BOB.
The New Blackwell's Online Bookshop.

The Library Source for Scholarly Titles

Fast. Friendly. Smart.

Blackwell's has been a trusted source of books for the scholarly community for more than 120 years. Blackwell's bookshops are known for their friendly, expert staff and their ability to locate and order any book in print.

Blackwell's has taken that expertise and created BOB, Blackwell's Online Bookshop, the fastest, most comprehensive resource for both US and UK scholarly titles, out-of-print books, popular titles, and resources created expressly for the library community. Reviews are included as well.

BOB makes ordering books for your library easier than ever before. BOB honors major credit cards and allows libraries to set up institutional accounts.

BOB is fast.
BOB is dedicated to librarians.

BOB delivers...

You can. Introducing ProQuest Health™ designed with lay users in mind. Dependable healthcare information that’s current, comprehensive, and easy to search. It covers an incredible range of topics, from surgical procedures to nutrition. All in language that’s easy to understand. Plus, unlike many Web-based healthcare databases, the information comes from only the most trusted sources such as ProQuest’s periodical and newspaper databases, World Book Encyclopedia, adam.com’s Medical Illustrated Encyclopedia, Medical Economics, Inc.’s PDR Family Guides, and much more. So the information is always credible, dependable, and monitored. ProQuest Health. One incredible body of information. www.proquest.com.

For more information, call 800.521.0600 x3183 or x3452.
More than a century in the making.

Less than a minute to behold.

PsycINFO®, the comprehensive electronic resource from the American Psychological Association. Covering more than 1,600 scholarly journals and 1.7 million abstracts in the social and behavioral sciences, from 1887 to today. Unmatched in its depth. Unequalled in its breadth. The premier bibliographic database for exploring psychology and its wider applications to business, medicine, law, education, family, and more.

Now, take research to the next level of understanding with PsycARTICLES®, offering immediate electronic access to the full text of journal articles published by APA and allied organizations. Precision searches. Authoritative results. PsycINFO and PsycARTICLES. Available directly from APA or through leading database vendors. Where a world of research comes clearly into view.

For a FREE 30-DAY TRIAL of PsycINFO and PsycARTICLES, or for more information, call 800-374-2722 or 202-336-5650, E-mail psycinfo@apa.org, or visit www.apa.org/psycinfo.

APA is pleased to announce that cited references will be added to the PsycINFO database in 2002.
HARRASSOWITZ

...specializes in supplying scholarly monographic works and literary texts in all languages from all European countries, with special emphasis on German-language publications originating in Germany, Austria and Switzerland. We provide subscription services for journals published in Continental Europe and Great Britain with increasing emphasis on North American publications. Our electronic journal services include global coverage from scholarly publishers.

Tradition of Excellence
For over 125 years, ASCE Journals and Periodicals have continued to deliver state-of-the-art technical and professional information that advances the practice of the civil engineering profession. The journals continue their tradition of information integrity through the reliability of peer review, their comprehensive scope of coverage, and the continuity and consistency of a journals program that has been at the forefront of publishing civil engineering information. The American Society of Civil Engineers knows what it takes to deliver excellence in journals and periodicals.

Premiere Information Outlet for Civil Engineers
ASCE's Journals & Periodicals are the leading source of current research and applications for civil engineering professionals worldwide. It's where the leading civil engineering experts from around the world publish their ideas, opinions, and research. Over 1,500 academic and practitioner-oriented articles published each year deliver cutting-edge concepts and technologies that drive the profession forward.

ASCE Online Journals Harness the Latest Digital Technology
The most powerful civil engineering research tool available online, this electronic library of all 29 ASCE Journals and Periodicals provides full-content, fully-searchable journal articles in an online environment built for speed and easy navigation. Now have at your fingertips a wider world of civil engineering research and applications.

