1. Resident Engineering Instruction

Four-year curricula lead to degrees in aeronautical, agricultural, chemical, civil, electrical, mechanical, and metallurgical engineering, engineering-law, air transportation, and engineering mechanics.

2. Engineering Research

The Purdue Engineering Experiment Station is conducting engineering investigations of value to industries, railroads, road constructors, public works and public utilities, to the government, and to the public in general.

3. Engineering Extension

The Technical Extension Division is carrying the benefits of the University to the citizens of the State by means of intensive courses, extension classes, conferences, and special services of distinct value to the industries, utilities, and public works of Indiana.

Inquiries concerning courses of instruction in engineering, the Engineering Experiment Station, the engineering extension activities, or the engineering publications of Purdue may be addressed to:

DEAN OF ENGINEERING,
Purdue University,
Lafayette, Indiana.
