Acquisition and collection development are core to your library's commitment to serve. And Blackwell's is here to serve you! Once you've purchased resources, the next challenge is to make them accessible quickly, accurately, and affordably.

Blackwell's Shelf-Ready Services are at your beck and call:

**Electronic ordering:** Online, fast, easy, accurate and genuinely convenient

**Electronic invoicing:** Fast, efficient, and eliminates paperwork for you

**MARC with books:** Customize records for your library's online catalog

**PromptCat Services:** Full cooperation with OCLC if it is the operation you choose

**CIP record update:** Our staff upgrades CIP records quickly and accurately

**Tables of Contents (TOC):** Gives your patrons better access to full information about your resources, improving circulation

**Physical processing services:** From binding and spine labels to barcodes and more, count on Blackwell's for quality shelf-ready services

We're at your service. Let us help you save time and money, and put resources into circulation faster and more affordably. We're here to serve you...with shelf-ready services.

Visit us online at [www.Blackwell.com](http://www.Blackwell.com) for more information about our Shelf-Ready Services or call **800.547.6426**.
Change, Hi-Tech, Speed, Compete, Ahead, Data, Fast, New, Time, Future, Trust...

Swets Blackwell takes these words to live by.

SwetsWise, our web-based subscription service, enables you to manage your subscriptions faster and easier than ever before. Its crisp, clear design provides a snapshot of your subscriptions, new orders and their status, pending claims, and cancellations — all on one screen and all from your desktop. So you spend less time clicking and more time getting down to business.

For more information visit us at:

Introducing...

LinkSource™

- **Extend Your Research Capabilities**
  
  *LinkSource* is an OpenURL resolver designed specifically with the needs of research-orientated institutions in mind.

- **A Solution for Item Level Linking**
  
  Using *LinkSource*’s simple menu-driven interface, libraries can add specific item level linking to a wide variety of online information resources.

- **LinkSource Resources**
  
  Use *LinkSource* to link from article citations to any of the following...

  - A-Z lists of library E-Resource holdings
  - Aggregated full text databases
  - Document delivery services
  - E-Journal gateways and archives
  - Interlibrary loan systems
  - Online Public Access Catalogs
  - Web search engines

Science advances by making connections.

The connection starts here

11 ONLINE LIBRARIES: Fully indexed and searchable: Chemical Sciences
- Computer Science - Economics - Engineering - Environmental Sciences
- Geosciences - Law - Life Sciences - Mathematics - Medicine - Physics
  and Astronomy

INTERDISCIPLINARY RESEARCH: LINK subscribers can access literature
in our 11 online libraries, allowing them to search across a vast range
of information. For example, pharmaceutical researchers can find a wealth
of data on environmental sciences, lawyers gain in-depth knowledge on
areas from chemistry to mathematics to medicine.

FREE ACCESS: LINK offers tables of contents and detailed abstracts for
every publication at no cost. What's more, we supply up-to-date information
on research topics and background on the editors of each publication.

SOLVING THE SPACE CHALLENGE: Our online format enables organizations
to continuously expand their collections in the confines of existing space.

The LINK Online First™ service
lets users access peer reviewed
articles well before print publication,
significantly reducing the time it
takes for critical discoveries to
reach the research community.

A Growing Community.

Your community of users is growing in size and expectation.
In 2001, the IEEE had 377,342 members worldwide, the most in our history.
Libraries and IEEE, serving a growing community.

www.ieee.org
The choice is yours. Select from a range of journal collections spanning all fields of science, technology and medicine. Access articles from our expansive collection of backfiles. Navigate using our leading bibliographic databases. Customize online services for a specific research community or choose desktop decision-support for professionals. All are richly linked to provide full-text navigation to the world’s STM literature. You can create a suite of information solutions to suit the unique needs of researchers and practitioners.

FLEXIBILITY. CHOICE. VALUE.

