11 ONLINE LIBRARIES: Fully indexed and searchable: Chemical Sciences
- Computer Science - Economics - Engineering - Environmental Sciences
- Geosciences - Law - Life Sciences - Mathematics - Medicine - Physics
and Astronomy

INTERDISCIPLINARY RESEARCH: LINK subscribers can access literature
in our 11 online libraries, allowing them to search across a vast range of
information. For example, pharmaceutical researchers can find a wealth
of data on environmental sciences, lawyers gain in-depth knowledge on
areas from chemistry to mathematics to medicine.

FREE ACCESS: LINK offers tables of contents and detailed abstracts for
every publication at no cost. What’s more, we supply up-to-date information
on research topics and background on the editors of each publication.

SOLVING THE SPACE CHALLENGE: Our online format enables organizations
to continuously expand their collections in the confines of existing space.

The LINK Online First™ service
lets users access peer reviewed
articles well before print publication,
significantly reducing the time it
takes for critical discoveries to
reach the research community.

Against the Grain / June 2002
Launched in 1960, *Nuclear Fusion* is an established leading journal in its field, published jointly by Institute of Physics Publishing (IOPP) and the International Atomic Energy Agency (IAEA).

**Key points about Nuclear Fusion:**

- Issues include letters, articles and reviews as well as summaries of major conferences, book reviews and a calendar of meetings relevant to controlled thermonuclear fusion.
- **Impact factor of 2.145** (as listed in ISI®’s 2000 Science Citation Index Journal Citation Reports).
- Ranked as the No. 1 journal in ISI®’s Physics of Fluids and Plasmas category.
- Integrated into IOPP’s award-winning Electronic Journals service, giving you value-added features such as:
  - Inter-publishing reference system
  - A powerful search facility
  - E-mail alerting
  - Online filing cabinets
- Affordable subscription rate for institutions.

From 2003, *Nuclear Fusion* will be included in a new journal subscription **Package P** which contains three core plasma science and thermonuclear fusion titles from IOPP: *Plasma Physics and Controlled Fusion*, *Plasma Sources Science and Technology* and *Nuclear Fusion*.

Customers who subscribe to IOPP’s journal packages benefit from a subscription price discount of 10–20%. Contact your regional IOPP representative for further details.

**Register your subscription NOW!**
WHERE WOULD TECHNOLOGY BE WITHOUT THE SERVICE TO BACK IT UP?

divine/Faxon Library Services understands the value of both technology and great service.

For more than a century, Faxon has worked hard to maintain a balance between technology and service. Our unique range of electronic journal services and EDI capabilities is second to none, while our state-of-the-art integrated web interface, kLibrary, provides our clients with the best the industry has to offer for online access and control of their print and electronic subscriptions. Still, we know it’s the one-on-one personal attention that you rely on the most.

Now, as divine/Faxon Library Services, we are in an ideal position to provide you with an array of new and exciting services that will boost your library’s productivity and image in today’s fast-paced, ever-changing online environment. At the same time, the personal service that has been the hallmark of Faxon will continue to be evident in every interaction and communication.

With a reputation that was built on high quality services and innovative use of technology, Faxon – now more than ever – is ready to meet all your serials needs.

divine/Faxon Library Services: Combining the best in service and technology.
Knowledge is infinite.
(Not so time, resources or patience.)

Ingenta helps you find the research you need, when you need it.

Today's innovators are publishing more research than ever — and demanding new and better ways of accessing their peers' contributions. Libraries have to manage all of this information as effortlessly, quickly and cost-effectively as possible.

9,000 libraries worldwide look to Ingenta to provide their patrons with seamless access to the most comprehensive collection of scholarly content available online.

Ingenta offers researchers entrée to the electronic full text of more than 5,400 academic and professional journals via subscription or pay-per-view. And patrons can order documents from tens of thousands more for fax or Ariel delivery. With Ingenta's cutting-edge management tools and email alerting services, libraries of all sizes can quickly and cost-effectively enhance their research capabilities and better meet their patrons' needs.

