the participants in these meetings are hand-picked luminaries and rising stars of the field. The contributions recorded in each Symposium volume, along with the accompanying photographs, make a unique addition to the scholarly history of science in the 20th century and to the emergence of molecular and cellular biology as the current drivers of all aspects of biomedical research.

Now this essential archive is online and includes the following highly influential volumes:

1946: Heredity and Variation in Microorganisms
1953: Viruses
1966: The Genetic Code
1980: Movable Genetic Elements
1987: Evolution of Catalytic Function
1990: The Brain
2003: The Genome of Homo sapiens

A one-time payment brings your institution perpetual access to 70 years of influential and groundbreaking research from one of the most important research institutions in the world. The online archive dates from 1933 to 2003.

This essential online resource is hosted on the HighWire platform, and accessible via IP address.

Visit www.cshsymposia.org for details.

The Journal Publishing Program of the American Physiological Society (APS) covers the entire spectrum of physiology—examining major physiological systems, from the cellular and molecular to the organ and system level. These prestigious peer-reviewed journals are available in print and online. An online subscription to the APS journals provides you with immediate access to the latest issue of the journal as well as with continued access to all content published previously online. Subscribers to the online journals also get access to the fastest possible publication of original research articles through our Articles in Press feature—articles published in manuscript form within a few days of acceptance. The APS journal titles are:

• American Journal of Physiology (AJP consolidated)
• AJP-Cell Physiology
• AJP-Endocrinology and Metabolism
• AJP-Gastrointestinal and Liver Physiology
• AJP-Lung Cellular and Molecular Physiology
• AJP-Heart and Circulatory Physiology
• AJP-Regulatory, Integrative and Comparative Physiology
• AJP-Renal Physiology
• Journal of Applied Physiology
• Journal of Neurophysiology
• Physiological Genomics
• Physiological Reviews
• Physiology
• Advances in Physiology Education

The APS Journal Legacy Content is an “online package” of over 100 years of historical scientific research from 13 American Physiological Society (APS) research journals. This online package can be purchased at a one-time charge of $2,000 for perpetual use. The content goes back to the first issue of each of these APS journals—including APS’s first journal, the American Journal of Physiology, first published in 1898. The Legacy Content can be viewed as completely searchable scanned images of the printed pages. (find more info at: www.the-aps.org/publications/legacy)
AIP Greatly Expands Online Archive of Physics Today and AIP Conference Proceedings

Receive online access to Physics Today from 1948 to the present

If you subscribe to Physics Today in 2009, you’ll have the option to access the complete backfile of the magazine from 1948 to the most current issue. If you prefer, you may choose a subscription that only includes a five-year backfile — at no additional charge. The full 60-year backfile is also included in the AIP Select and AIP Complete packages. Subscribers to either package may add print for a discounted price.

We hope you’ll consider adding the complete backfile to your subscription and giving your patrons access to the most fascinating original articles and seminal, groundbreaking research of the past 60 years.

To learn more, visit librarians.aip.org/physicstoday.html.

Now access AIP Conference Proceedings back to Volume 1

In 2009, whether you subscribe to the complete Conference Proceedings series, or to any of our seven subseries, you’ll receive access to an online archive that extends back to Volume 1 (1970). AIP Conference Proceedings are also available as part of the AIP Complete package.

Conference Proceedings are hosted on AIP’s robust Scitation platform and usage can be tracked with the Scitation Usage Reports Service. Proceedings papers are indexed in SPIN, Inspec, Web of Science Proceedings, and are included in CrossRef.

For more information, go to proceedings.aip.org.

KNOWLEDGE EMPOWERS. As your researchers and students pursue new ideas and innovation, empower them with Wiley-Blackwell’s outstanding collection of Online Books.

This rich and comprehensive library combines award-winning research in the sciences, technology, medicine, social sciences, humanities, and business disciplines with powerful search functionality and cross-links to our prestigious journal collection as well as to other eminent content both within and outside the Wiley InterScience platform.

With more than 6000 monographs now online, including numerous landmark book series, Wiley-Blackwell Online Books ensure that your library offers the most up-to-date, quality content to empower your patrons in their pursuit of great ideas.

For your free trial, visit www.interscience.wiley.com/onlinebooks
Enrich your academic research programs in computer science and information technology management with a complete scholarly book collection, for a fraction of the combined print cost.

- Perpetual access to complete collection of nearly 1,000 scholarly and reference books from 2000-2008 for a one-time fee
- Aggregated full-text database of nearly 25,000 chapters, reference entries, and proceeding papers
- Unlimited simultaneous use throughout your institution
- Deep coverage of 20 subject categories including artificial intelligence, biomedical technology, and distance learning
- Current-year purchase and annual subscription options also available
- Discounts for consortia and other multi-site groups

Visit www.infosci-books.com today to register for your free, 30-day trial!

