Find the knowledge you’re looking for…
with fast and accurate results

The Database for: Physics • Information Technology •
Electrical Engineering & Electronics • Computing •
Mechanical & Production Engineering

A new powerful online information tool
for research success

Inspec Direct is a new precision research tool that will support scientific and technical research in your area of expertise. The new platform, an enhanced search interface of the Inspec Database, provides access to abstracts of millions of high quality, relevant peer-reviewed articles, conference proceedings and technical reports, via a secure and intuitive platform featuring state-of-the-art indexing, search features and analytical functionality.

Spanning 110 years and updated weekly, Inspec Direct gives you fast and accurate results that will support your organisation’s R&D activities by keeping you on top of the latest trends and research to help you drive innovation.

Ensure you have access to the research tools needed to succeed. Get Inspec Direct - a better way to research.

Jobbers serving libraries with any book in print.
ASCE Online Research Library

Your Source for Civil Engineering

The world's largest full-text repository of civil engineering research and application-oriented articles — the ASCE Online Research Library provides a comprehensive online tool for locating articles of interest across all disciplines of civil engineering.

MORE CONTENT

25-Year Journal Archive Included in 2009 Online Subscriptions – 1983 to the present

In our continuing effort to digitize the ASCE Journal archive, seven more years (1983-1989) are being added to the Online Research Library. Online subscribers in 2009 will be able to access all archive issues for their respective journals—that's over 350,000 pages of journal content for a 2009 ALL Journals online package.

Online Proceedings Expands by 5,000 Articles – 1996 to the present

ASCE Online Proceedings currently includes all ASCE-published conference titles from 2001 to the present, and select titles as far back as 1996. At present this includes more than 16,000 articles—130,000 pages of content.

New Journal Published in 2009

Journal of Legal Affairs and Dispute Resolution in Engineering and Construction

The new Journal is included in the 2009 ALL Journals subscription.

LESS COST

Discount Subscription Packages – Save 30%

Save over $5,000 when you purchase the 2009 ALL Journals Standard Institutional (print+online) subscription – it’s an opportunity for libraries to provide the core collection of civil engineering research at affordable discount rates.

2009 ASCE ALL Journals Online (includes all 31 ASCE Journals)
Print+Online: $19,082 US / $12,459 International Air
Online Only: $15,371

2009 ASCE Proceedings Online w/ ALLs Package
Online Only: $950

2009 ASCE Online Research Library (ALL Journals & Proceedings)
Online Only: $16,321

Visit http://pubs.asce.org/librarians for a complete listing of journal volumes in the ALL Journals subscription.
ACS Legacy Archives provides full-text searching and instant access to all titles, volumes, issues, and articles published by the ACS from 1879 to 1995. To demonstrate the current value of the ACS Legacy Archives, we compared the number of citations to Archives articles in 2006 to the number of total citations in 2006 for the ACS journals that have content in the Archives. Here’s what we found: 36% of 2006 total ACS journal citations were to articles in the ACS Legacy Archives — that’s 343,272 Archives citations out of 954,737 total citations in 2006.*

The history of chemistry and a springboard to its future

ACS Legacy Archives continues to play an active role in important, new research discoveries. In 2007, Legacy Archives subscribers took advantage of this essential content by performing 9,341,287 article downloads — an increase of 314,595 additional article downloads compared to 2006 usage. From 2003, the first full year of availability, through 2007, researchers have turned to the Archives for more than 56 million article downloads.

80 out of 80 CAS categories — more than just chemistry

ACS Legacy Archives covers a legacy of scientific advances, enabling researchers to reach through history to understand the chain of discoveries that led to modern chemistry and greatly influenced such fields as biology, physics, medicine, agriculture, and engineering. The ACS Legacy Archives are represented in all 80 Chemical Abstracts sections — thus demonstrating the depth and breadth of the Legacy Archives content. From Amino Acids, Peptides, and Proteins to Pharmaceuticals and Fossil Fuels, Derivatives, and Related Products, the essential research content in the Legacy Archives covers more than just chemistry. **

Discover how affordable access can be for your institution

You can choose to access the Legacy Archives via an annual subscription fee or the one-time payment option. With the one-time payment option, you can:

- secure ongoing access for the researchers at your institution
- lock in the 2008 price
- avoid 2009 price increases

To receive a price quote, contact your ACS Account Representative.

