Learning has no boundaries

You know your students need IEEE information. Now they can have it. And you can afford it.

IEEE recognizes the special needs of smaller colleges, and wants students to have access to the information that will put them on the path to career success. Now, smaller colleges can subscribe to the same IEEE collections that large universities receive, but at a lower price, based on your full-time enrollment and degree programs.

HISTORICAL STATISTICS OF THE UNITED STATES
Millennial Edition
Edited by Susan B. Carter, Scott Sigmund Gartner,
Michael R. Haines, Alan L. Olmstead,
Richard Sutch, and Gavin Wright

"A stunning achievement... Historical Statistics of the United States: Millennial Edition is a resource that academic libraries and larger libraries can ill afford to be without... It will serve as the standard for years to come."
—Against the Grain

"French semiotologist Jean Baudrillard said 'like dreams, statistics are a form of wish fulfillment.' Anyone who enjoys statistics will have their dreams fulfilled by using or browsing through Historical Statistics of the United States, which is highly recommended..."
—Booklist (starred review)

"This ultimate statistical source on numerical U.S. history has been 30 years overdue for an overhaul; now, finally, the best is even better."

A revolutionary new tool for drug discovery and research.

Available in both print and online versions, the Wiley Handbook of Current and Emerging Drug Therapies brings together, for the first time in a single source, the most current information on drug discovery and pharmaceutical research.

Within every major therapeutic area, and for over sixty diseases and indications, the Handbook provides:
- A detailed etiological and pathophysiological overview
- A comprehensive analysis of currently approved drugs targeting these diseases
- Product by product analyses of drugs currently in development
- Authoritative essays on key topics
- Detailed, market-oriented analyses of emerging technologies and business opportunities
- Regular updates online

Online features include:
- Convenient access—always available when and where you need it
- Powerful searching—locate articles in an instant and search across the full text, tables, and figures of a specific work, or across all of Wiley InterScience
- Comprehensive indexing and linked references—references are displayed in interactive HTML for ease of searching and linking
- Select your preferred format—articles can be viewed either in HTML or PDF format for a growing number of works

Available in eight print volumes:

**Volumes 1-4**
- Immune System • Infectious Diseases • Metabolic Disorders
- Oncology • Emerging Technologies and Markets
  October 2006 • 0-470-04098-X

WHY
HANDMADE IS BETTER

ESPECIALLY WHEN IT COMES TO BOOKSELLING

We believe in a handmade approach to bookselling. It's an attitude that puts you first. Each order is crafted to make sure it responds exactly to your specifications. Need a Standing or Continuation order for an unusual title? We'll build a solution that guarantees you will remain up-to-date. Have Reserve Rush orders every semester? We'll take all your orders and make sure the books are in your library before the first student approaches the desk.

Handmade means it's not about us, it's all about you: your budget, your resources, your time. Tired of placing a lot of orders directly because your jobber can't or won't supply them? We never decline an order. Frustrated with turn-around times and endless claims? Our cycle time will cut your claims dramatically. We apply a ruthless approach to orders that turns around 95% in fourteen working days. You may never claim another order.

If you want to experience our handmade approach, or just want to know more, call John Perry Smith at (800) 876-4636. He'll be glad to discuss how we can handcraft a plan for your library. Or visit us online at www.totalinformation.com.

The APS Journal Legacy Content

One-Time Fee of $2,000

Saves 200 Linear Feet of shelf space!

The APS Journal Legacy Content is an “online package” of over 100 years of historical scientific research from the American Physiological Society’s (APS) 14 research journals that can be purchased separately at a one-time charge for perpetual use. It is not sold as a subscription; instead, you pay once ($2,000) for the perpetual access to the online content from all APS journals from 1898 to 1996-1998 (depending on the journal). This content goes back to the first issue of each of the APS journals—including APS’s first journal, the American Journal of Physiology, first published in 1898. The Legacy Content can be viewed as completely searchable scanned images of the printed pages. (find more info at: www.the-aps.org/publications/legacy)

Jobbers serving libraries with any book in print.
For over forty years, Midwest Library Service has been quietly relieving librarians of the problems often associated with book and standing order purchasing.

Our Continuation & Standing Order Service is based on intensive, personal contact with thousands of publishers to ensure prompt and complete fulfillment on series, sets, annuals, yearbooks, and proceedings. It is our goal to take the guesswork and anxiety out of continuations and standing order fulfillment through timely shipments and thorough reporting.

Using sophisticated tracking programs, Midwest monitors pre-publication information and shipping schedules instead of relying on publisher-based systems. We will customize the fulfillment frequencies on annuals and yearbooks on a title-by-title basis. In the case of a delayed or missing edition, we contact the publisher by telephone to ensure fulfillment. Of course, you have access to historical fill data whenever needed. And to make matters even easier for you, we will assist in the seamless transfer of standing orders placed previously with publishers or other booksellers.

In an unstable time of publisher upheavals and understaffed, harried libraries, isn't it good to have a vendor you can count on?

If you are not completely satisfied with your current vendor, look to Midwest for all your book buying needs.

For more information, contact a Standing Order specialist at 800-325-8833 or standingorders@midwestls.com.