Tradition of Excellence
For over 125 years, ASCE Journals and Periodicals have continued to deliver state-of-the-art technical and professional information that advances the practice of the civil engineering profession. The journals continue their tradition of information integrity through the reliability of peer review, their comprehensive scope of coverage, and the continuity and consistency of a journals program that has been at the forefront of publishing civil engineering information. The American Society of Civil Engineers knows what it takes to deliver excellence in journals and periodicals.

Premiere Information Outlet for Civil Engineers
ASCE's Journals & Periodicals are the leading source of current research and applications for civil engineering professionals worldwide. It's where the leading civil engineering experts from around the world publish their ideas, opinions, and research. Over 1,500 academic and practitioner-oriented articles published each year deliver cutting-edge concepts and technologies that drive the profession forward.

ASCE Online Journals Harness the Latest Digital Technology
The most powerful civil engineering research too available online, this electronic library of all 29 ASCE Journals and Periodicals provides full-content, fully-searchable journal articles in an online environment built for speed and easy navigation. Now have at your fingertips a wider world of civil engineering research and applications.

✓ CrossRef Reference Linking. With ASCE as a participating partner in CrossRef, your patrons can follow a trail of research as never before. CrossRef allows researchers to click on reference citations in ASCE journal articles and immediately link to the bibliographic records of more than 70 other scientific and technical publishers' articles. (available 2002)

✓ Extended OnLine Archive—1995 to the present. As part of your 2002 subscription, you will get access to all online archive issues for the journal(s) you subscribe to—from 1995 to the present—at no additional cost. (available 2002)

✓ Contents Alert. This free alerting service by E-mail provides advance notice of the tables of contents for ASCE Journals & Periodicals. (available 2002)

✓ FREE Civil Engineering Database (CEDB). Provides free access to over 90,000 bibliographic and abstracted records from ASCE journals, proceedings, and other publications. Link directly from the journal search results to the online article.

Access the ASCE Online Journals Program and Civil Engineering Database at:
www.pubs.asce.org

For more information, contact ASCE:
Ph: 1-800-548-ASCE (2723), or 703-295-6300

Get ahead, take control.

Swets Blackwell is there to help you take control of the complex and time-consuming processes involved in managing electronic content. From rapid set-up of electronic subscriptions to full integration with library management and e-procurement systems and advanced article delivery solutions, we can help.

Our sophisticated aggregator service enables speedy delivery of several thousand titles from a multitude of prestigious publishers right to your desktop. Want to learn more?

Visit us at www.swetsblackwell.com/ejs
The choice is yours. Select from a range of journal collections spanning all fields of science, technology and medicine. Access articles from our expansive collection of backfiles. Navigate using our leading bibliographic databases. Customize online services for a specific research community or choose desktop decision-support for professionals. All are richly linked to provide full-text navigation to the world's STM literature. You can create a suite of information solutions to suit the unique needs of researchers and practitioners.

Elsevier Science offers you:

- Trusted, comprehensive scientific, technical and medical information.
- Access to the world's largest network of researchers and practitioners.
- Value for the delivery of STM information services.

NEW AND FORTHCOMING

ENCYCLOPEDIA OF INFORMATION SYSTEMS
Hossein Bidgoli
"I was impressed by the comprehensive handling and readability of the material."
—Dr. Michael Paige, VP, Xerox and Director PARC (Palo Alto Research Center)

"The Encyclopedia of Information Systems is destined to find its place among the very best reference works of its kind."
—Professor James Carlignone, Brooklyn College, CUNY

FOUR-VOLUME SET, July 2002, Casebound c. 2500 pp., Introductory Price: $900.00*, List Price: $1,200.00
ISBN: 0-12-227240-4
www.academicpress.com/infosys

ENCYCLOPEDIA OF APPLIED PLANT SCIENCE
Brian Thomas et al.
Advances in the biological sciences, such as cellular and molecular biology, impact the production of food, feed, and renewable plant-based raw materials. This encyclopedia examines recent research in ecology, plant pathology, plant genetics, plant physiology, plant biochemistry, and biotechnology, focusing on the potential and actual effects of this research on industry and society.