For more information about the Legacy Archives, go to http://pubs.acs.org/archives

* Citations figures are from the 2006 Thomson Reuters Journal Citation Reports®. Totals do not include The Journal of Physical Chemistry.

** Chemical Abstracts places abstracts in these categories based on their main content and interest.

Learn more and apply for a FREE 30-day trial!
The Journal Publishing Program of the American Physiological Society (APS) covers the entire spectrum of physiology—examining major physiological systems, from the cellular and molecular to the organ and system level. These prestigious peer-reviewed journals are available in print and online. An online subscription to the APS journals provides you with immediate access to the latest issue of the journal as well as with continued access to all content published previously online. Subscribers to the online journals also get access to the fastest possible publication of original research articles through our Articles in Press feature—articles published in manuscript form within a few days of acceptance. The APS journal titles are:

- American Journal of Physiology (AJP consolidated)
- AJP-Cell Physiology
- AJP-Endocrinology and Metabolism
- AJP-Gastrointestinal and Liver Physiology
- AJP-Lung Cellular and Molecular Physiology
- AJP-Heart and Circulatory Physiology
- AJP-Regulatory, Integrative and Comparative Physiology
- AJP-Renal Physiology
- Journal of Applied Physiology
- Journal of Neurophysiology
- Physiological Genomics
- Physiological Reviews
- Physiology
- Advances in Physiology Education

APS Journal Legacy Content

One-Time Fee of $2,000

Save 200 Linear Feet of shelf space!

The APS Journal Legacy Content is an “online package” of over 100 years of historical scientific research from 13 American Physiological Society (APS) research journals. This online package can be purchased at a one-time charge of $2,000 for perpetual use. The content goes back to the first issue of each of these APS journals—including APS’s first journal, the American Journal of Physiology, first published in 1898. The Legacy Content can be viewed as completely searchable scanned images of the printed pages. (find more info at: www.the-aps.org/publications/legacy)
The Definitive Resource for a Demanding Field

I ncorporating timely research and in-depth analysis, the Handbook of Finance is a comprehensive 3-Volume Set that covers both established and cutting-edge theories and developments in finance and investing. Edited by Frank Fabozzi, this set includes valuable insights from global financial experts as well as academics with extensive experience in this field. Organized by topic, this comprehensive resource contains complete coverage of essential issues—from portfolio construction and risk management to fixed income securities and foreign exchange—and provides readers with a balanced understanding of today’s dynamic world of finance.

ABOUT EACH VOLUME

Volume 1 skillfully covers the general characteristics of different asset classes, derivative instruments, the markets in which financial instruments trade, and the players in those markets. It also addresses the role of financial markets in an economy, the structure and organization of financial markets, the efficiency of markets, and the determinants of asset pricing and interest rates.

Volume 2 focuses on the theories, decisions, and implementation aspects associated with both financial management and investment management. It discusses issues that dominate the financial management arena—capital structure, dividend policies, capital budgeting, and working capital—and highlights the essential elements of today’s investment management environment, which include allocating funds across major asset classes and effectively dealing with equity and fixed income portfolios.

Volume 3 contains the most comprehensive coverage of the analytical tools, risk measurement methods, and valuation techniques currently used in the field of finance. It details a variety of concepts, such as credit risk modeling, Black-Scholes option pricing, and Monte Carlo simulation, and offers practical insights on effectively applying them to real-world situations.

SAVE UP TO $150 WHEN YOU ORDER BY NOVEMBER 30, 2008

Introductory price of $750 for the 3-Volume Set and $250 for Individual Volumes, if ordered by 11/30/08. Thereafter, $900 and $300 respectively.
AIP Greatly Expands Online Archive of Physics Today and AIP Conference Proceedings

Receive online access to Physics Today from 1948 to the present

If you subscribe to Physics Today in 2009, you’ll have the option to access the complete backfile of the magazine from 1948 to the most current issue. If you prefer, you may choose a subscription that only includes a five-year backfile — at no additional charge. The full 60-year backfile is also included in the AIP Select and AIP Complete packages. Subscribers to either package may add print for a discounted price.