Elsevier Science offers you:

- Trusted, comprehensive scientific, technical and medical information.
- Discovery resources millions of scientists and practitioners rely on.
- Value for the delivery of STM information services.

A WORLD OF
SCIENTIFIC &
TECHNICAL LITERATURE
AT YOUR FINGERTIPS...

**INSPEC**
At 7 million records and growing weekly, the INSPEC Database is recognized as the world’s leading bibliographic database in the fields of physics, electrical and electronics engineering, computing and control. Over 3,500 scientific and technical journals and some 1,500 conference proceedings, as well as numerous books, reports and dissertations, are scanned each year by INSPEC staff for relevant articles to abstract and index for inclusion in the Database.

**IEE JOURNALS**
- **Electronics Letters**— The world’s most cited journal in the field of electronics.
- **IEE Proceedings**— An international journal published under twelve titles containing current, original contributions in electrical, electronics, computing, control and communications technology.
- **IEE Review**— The IEE’s flagship publication provides insight into the rapidly advancing world of electronics and electrical engineering.
- **IEE Engineering Journals**— A series of professional journals providing in-depth coverage of a wide range of engineering issues and applications.

**IEE ONLINE PUBLICATIONS**
The IEE’s online publication service gives subscribers access to the full text of the IEE’s journals, conference publications and colloquium digests. Features include: Cross-journal searching of bibliographic records, browsable table of contents, and full articles stored in PDF format that may be viewed and printed with the Adobe Acrobat Reader. http://tci.iede.org/

**IEE BOOKS**
The IEE’s professional and academic book program offers books of the highest quality for professionals, academics and students, covering a wide range of subjects within electrical engineering and related disciplines.
6 Billion People Worldwide...
One Definitive Resource.

Annual Reviews has synthesized the vast amount of primary research and identified the principal contributions in specific disciplines of Biomedical, Physical and Social Science.

Affordable single and multiple site license agreements help to maximize library budget dollars and tailored agreements can be developed to meet any institutional need. Effortless navigation and powerful search capabilities are supported through seamless online access and allow both librarians and patrons to search across multiple disciplines within the Annual Reviews collection (29 series) providing Connectivity to research literature of the highest caliber. In addition, interlinkage to all 240+ journals hosted by HighWire Press™ and all participating CrossRef publications, as well as Medline® and ISI's Web of Science® is included within the subscription.

We may not be the most well-known book distributor, but we do seem to be very popular.

Our customers know about those big book distributors on Wall Street, but they keep coming back for our friendly service here on Main Street.

We may not be one of the corporate giants of the world, but that's just fine with us. Our focus has always been service, not size. We wanted our family business to exhibit the same values of our own family, like hard work, generosity, and kindness. We take good care of the libraries and other customers we serve by tracking down each and every book they request, triple checking orders for accuracy, and making sure we are always available to talk to them in person. We've made it a policy to treat our customers like friends, and as a result, many of them are.

Contact us today. We'd love to help you.

The nicest people in the book business
In 1996 when YBP released GOBI at the ALA Midwinter meeting in Philadelphia we gave academic libraries a better way to select and order books. Please join us for the release of GOBI Edition 2 at the 2003 ALA Midwinter meeting, in Philadelphia, where we'll do it again.

GE2 puts into practice what YBP has learned from libraries and consortia about what they need in an online system. You'll find your own ideas in GOBI Edition 2.

GOBI set the standard for the 20th century. GOBI Edition 2 sets the standard for the 21st.

is your system
Help Your Patrons Find Your Electronic Journals

Serious Solutions provides complete access solutions for your electronic journal collection

Serious Solutions was founded by a librarian, for librarians. Our A-to-Z title list is the original and premier electronic journal tracking tool, available at more than a thousand libraries worldwide.

We're expanding our services to offer a complete set of tools that will help you realize the full value of your electronic journals.

Full MARC records: Include e-journals in your OPAC.

Journal Linker™: Link from abstracts & indexes to full-text.