FOUR-VOLUME SET, November 2002, Casebound c. 2000 pp., Introductory Price: $799.00*, List Price: $925.00
ISBN: 0-12-227050-9

ENCYCLOPEDIA OF ATMOSPHERIC SCIENCES
James R. Holton et al.
The Encyclopedia of Atmospheric Sciences is the first reference work to cover all aspects of the atmospheric sciences, from spectroscopy of atmospheric particles to weather prediction. This unrivaled work includes more than 350 articles and 1,500 figures and photographs, with full color throughout.

SIX-VOLUME SET, October 2002, Casebound c. 3000 pp., Introductory Price: $1,199.00*, List Price: $1,400.00
ISBN: 0-12-227090-8
www.academicpress.com/atmospheric

COMPENDIUM OF CHIRAL AUXILIARY APPLICATIONS
Gregory Roos
This remarkable reference provides the detailed information needed by practitioners of asymmetric organic synthesis to make an informed selection of an auxiliary for a specific application. This is the essential reference for those in the pharmaceutical and fine chemical industries.

THREE-VOLUME SET, December 2001, Casebound 1500 pp., List Price: $1,200.00
ISBN: 0-12-595349-6
www.academicpress.com/chiral

DATABASE AND DATA COMMUNICATION NETWORK SYSTEMS
Techniques and Applications
Cornelius T. Leondes
Database and Data Communication Network Systems examines the utilization of the Internet and local area/wide area networks in all areas of human endeavor. This three-volume set covers, among other topics, database systems, data compression, database architecture, data acquisition, asynchronous transfer mode (ATM), and the practical application of these technologies.

THREE-VOLUME SET, June 2002, Casebound c. 1150 pp., Introductory Price: $850.00*, List Price: $995.00
ISBN: 0-12-443895-4

Help Your Patrons Find Your Electronic Journals

A comprehensive list of your institution's full-text, electronic serials

Organized alphabetically by journal title for easy browsing
Searchable
Includes holdings dates
Provides journal-specific URLs (whenever available)

Serials Solutions report as implemented by the University of North Florida

• Find specific titles  • View your entire collection
  • Know what’s in your aggregated databases

Serials Solutions was founded by a reference librarian who was frustrated by not knowing what was available to his patrons in electronic format. He wasn’t alone. Librarians across the country struggled to determine which serials were available through their database aggregators, or where to find a specific journal in electronic format.

In response, Serials Solutions introduced the original and premier electronic serials tracking service. At the core of our service: A single, comprehensive list of your library's full-text electronic serials, including serials available through your aggregated databases, subscription agents, and publishers.

• Customized for your library
• Your library’s print, microform, and individual e-journal holdings can be included
• Comprehensive, accurate, and up-to-date

“This is a great product, our students really love it!”
– Robin Leech Oklahoma State University, Tulsa Library

“★★★★ 7/8, out of a possible 5 stars.”
– Charleston Review

“You’re wasting money by NOT using Serials Solutions.”
– Allison Maya, Millsaps College

Find yourself in **GOBI**
Edition 2

Since YBP released GOBI in 1996, libraries and consortia have taught us a lot about the features they want to select books, to order books, to manage profiles, and to track standing orders. You’ll find your own ideas in **GOBI Edition 2™**.

We can’t promise to fulfill all your dreams, but we’ll give you everything you want online from a book vendor.

**GOBI Edition 2™** is your system.

**GOBI** set the standard for the 20th century. **GOBI Edition 2** will set the standard for the 21st.
Access a Wealth of Valuable Information Online
from the American Institute of Physics

www.aip.org

**AIP Conference Proceedings are now online**

Institutions that place a standing order for all Conference Proceedings receive online access to the full text of every online volume, beginning with number 500 (January 2000). Online access will allow users to search, browse tables of contents, and link to abstracts and full-text articles. To learn more, visit http://proceedings.aip.org.