We hope you’ll consider adding the complete backfile to your subscription and giving your patrons access to the most fascinating original articles and seminal, groundbreaking research of the past 60 years.

To learn more, visit librarians.aip.org/physicstoday.html.

Now access AIP Conference Proceedings back to Volume 1

In 2009, whether you subscribe to the complete Conference Proceedings series, or to any of our seven subseries, you’ll receive access to an online archive that extends back to Volume 1 (1970). AIP Conference Proceedings are also available as part of the AIP Complete package.

Conference Proceedings are hosted on AIP’s robust Scitation platform and usage can be tracked with the Scitation Usage Reports Service. Proceedings papers are indexed in SPIN, Inspec, Web of Science Proceedings, and are included in CrossRef.

For more information, go to proceedings.aip.org.

Discover AIP’s new Journal of Renewable and Sustainable Energy — free online at jrse.aip.org.

PsychiatryOnline.com Brings You The World’s Most Authoritative Psychiatric Information

PsychiatryOnline.com – the most intuitive and comprehensive psychiatric online tool. Access diagnosis, treatment, and research in books and journals – all from one website with a single search interface – accessible anytime, anywhere. Search the full-text, aggregated content including all tables and figures from:

- **DSM-IV-TR®**
- **DSM-IV-TR® Handbook of Differential Diagnosis**
- **DSM-IV-TR® Casebook and its Treatment Companion**
- American Psychiatric Association Practice Guidelines in both comprehensive and quick reference formats
- Essentials of Clinical Psychopharmacology, Second Edition,
- What Your Patients Need to Know About Psychiatric Medications
- Gabbard’s Treatment of Psychiatric Disorders, Fourth Edition
- Textbook of Psychotherapeutic Treatments (coming September 2008)

- The American Journal of Psychiatry
- Psychiatric Services
- Academic Psychiatry
- The Journal of Neuropsychiatry and Clinical Neurosciences
- Psychosomatics
- and Psychiatric News

**Psychiatry Legacy Collection**

Complete your psychiatric journals backfile collection with Psychiatry Legacy Collection. One time purchase fee for perpetual access covers 162 years of psychiatry through six respected, peer-reviewed psychiatry journals, completing APPI’s online journals back to Volume 1, Issue 1. The collection dates back to 1844 and includes The American Journal of Psychiatry, the oldest continuously published medical specialty journal in the United States.

The ASME Digital Library
www.asmedl.org

Meet your research needs with access to ASME technical publications on a single platform

All 21 of ASME’s Transactions Journals, Applied Mechanics Reviews, and more than 100 ASME annual conference proceedings volumes are available on a single platform – with integrated searching and linking features!

The ASME Digital Library features over 13,000 journal articles along with more than 30,000 conference proceedings papers.

Examine the most current or explore archival content

- Content added continually. Ultimately the data will encompass the complete archive of ASME journals dating back to their initial issues
- Future upgrades include additional archival proceedings and selected ASME E-books

Just a click away!

Now engineers, scientists and researchers have a full range of information, features, and services right at their fingertips:

- Contents alerts and RSS feeds
- Abstract-level searching without subscription
- Links to cited source articles from other publishers via CrossRef
- Links to abstracting and indexing databases enabling the retrieval of related articles including those that cite source material
- Ability to download citations to a variety of citation managers
- COUNTER compliant statistics and usage reports
- Ability to create and share virtual article collections
- Full-text articles (for subscribers)
- Pay-per-view available
- Hosted on the Scitation® platform

AIAA Electronic Library

The American Institute of Aeronautics and Astronautics was formed in 1963 through the merger of the American Rocket Society and the Institute of the Aerospace Sciences. AIAA has added the journal content published by those two societies (1930–1962) to the AIAA Electronic Library. Here are some of the pioneers that you’ll find in the IAS/ARS Journal Archive:

Alfred Africano
Holt Ashley
Richard H. Battin
Geoffrey de Havilland
Jimmy Doolittle
Donald Douglas
Charles Stark Draper
Hugh L. Dryden
Kraft Ehrcke
Alexander H. Flax
Robert Goddard
Jerry Grey
H. R. Grunmann
Jerome Clarke Hunsaker
Clarence “Kelly” Johnson

the AIAA Electronic Library at www.aiaa.org/electroniclibrary and purchase individual papers. Institutions may subscribe to the entire collection; contact Chris Grady at chrisg@aiaa.org, 888.854.6851, or 703.264.7509.
The American Institute of Aeronautics and Astronautics was formed in 1963 through the merger of the American Rocket Society and the Institute of the Aerospace Sciences. AIAA has added the journal content published by those two societies (1930–1962) to the AIAA Electronic Library. Samples of the rare content that you’ll find in the IAS/ARS eJournal Archive:

1930
• To the Moon in 15 Years Says Peltrie
• Oberth Rocket Ready

1931
• Predicts 3-Hour Berlin-New York Flight
• Italian Rocket Plane Makes Successful Flights
• Moon Flight Will Cost $2,000,000,000, Says Astronomer

1934
• Flying Boats for Transoceanic Service
• Metallurgy in Aviation
• Speed of Air Driven Rotors in Gyroscopic Instruments
• Air Force Measurements on Bodies Moving Through Still Air

1941
• Possibilities of the Two-Stroke Cycle for Small Aircraft Engines
• Review of the Effects of High Altitude Flying
• Aircraft Plywood and Adhesives

1942
• A New Instrument for Celestial Navigation
• An Improved Longitudinal Stability Calculation

1943
• Aerodynamic Performance of the Towed Glider
• Limits of Human Heat Regulation
• Design-Strengthened Materials

1944
• Propeller Design Requirements
• Periodic Aerodynamic Forces on Rotors in Forward Flight

1945
• Calculated Gust Loads for Tailless Airplanes
• The Glauert-Prandtl Approximation for Subsonic Flows of a Compressible Fluid
• The New York Rocket Battalion: Experiences of a Civil War Rocket Unit

1946
• British Aircraft Gas Turbines
• German Development in the Field of Rocket Powered, Controlled Missiles
• Liquid Propellant Rocket Development

All There Is to Flight

Introducing AIAA eBooks

Register today for a free 10-day trial subscription to AIAA eBooks — the most comprehensive selection of aerospace titles available in ebook format anywhere. No proprietary software or hardware is needed, as the content is in PDF format.

Groundbreaking Research from the Birth of the Space Age
Progress in Astronautics and Aeronautics, Volumes 1-184 (1960–2000) are now back in print and available online!

Premier Textbooks in Aerospace Engineering

Library Interface Management Tool
The library interface tool allows you to: brand your library • manage subscriptions and IP ranges • manage your clients’ registration and access • assign and manage staff contacts and controls • run usage reports • manage your account status • connect directly with your AIAA customer service representative • recommend titles to your clients

Preface
Continuations and standing orders represent a frustrating and time-consuming area of book acquisitions. Efficient management of continuations requires a staff knowledgeable in all aspects of standing order procedures, with prompt and accurate service being essential.

Midwest Library Service has been providing continuation and standing order programs to libraries for over three decades with the same commitment to high quality as our firm order service: prompt delivery, accurate invoicing, immediate reporting, convenient communications, and personal Library Service Representatives. Our reputation for excellence is well established and we invite you to place your continuations list with us.

Scope
Our Continuation & Standing Order Service encompasses most series and continuations from U.S. publishers. Our services do not include supplying magazines, journals, or loose-leaf updating services.

Procedure
Our Continuation & Standing Order Service incorporates both automated systems and personal surveillance. Instead of relying on the filing and ordering systems of the publishers, we place orders for specific volumes as books are due to be published. If the next item in a series is not received when scheduled, we initiate a new order for the same item. This procedure helps avoid potentially missed volumes and eliminates any dependence upon the publishers’ fulfillment systems. If in-house information is not available on future volumes to be published, we call the publisher for future projections and publication schedules. This information is then used to update our new title records.

Advantages
1. Because of our method of ordering specific volumes, we are in regular communication with the publishers.
2. Our status reports are prompt and accurate and should eliminate library claims.
3. Specific claims from an individual library resulting in an updated status report will generate new status reports to all libraries ordering the same series.
4. We do not drop ship.

Quality service depends on good communications between the library and the jobber. Your personal Library Service Representative and our convenient communications provide easy access to us regarding your continuation orders. We invite you to try our service by sending us your next list of standing order titles.