✓ CrossRef Reference Linking. With ASCE as a participating partner in CrossRef, your patrons can follow a trail of research as never before. CrossRef allows researchers to click on reference citations in ASCE journal articles and immediately link to the bibliographic records of more than 70 other scientific and technical publishers' articles. (available 2002)

✓ Extended Online Archive—1995 to the present. As part of your 2002 subscription, you will get access to all online archive issues for the journal(s) you subscribe to—from 1995 to the present—at no additional cost. (available 2002)

✓ Contents Alert. This FREE alerting service by E-mail provides advance notice of the tables of contents for ASCE Journals & Periodicals. (available 2002)

✓ FREE Civil Engineering Database (CEDB). Provides free access to over 90,000 bibliographic and abstracted records from ASCE journals, proceedings, and other publications. Link directly from the journal search results to the online article.

Access the ASCE Online Journals Program and Civil Engineering Database at www.pubs.asce.org

Since YBP released GOBI in 1996, libraries and consortia have taught us a lot about the features they want to select books, to order books, to manage profiles, and to track standing orders. You'll find your own ideas in **GOBI Edition 2™**

We can't promise to fulfill all your dreams, but we'll give you everything you want online from a book vendor.

**GOBI Edition 2™** is your system.

**GOBI set the standard for the 20th century.**

**GOBI Edition 2 will set the standard for the 21st.**
Swets Blackwell is there to help you take control of the complex and time-consuming processes involved in managing electronic content. From rapid set-up of electronic subscriptions to full integration with library management and e-procurement systems and advanced article delivery solutions, we can help.

Our sophisticated aggregator service enables speedy delivery of several thousand e-titles from a multitude of prestigious publishers right to your desktop. Want to learn more? Visit us at www.swetsblackwell.com/ejs
SIAM institutional (academic and/or corporate) members, plus other qualified organizations, are invited to participate in SIAM’s Book Approval Program. SIAM designed this program with the advice of librarians to ensure that institutions get the materials they need and are able to reject the materials they don’t. If you want to make sure your SIAM book collection is complete but don’t have time to read everything that crosses your desk or to stay on top of everything that is being published in this market, this program may be right for you.

Here is How It Works:
- The library designates the number of copies of each book in specific series that it would like to receive upon publication.
- The library evaluates each book it receives and has 90 days in which to return it in re-sellable condition at no cost to them.
- The library gets a 20% discount off the list price of every book they keep.
- The library will immediately receive an invoice and statements, but will be given 120 days to process payment.
- The library should initially provide a PO for their orders or instructions on letterhead regarding specific books or series in which they are interested.
- The library may cancel their approval plan at any time by notifying SIAM in writing.

What You Can Expect in 2001
SIAM published 23 titles in 2000, with an average list price of $60.72. The table above shows the number of existing backlist books in each series (as of June, 2001) and the number of books that SIAM expects to publish in 2001, by series and in total.

You can view descriptions of each book series at www.siam.org/books/bookser.htm. Check out previously published titles in each series at www.siam.org/books/serlink.htm. To enroll in the SIAM Book Approval Plan, which allows you to set up automatic delivery of books in any or all series with the right to approve or reject each book, contact SIAM Customer Service at service@siam.org. Or call 1-800-447-SIAM (US and Canada) or 215-382-9800 x319 (worldwide).

Jobbers serving libraries with any book in print.
Resources For Libraries

Rittenhouse regularly stocks titles from more than 300 medical and health sciences publishers. Our position in the health sciences publishing industry allows us to provide the latest products and to offer you competitive pricing. Seasonal specials and pre-publication pricing on selected titles are just two ways that we work to strengthen your buying power.

Electronic Services

www.rittenhouse.com Our site provides access to our full inventory database plus special sales information, links to related web sites, and email. Place orders 24/7!

OCLC® and Marcive® Seamless automated bibliographic control and support. PromptCat® from OCLC and bibliographic records from Marcive are all available with no added costs from Rittenhouse.

Rittenhouse Standard Services

• Approval plan, notification slip and standing order services in addition to standard firm orders.

• Shipping, order processing and consolidation to meet customer needs.

• Complimentary Brandon/Hill Medical, Nursing, and Allied Health reprints and monthly update service.

• OCLC PromptCat® and Marcive® card and bibliographic services.

• The Rittenhouse Quarterly Report features subject listings of recently published and forthcoming titles, special offers and discounts, and selected title highlights.

• Annual cost analyses and regular reporting on the health sciences industry and account status.

• Web access to Rittenhouse's full database and on-line ordering from our warehouse stock of more than 50,000 titles.