Article Linker™: Coming Soon!

As always, our services are customized for your library and include content available through your database aggregators, subscription agents and publishers.

For more information, please call us or visit our website.

“★★★★ 718, out of a possible 5 stars.”
– The Charleston Advisor

“This is a great product, our students really love it!”
– Robin Leech, Oklahoma State University–Tulsa

“You're wasting money by NOT using Serious Solutions.”
– Allison Mays, Millsaps College

Celebrating 125 Volumes of the Journal of the American Chemical Society

The flagship journal of the ACS

In 2003, the American Chemical Society proudly publishes the 125th volume of JACS, the most cited journal in chemistry. And we've created a special website for our anniversary celebration. Go to http://pubs.acs.org/JACS125th for information about the journal, its history, anniversary events, and to gain free access to the most-cited articles (188,911) ever published in JACS.

Access over 125 years of chemistry with a subscription to the ACS Journal Archives which includes Journal of the American Chemical Society issues from 1879, Volume 1, Issue 1, up through the current ACS Web Editions subscription.

The newsmagazine of the chemical enterprise

Chemical & Engineering News is celebrating 80 years of covering the chemical enterprise. Institutions can now subscribe to Chemical & Engineering News Online and access in-depth articles on a wide range of chemical disciplines, view the latest news in science technology, government and policy and business & industry, connect to the feature stories and special reports, perform keyword searches and link to articles in all 30 ACS journals, Royal Society of Chemistry Journals and Angewandte Chemie. For more information, go to www.cen-online.org

The leading journal in analytical chemistry

Publishing its 75th volume in 2003, Analytical Chemistry is #1 in total citations and #1 in impact factor in its field. Analytical Chemistry explores the latest concepts in analytical measurements and the best new ways to increase accuracy, selectivity, sensitivity, and reproducibility of results. Go to http://pubs.acs.org/ac to gain free access to the most current A-page section of Analytical Chemistry, which contains feature articles about new analytical concepts, descriptions of novel apparatus techniques, and evolving approaches to analytical chemistry education.

ACS Journal Archives includes Analytical Chemistry (originally I8EC, Analytical Edition 1929-1946) from 1929, Volume 1, Issue 1, up through the current ACS Web Editions subscription.
Continuing the ACS Tradition of Quality and Excellence

Since 1999, ACS Publication has introduced 6 new publications in the fields of combinatorial chemistry, organic chemistry, polymer science, crystallography, proteomics, and nanoscience and nanotechnology. These journals continue to provide the industry with the highest quality—the hallmark of the American Chemical Society.

The journal of choice in combinatorial chemistry

Celebrating its fifth year of publication in 2003, the Journal of Combinatorial Chemistry (JCC) serves the needs of an ever-expanding field and publishes studies that facilitate the synthesis of chemical libraries, as well as their subsequent characterization and screening for properties of interest. In each of the past 2 years, JCC has been in the Top Ten in impact factor in the ISI® categories of Chemistry: Medicinal, Chemistry, and Applied Chemistry. Access the most read, most referenced, and most respected journal in combinatorial chemistry at http://pubs.acs.org/jcc

The highest ranked Letters journal in organic chemistry

Also celebrating its fifth year of publication in 2003, this SPARC* endorsed journal is the highest ranked letters journal in organic chemistry with a 3.670 impact factor in 2001, a 9% increase over the year 2000. Organic Letters publishes brief reports on cutting-edge research, creative approaches, and innovative ideas in a broad range of organic chemistry. Access Organic Letters at http://pubs.acs.org/orgtett

*SPARC: Scholarly Publishing Academic Resources Coalition. SPARC fosters competition in the scientific-publishing marketplace by creating relationships with scholarly publishers to distribute cutting-edge research to libraries and other institutions more quickly and at a significantly lower price.

THANK YOU!

ACS would like to extend our personal appreciation to you—the information specialists—for your ongoing dialog and support. We look forward to serving you in 2003.

