Preface

The 80th Annual Road School was very well attended by members of all cooperating groups. In fact, the 1994 attendance is the second highest total registration in nearly two decades. The efforts of all who gave freely of their time toward the success of this venture are gratefully acknowledged.

The official registration totaled 1,249, the highest total since 1976 (1,272). The following table shows the Road School registrations (by classification) for recent years.

INDIANA NATIONAL QUALITY INITIATIVE

The 1994 Road School served as Indiana's National Quality Initiative Conference (NQI). Due to this joint venture, the Annual Road School was one of the largest NQI seminars held in the nation. The Quality theme of the 80th Road School was prevalent throughout the General and Topical Sessions during all three days.