• Free shipping on non-rush orders via UPS ground service within the continental U.S.
The choice is yours. Create a digital collection from titles covering the breadth of science. Select from a suite of abstracting and indexing databases to provide a rich navigational environment. Elsevier Science offers you a range of information solutions tailored to the specific needs of your research community.

**FLEXIBILITY. CHOICE. VALUE.**

> The most comprehensive scientific, technical and medical information provider.

> The world’s largest network of scientific researchers.

> The value leader for the delivery of STM information services.

www.elseviersciencedirect.com
We may not be the most well-known book distributor, but we do seem to be very popular.

Our customers know about those big book distributors on Wall Street, but they keep coming back for our friendly service here on Main Street.

We may not be one of the corporate giants of the world, but that's just fine with us. Our focus has always been service, not size. We wanted our family business to exhibit the same values of our own family, like hard work, generosity, and kindness. We take good care of the libraries and other customers we serve by tracking down each and every book they request, triple checking orders for accuracy, and making sure we are always available to talk to them in person. We've made it a policy to treat our customers like friends, and as a result, many of them are.

Contact us today. We'd love to help you.

The nicest people in the book business
The Only Multi-volume Reference in the Field of Experimental Psychology

Stevens’ Handbook of Experimental Psychology
THIRD EDITION

Hal Pashler, PhD

Editor-in-Chief
Hal Pashler, PhD
University of California, San Diego, CA

Complete revised, expanded, and updated, Stevens’ Handbook of Experimental Psychology, Third Edition is the only multi-volume reference in the field of experimental psychology. This acclaimed resource offers comprehensive coverage of the latest research findings as well as the most recent contributions in experimental psychology and methodology.

Expanded into four volumes to reflect the explosion of research in neuroscience and experimental psychology, this new edition covers the following categories:

- Volume 1: Sensation and Perception
- Volume 2: Memory and Cognitive Processes
- Volume 3: Learning, Motivation, and Emotion
- Volume 4: Methodology in Experimental Psychology

Featuring an international team of expert contributors, this edition is a valuable resource for researchers, students, and academics working in the field of experimental psychology.

Editor-in-Chief, Professor Malcolm Warner, University of Cambridge

'No other title covers the world so comprehensively'
Booklist

'...there is nothing quite like it in terms of scope and scholarship currently available'
Against the Grain

'...is a must-have for any academic business library...
Business Information Alert

Since publication, in 1996 there have been tremendous advances in business and management which have necessitated the development of a new, improved second edition. IEBM 2nd Edition addresses these advances by updating all existing material, as well as adding a great deal more. This revision means that the printed encyclopedia now fills 8 volumes with fifty percent more entries and four million words. Additional countries are profiled in the new edition and there are even more biographical profiles of influential management thinkers, making IEBM 2nd Edition bigger and better than ever.
ACS Publications is #1 in total citations in more than half its ISI® subject categories.

The Most Cited Journals in Chemistry

When you choose journals from the American Chemical Society, you’re choosing the highest quality and value publications in chemistry and related fields.

ACS journals are repeatedly ranked as the top-rated journals in total citations by the ISI® Journal Citation Reports® in such chemistry categories as Analytical Chemistry; Applied Chemistry; Inorganic and Nuclear Chemistry; Medicinal Chemistry; Organic Chemistry; and—naturally—Chemistry.

In addition, ACS journals are the most cited journals in Agriculture; Education, Scientific Disciplines; Environmental Engineering; Environmental Sciences; Food Science & Technology; and Polymer Science—and highly ranked in Biochemistry, Chemical Engineering, Materials Science, Physical Chemistry and Toxicology.

With such new publications as Organic Letters (1999), Journal of Combinatorial Chemistry (1999), Biomacromolecules (2000), Crystal Growth & Design and Nano Letters (both 2001), and the forthcoming Journal of Proteome Research (2002), ACS Publications continues to grow in the service of chemistry and related disciplines. Just like we have since 1876.
Who? What? When? Where?

