FEATURES

Practical Examples from the Field
The Acquisitions Workstation — Collection Development Style ............... 1
by Linda A. Brown — Collection development librarians can customize their workstations by building a Web page to cover three aspects of collection development: 1) public service and outreach efforts to our constituencies; 2) links to tools to enable selectors to use the Web and work more efficiently; 3) selection of Web resources.

Scatter and Save! An evaluation of the adoption of centralised classification and outsourcing ........................................ 18
by Eileen Hiller — At the University of Huddersfield (UK), technical services staff needed time to address issues such as managing electronic formats and as managing a growing student population. Here is how they managed their predicament.

TRAINING THE NEW SELECTOR ........... 22
by Thomas Izbički — There is a need to anticipate vacancies and to prepare for interim arrangements, to be followed by the orientation of a new colleague to a particular library environment.