ACS PUBLICATIONS
HIGH QUALITY. HIGH IMPACT.

Announcing SAGE Full-Text Collections

Electronic full-text collections from SAGE and participating societies

Communication Studies
Politics and International Relations
Criminology
Sociology

Full-Text Articles
SAGE Full-Text Collections go beyond citations and abstracts to offer more than 20,000 full-text articles from the leading scholarly journals in the social sciences. Each collection is tailored to meet the specific needs of researchers and students in the fields of communication studies, criminology, politics and international relations, and sociology.

Back Issues
Researchers will not only have immediate access to the most current journal articles, but they can also tap into the extensive full-text collection of journal back issues—many of them going back up to 20 years.

Links
The open URL system enables hypertext links from cited references within a SAGE Full-Text Collection to other SAGE full-text articles, as well as links from other databases such as Sociological Abstracts or Worldwide Political Science Abstracts to the SAGE full text.

Full Campus Subscription
SAGE Full-Text Collections provide full access to students and faculty from the library or a remote location.

SAGE Publications is a member of crossref.

A CHOICE OUTSTANDING ACADEMIC TITLE!

A FINANCIAL HISTORY OF THE UNITED STATES

THREE-VOLUME SET
Jerry W. Markham

The first comprehensive financial history of the United States in more than thirty years. Accessible to undergraduate level readers, it chronicles the growth and expansion of banking, securities, and insurance from the colonial period to the incredible growth of the stock market during the 1990s and the attack on the World Trade Center in 2001.

"These three volumes belong in every college and university library. Markham provides an excellent overview of the financial history of the U.S., encompassing money, banking and financial instruments and institutions.

...students of American history, political science, economics, and financial history will find these volumes a useful reference guide leading to a deeper incursion into the subject. Highly recommended for academic collections." —Choice

3 vols. • 1,336 pages • 7" x 10"
Photographs; bibliography; name, subject, and cumulative indexes.
0-7656-0730-1 $349.00 / set

NEW REFERENCE TITLES

NORTH KOREA HANDBOOK
Edited by
Yonhap News Agency, Seoul
Translated by
Monterey Interpretation and Translation Services, Heung-kook Park, President

This is a comprehensive guide to one of the most volatile, misunderstood, and potentially dangerous states in the world and one of great strategic importance to U.S. interests in Asia. It covers politics, the economy, the military, education and culture, and provides many vital statistical data. As a special feature, the book includes a useful "who's who" section.

An East Gate Book
1,100 pages • 7-1/2" x 10"
Photographs, illustrations, maps, tables, index.
0-7656-1004-3 $350.00

BIographies DICTIONARY OF CHINESE WOMEN
The Twentieth Century, 1912–2000
Edited by Lily Xiao Hong Lee

This eagerly anticipated new volume in the Biographical Dictionary of Chinese Women contains more than 250 biographies of women from all walks of life and fields of endeavor. The coverage is enhanced by the enormous amount of historical material and scholarly research that has become available in the past few decades.

An East Gate Book
672 pages • 6" x 9"
Bibliography, index.
0-7656-0798-0 $109.95

HISTORICAL DICTIONARY OF THE GILDED AGE
Leonard Schlap and James G. Ryan

This concise yet authoritative dictionary is the definitive single volume reference on the period stretching roughly from 1877 to 1901 that marks the emergence of the United States as a modern nation. It includes more than 1,400 articles — all signed and written by top scholars — arranged in A-to-Z format for quick reference.

600 pages • 7" x 10"
Appendixes, bibliography, index.
0-7656-0331-4 $159.00

HENRY GEORGE
Collected Journalistic Writings
FOUR-VOLUME SET
Edited by Kenneth C. Wenzer

More than a century after his death, Henry George remains one of the most influential economic thinkers in American history. This collection gathers together all of George's hard-to-find articles and essays in one comprehensive set for the first time, including the first biographical sketch of him, written in 1884, and numerous articles on his tour of Australia in 1890.