A library within a library
Wilson OmniFile Full Text, Mega Edition

- Delivers complete information on-screen—the full text of articles from more than 1,400 publications
- Makes your periodicals collection more accessible, by abstracting and indexing more than 2,700 publications
- Provides graphical content—photos, illustrations, charts, and diagrams, in PDF page images of articles
- Offers a start for further research, in links to websites cited by articles
- Presents current data: updates four times a week, with retrospective coverage as far back as 1982

Coverage of periodicals in:
- Business
- Humanities
- General Science
- Education
- Social Sciences
- Applied Science & Technology
- Law
- Library & Information Science
- Biological & Agricultural Sciences
- Art
- plus coverage of popular newstand publications!

Search a lifetime of magazine coverage at a keystroke!
Readers’ Guide Retrospective: 1890–1982

More than 100 years of articles from 512 magazines!
- Provides direct access to answers. Search by author, title, subject, keyword, journal, or year!
- Easy, thorough research for every user—from novice to expert. Updated, uniform subject headings allow searching by familiar, contemporary terms. Original subject headings are also featured, for researchers interested in the way issues of the day were framed.
- Seamlessly combines with contemporary research databases. Search Readers’ Guide Retrospective simultaneously with other Readers’ Guide databases on WilsonWeb, or with any other WilsonWeb database.
- An invaluable reference for anyone doing research.

Two-part release: Coverage 1969–1982 with 675,000 entries available August 2001. The complete database—1890–1982 with more than 2,500,000 entries—will be available Fall 2002.

Order your FREE TRIALS today!
Wiley InterScience, the online content service from John Wiley & Sons, features over 330 journals as well as major reference works and Current Protocols. Responding to customer requests, we have introduced a number of key changes to our 2002 licensing policies, allowing you more flexibility to choose the option that is best for your user community.

More options

Enhanced Access License (EAL)
In 2002, EAL customers benefit from these exclusive privileges:
- Unlimited concurrent user access to licensed titles, including current year and all available online back volumes
- ArticleSelect, our token-based service, providing access to articles in unlicensed titles
- Monthly usage reports offering title-by-title detail
- Expanded roaming access privileges so users can access Wiley InterScience directly from wherever they may be
- Sites eliminated as a factor in pricing

Basic Access License (BAL)
BALs, available for single-site customers only, offer full-text online access for one concurrent user per subscription. In 2001, BALs were bundled with print subscriptions. Beginning in 2002, you have the choice of print, online, or a package of online and print. The price for online is the same as for print. The price for the online/print package is only 5% higher than for print or online alone.

Special Notice to 2001 BAL Customers
Activate Your BAL now to retain E-Access to Archive Volumes!
As a special offer to our institutional customers, if you activate your Basic Access License before December 31, 2001 your institution will retain access to all available online back volumes of your currently subscribed journals.
Please contact us if you need assistance activating your license.

DISCOVER TWO NEW VIRTUAL JOURNALS
The Virtual Journal of Quantum Information and Virtual Journal of Applications of Superconductivity give users two new online sites with the latest articles in these dynamic fields, drawn from many of the premier publications in the physical sciences. Jointly developed by the American Physical Society and the American Institute of Physics, these freely accessible sites give you quick access to today’s cutting-edge research. The growing list of more than 45 participating journals includes Science, Nature, Physical Review, Physical Review Letters, Reviews of Modern Physics, Journal of Applied Physics, The Journal of Chemical Physics, Journal of the Optical Society of America, Medical Physics, Journal of Vacuum Science and Technology, and Annals of Biomedical Engineering. See www.virtualjournals.org.

GET TWICE THE BACKFILES AT NO INCREASE IN COST
Six-year online archives (1985-1991) have been added to most AIP journals. All 2002 subscriptions include a 5-year backfile (1997-2001) — but libraries may now choose each title with the extended 12-year backfile (1985-1996). The annual maintenance fee for the expanded archive version of most journals is $50. For The Journal of Chemical Physics and Journal of Applied Physics, the fee is $75.

CONSORTIA LICENSING
AIP's Online Journal Publishing Service (OJPS) platform hosts one of the most important collections of physical science journals online. Publishers include AIP, the American Physical Society, the American Vacuum Society, and MAIK Nauka Interperiodica (the publishing arm of the Russian Academy of Science). For more information, contact Monica Dragovich at mdrago@aip.org.