**Access the full-text of AIP journals back to 1985**

A subscription to most AIP journals includes online access back to 1997. For an additional annual maintenance fee of only $50 each ($75 for *The Journal of Chemical Physics* and *Journal of Applied Physics*) you can access AIP online journals back to 1985 — more than doubling the number of articles to which you have access!

**Virtual Journals in science and technology**

Virtual Journals are online publications that collect relevant papers from a broad range of physical science journals. The present series of five journals offers your patrons quick, convenient access to the latest developments in nanoscale science, biological physics, quantum information, superconductivity, and ultrafast science. Articles are selected from the latest issues of nearly 50 source journals, including those of AIP, APS, and 11 other publishers — including Science and Nature. Visit www.virtualjournals.org.

**Online usage statistics**

Now get usage statistics for AIP, APS, and AAPT online journals. This Web-based service generates reports that are available to library administrators by username/password. Statistics for 2000 and 2001 are now available at http://ojps.aip.org/jhtml/inst, and 2002 data will become available month by month.

QUESTIONS? Call us at 516-576-2411 or e-mail mktg@aip.org.

THE ENCYCLOPEDIA OF MATERIALS: SCIENCE AND TECHNOLOGY
An unrivaled reference-base of knowledge

Editors-in-Chief
K.H.J. Buschow, University of Amsterdam, The Netherlands, Robert W. Cahn, University of Cambridge, UK, Merton C. Flemings, Massachusetts Institute of Technology, Cambridge, MA, USA, Bernhard Ibschner, Swiss Federal Institute of Technology, Lausanne, Switzerland, Edward J. Kramer, University of California, Santa Barbara, USA and Subhash Mahajan, Arizona State University, Tempe, AZ, USA

The encyclopedia is an authoritative reference source for the increasingly broad and multidisciplinary field of materials. Coverage includes the following materials:

- Amorphous materials
- Building materials
- Ceramics
- Metals and metallurgy
- Optical and opto-electronic materials
- Polymers

ISBN: 0-08-043152-6 • List price: $4,985
Every article in the Encyclopedia has been commissioned and written by an internationally recognized expert and provides a concise overview of a particular aspect of the field including application, characterization, fatigue, plasticity and elasticity, processing and testing.
For more details, and information about the online version, please visit our website.

From 1879 to your desktop — the chemistry that changed the world.

ACS Journal Archives is the new online database that lets institutional subscribers click on more than a century of the most cited, most essential research. You can quickly and easily search and access the full text of all titles published by ACS from 1879 to your current Web Editions subscription. That's more than 2.5 million pages of original chemistry at your fingertips.

Save time and money searching and retrieving research journals.

With ACS Journal Archives — and ACS Web Editions — you can take advantage of enhanced search function-

ality supported by our recently upgraded, state-of-the-art network. And you get seamless integration of searches between the Archives and Web Editions. Articles are delivered electronically in convenient PDF format with the same high level of quality as the original document.

With ACS Journal Archives, your library has a secure and cost efficient solution for storage and retrieval of research journals. In addition, users gain the flexibility to access this indispensable research whether they're working in their office, library, lab, or an off-site location.

FREE trial for ACS Web Editions institutional subscribers.

Experience the time-saving, cost-saving benefits of ACS Journal Archives with a free trial beginning May 1, 2002, and ending June 30, 2002 — available only to libraries and institutions with ACS Web Edition subscriptions.

To find more information and register for the trial, go to http://pubs.acs.org/archives

We may not be the most well-known book distributor, but we do seem to be very popular.

OUR CUSTOMERS KNOW ABOUT THOSE BIG BOOK DISTRIBUTORS ON WALL STREET, BUT THEY KEEP COMING BACK FOR OUR FRIENDLY SERVICE HERE ON MAIN STREET.

We may not be one of the corporate giants of the world, but that's just fine with us. Our focus has always been service, not size. We wanted our family business to exhibit the same values of our own family, like hard work, generosity, and kindness. We take good care of the libraries and other customers we serve by tracking down each and every book they request, triple checking orders for accuracy, and making sure we are always available to talk to them in person. We've made it a policy to treat our customers like friends, and as a result, many of them are.