4 vols. • 1,525 pages • 6" x 9"
Timeline, bibliography, index.
0-7656-1066-3 $450.00 / set
Prepublication Price:
$399.00 until 01/31/2003

Access a Wealth of Valuable Information Online
from the American Institute of Physics

http://librarians.aip.org

AIP Conference Proceedings are now online
Institutions that place a standing order for all Conference Proceedings receive online access to the full text of every online volume, beginning with number 500 (January 2000). Online access will allow users to search, browse tables of contents, and link to abstracts and full-text articles. To learn more, visit http://proceedings.aip.org.

New AIP Web page expressly for librarians
Journal pricing. Document delivery. Consortia licensing. Now the information that you need for almost any AIP- or AIP-distributed product or service can be found on our new Web site designed just for librarians. In addition to the above topics, you’ll find links to a wealth of valuable information on AIP Conference Proceedings, Virtual Journals, copyright and privacy policies, the OJPS Usage Statistics Service, and much, much more. See it for yourself at http://librarians.aip.org.

Access the full text of AIP journals back to 1975
All subscriptions to AIP journals at the institutional rate include access to a five-year backfile. In 2003, we’re offering extended access back to 1975. This lets you provide your patrons with more than 150,000 additional articles online. For an annual maintenance fee of only $65 each ($95 for The Journal of Chemical Physics, Journal of Applied Physics, and Applied Physics Letters), your users can access the entire 23-year backfile — more than tripling the number of articles available online with a regular subscription.

Online usage statistics
Now get usage statistics for AIP, APS, AAPT, and ASCE online journals. This Web-based service generates reports that are available to library administrators by username/password. Statistics are available from 2000 forward at http://ojps.aip.org/jhtml/inst, and are updated monthly.

QUESTIONS? Call us at 516-576-2411 or e-mail mktg@aip.org.
Kluwer Online

Accelerating the World of Research

Kluwer is proud to present a new and improved Kluwer Online:

Against the Grain / December 2002 - January 2003
A new edition of a classic reference

INTERNATIONAL ENCYCLOPEDIA OF LINGUISTICS
Second Edition
Editor in Chief: William Frawley,
George Washington University

With nearly every article revised in some measure, and including more than 900 entries written by 600 of the world’s finest scholars, International Encyclopedia of Linguistics (IEL) offers the broadest coverage available of this vast, multidisciplinary field. All branches of linguistic study—descriptive, historical, comparative, formal, mathematical, functional, philosophical—are included. Biographical sketches of notable linguists are also included and language lists offer detailed information on virtually every known language, from the most widely spoken to those that have as few as two speakers.

Accessible and wide-ranging, the IEL is not only for specialists, but also for a broad spectrum of students and general readers who may be exploring linguistics for the first time.

Reviews from the first edition:

“A splendid production. Comprehensive and easy to use…” —Language and Literature

“If one wants a single comprehensive work... the choice should be the IEL...Highly recommended…” —Choice

“Invaluable for making easily accessible a great deal of factual information.” —Times Literary Supplement

“A genuine achievement in information collection and dissemination...It is what an encyclopedia is meant to be.” —TESOL Quarterly

“This is an excellent work...the very best in the field…” —Linguistics

“...a classic in the study of linguistics and adjacent fields…” —Library Journal

About the Editor
WILLIAM FRAWLEY is Dean of the Columbian College of Arts and Sciences and Professor of Anthropology and Psychology at George Washington University.

Did You Know?

• The earliest writing system was invented in Mesopotamia (southern Iraq) more than 5,000 years ago

• Some studies of bilingualism suggest that the two languages are localized differently in the brain

• Mandarin Chinese has over 870 million speakers

Available March 2003
1,824 pp., 20 half tones, 69 line drawings, 66 maps, and 4 color pages