Ranked 10 out of 10 by Library Journal!
YBP Library Services is the most trusted full service scholarly information provider. Whether your needs call for electronic or print content, we offer the broadest selection of titles with the highest fulfillment rates.

We are committed to providing our customers with the most comprehensive suite of services including web-based collection development and acquisition tools as well as technical service and workflow solutions.

Everything YBP does rests upon the finest customer service tradition in the business of academic bookselling. We are ready to serve you and welcome the opportunity to discuss your needs. Please come and visit us at the ALA Midwinter Conference -- Booth #2121.
The express resource for academic, institutional and corporate libraries

The ASME Digital Library
www.asmedl.org

Meet your research needs with access to ASME technical publications on a single platform

All 21 of ASME’s Transactions Journals, Applied Mechanics Reviews, and more than 100 ASME annual conference proceedings volumes are available on a single platform – with integrated searching and linking features!

The ASME Digital Library features over 13,000 journal articles along with more than 30,000 conference proceedings papers.

Examine the most current or explore archival content

- Content added continually. Ultimately the data will encompass the complete archive of ASME journals dating back to their initial issues
- Future upgrades include additional archival proceedings and selected ASME E-books

Just a click away!

Now engineers, scientists and researchers have a full range of information, features, and services right at their fingertips:

- Contents alerts and RSS feeds
- Abstract-level searching without subscription
- Links to cited source articles from other publishers via CrossRef
- Links to abstracting and indexing databases enabling the retrieval of related articles including those that cite source material
- Ability to download citations to a variety of citation managers
- COUNTER compliant statistics and usage reports
- Ability to create and share virtual article collections
- Full-text articles (for subscribers)
- Pay-per-view available
- Hosted on the Scitation® platform

Save 25% now

Save 25 percent or more (off the individual rates) when you order a journal or conference proceedings package! Check out your subscription options at the Web site.

EXAMINE SOCIAL HISTORY IN AMERICA

With this “Must-Have” Ten-Volume Encyclopedia on 20th Century American Social History

Social History of the United States
10 Volumes

Brian Greenberg, Gordon Reavley, Richard Greenwald, Linda S. Watts, Alice George, Scott Beekman, Cecelia Bucki, Mark Ciabattari, John Charles Stoner, Troy D. Paino, Laurie Mercier, Peter C. Holloran, Andrew Hunt, and Nancy Cohen

The history of the United States in the 20th century is not just the story of its famous leaders. It is the story of the laborers caught up in the progressive movement, the soldiers in the trenches, the marchers in the women’s and civil rights movements, the minorities fighting for acceptance and legal inclusion, the citizens enduring the Cold War, and other ordinary people living in both ordinary and extraordinary times.

FEATURES
• Entries covering the lives and contributions of ordinary citizens, social movements, religion, culture, the arts, economic and labor issues, and other aspects of American life across the 20th century
• Contributions by accomplished researchers in the field of American social history
• Sidebars providing additional emphasis on important issues and less well-known personalities

October 2008, 3,330 pp., 7x10, EAN 978-1-59884-127-5, $995.00  eBook is available. Call for pricing.

Check our website regularly for discounts on select titles and to see our new Video Podcasts featuring ABC-CLIO authors and editors!

- including standing orders with recent shipment history

Contact us today for \textbf{ANYTIME ACCESS} to all of your Book House, Inc. firm and standing orders.

Jobbers serving libraries with any book in print.
Preface
Continuations and standing orders represent a frustrating and time-consuming area of book acquisitions. Efficient management of continuations requires a staff knowledgeable in all aspects of standing order procedures, with prompt and accurate service being essential.

Midwest Library Service has been providing continuation and standing order programs to libraries for over three decades with the same commitment to high quality as our firm order service: prompt delivery, accurate invoicing, immediate reporting, convenient communications, and personal Library Service Representatives. Our reputation for excellence is well established and we invite you to place your continuations list with us.

Scope
Our Continuation & Standing Order Service encompasses most series and continuations from U.S. publishers. Our services do not include supplying magazines, journals, or loose-leaf updating services.

Procedure
Our Continuation & Standing Order Service incorporates both automated systems and personal surveillance. Instead of relying on the filing and ordering systems of the publishers, we place orders for specific volumes as books are due to be published. If the next item in a series is not received when scheduled, we initiate a new order for the same item. This procedure helps avoid potentially missed volumes and eliminates any dependence upon the publishers’ fulfillment systems. If in-house information is not available on future volumes to be published, we call the publisher for future projections and publication schedules. This information is then used to update our new title records.

Advantages
1. Because of our method of ordering specific volumes, we are in regular communication with the publishers.
2. Our status reports are prompt and accurate and should eliminate library claims.
3. Specific claims from an individual library resulting in an updated status report will generate new status reports to all libraries ordering the same series.
4. We do not drop ship.

Quality service depends on good communications between the library and the jobber. Your personal Library Service Representative and our convenient communications provide easy access to us regarding your continuation orders. We invite you to try our service by sending us your next list of standing order titles.