Contact us today. We'd love to help you.

Encyclopedia of American Immigration

Four-Volume Set
By James Ciment

This richly illustrated set is the definitive reference on American immigration from both historic and contemporary perspectives. Featuring a wealth of data derived from INS records, the U.S. Census, and the Departments of Commerce and Labor, it traces the scope and sweep of U.S. immigration from the earliest colonial settlements to the present, focusing on critical issues as well as the groups of people involved. Every major immigrant group and every era are fully documented and examined through detailed analysis of social, legal, political, economic, and demographic factors. Archival and contemporary photographs, along with hundreds of pages of documents and illustrations, further illuminate the information.

1,800 pages • Four-volume set • 8-1/2” x 11”
Photographs and illustrations; maps, charts and tables; appendices; index; library binding.
ISBN 0-7656-8028-9 Hardcover $399.00

“A solid and useful work for academic and larger public libraries.”
—Library Journal

“Essential in academic libraries, and extremely useful in large and medium sized public libraries for both students and the general public.”
—Booklist

“An asset to any library supporting research in American history or immigration.”
—School Library Journal

“[An] impressive work.”
—Choice

Providing Site License Solutions to Meet the Needs of Your Users in Biomedical, Physical, and Social Sciences...

**Customized**
We work with you to create a customized package to fit the needs of your institution or research facility.

**Affordable**
We have affordable single and multiple site license agreements to meet your budget.

**Connected**
Included with your subscription are links to ISI’s Web of Science®, over 240 cited, full-text journals hosted by Highwire Press™, and all available CrossRef publications.

*For 70 years, Annual Reviews has synthesized the vast amount of primary research literature. Currently, we bring you over 3,500 critical, and authoritative articles, reviewing over 540,000 primary contributions in 29 disciplines of science...online.*

Contact Annual Reviews Site License Department for special package pricing or to activate your trial subscription.

THE INTERNATIONAL REVIEW JOURNAL GOES ONLINE IN JULY 2002!

APPLIED MECHANICS REVIEWS

Editor: Arthur W. Leissa, Ohio State University

Full text of Applied Mechanics Reviews (AMR) will be accessible online. This includes retrospectives (1 per issue), review articles (3-4 per issue), book reviews (20-25 per issue) and book notes (35-40 per issue). AMR review articles organize, summarize and clarify knowledge as it currently exists in the technical literature. AMR articles reflect upon active areas of research, including theoretical, computational, and experimental aspects, as well as theoretical modeling, methods of analysis and instrumentation. AMR also includes retrospectives, book reviews, and announcements.

AMR BENEFITS ...

- Retrospectives by respected authors looking back on their work and areas of interest
- Review articles by authors from around the world
- AMR's scope encompasses mechanics topics across the engineering sciences spectrum, such as fluid and solid mechanics, heat transfer, dynamics and vibration
- 20-25 book reviews in every issue – no other journal reviews as many books per issue
- 35-40 books notes in every issue which describe newly published books
- Access to the AMR Journal Article Abstracts Database, containing 250,000 records with about 2000 being added monthly

MIDWEST LIBRARY SERVICE
from Gutenberg to McLuhan,
Galileo to galaxies—
We cover a universe of books.

PROMPTLY
From major new titles to the obscure “black hole,”
we waste no time.

ACCURATELY
From invoices to status reports, we get it right.

COMPLETELY
From first shipment to completion,
we offer maximum fulfillment.

COMPETITIVELY
From trade discounts to short, we give you your money’s worth.

These four pillars form the foundation of Midwest’s many years of service to libraries. Depend on us as your source for U.S. and Canadian books.
Save valuable time, effort, and expense by relying on our:
- Expertise in automation services
- Exacting customer service
- Commitment to excellence
- Goal of maximum fulfillment

Call on us for:
- Firm Orders
- Standing Orders
- Approval Programs
- Technical Support Services
