The Database for: Physics • Information Technology • Electrical Engineering & Electronics • Computing • Mechanical & Production Engineering

A new powerful online information tool for research success

Inspec Direct is a new precision research tool that will support scientific and technical research in your area of expertise. The new platform, an enhanced search interface of the Inspec Database, provides access to abstracts of millions of high quality, relevant peer-reviewed articles, conference proceedings and technical reports, via a secure and intuitive platform featuring state-of-the-art indexing, search features and analytical functionality.

Spanning 110 years and updated weekly, Inspec Direct gives you fast and accurate results that will support your organisation’s R&D activities by keeping you on top of the latest trends and research to help you drive innovation.

Ensure you have access to the research tools needed to succeed. Get Inspec Direct - a better way to research.

Call today for your free trial on +1 (732) 321 5575 or visit www.theiet.org/inspectdirect

Significant
Contribution
to the Literature

Selected cutting-edge titles from the Liebert Online Journal Collection

We are pleased to announce the launch of *Tissue Engineering, Part B: Reviews* and *Tissue Engineering, Part C: Methods*. The Journal has been receiving increasing numbers of excellent reviews and methods papers that we were not able to publish because *Tissue Engineering, Part A* has traditionally focused on hypothesis-driven scientific reports. The *Reviews* and *Methods* journals enable the flagship *Tissue Engineering* to bring these valuable papers to the readership on a much larger scale.

**NEW!** Sustainability heralds a new industrial revolution that requires a broad transdisciplinary commitment. *Sustainability: The Journal of Record* brings together researchers, educators, administrators, policy makers, economists, technologists and executives at all levels of business that have a commitment to and a responsibility for advancing the efforts toward the preservation and sustainability of global resources.

**NEW!** The only authoritative peer-reviewed international journal created as a forum for scientists seeking to advance our understanding of life’s origin, evolution, distribution, and destiny in the universe. *Astrobiology* brings together researchers from around the world through the dissemination of original research papers and reviews.

**NEW!** The new quarterly peer-reviewed journal, *Environmental Justice*, is the central forum for the research, debate, and discussion of the equitable treatment and involvement of all people, especially minority and low-income populations, with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies. The Journal draws upon the expertise and perspectives of all parties involved in environmental justice struggles: communities, industry, academia, government, and nonprofit organizations.

**NEW!** This timely journal provides clinical, practical information on obesity, including prevention and management, patient motivation, and nutrition. *Obesity Management* focuses on issues surrounding the health hazards that obesity poses, and offers healthcare providers effective options and strategies to deal with their overweight patients.

**NEW!** Covers all aspects of clinical telemedicine practice, technical advances, enabling technologies, education, health policy and regulation and biomedical and health services research dealing with clinical effectiveness, efficacy and safety of telemedicine and its effects on quality, cost and accessibility of care.

**NEW!** The authoritative, multidisciplinary, peer-reviewed and industry news journal dedicated to biobased products and processes: advancing sustainable, cost- and eco-efficient production of chemicals, materials, consumer goods, and alternative energy.

THE E-BOOK PROGRAM PRAISED BY RESEARCHERS AND LIBRARIANS

“Cambria Press is on the leading edge of publishers e-book-wise.”
– Lynn Sutton, Director of Z. Smith Reynolds Library, Wake Forest University

Experience the e-book breakthrough solution for librarians and researchers

- Full-text search within book or across entire CAMBER collection
- Quick link to any CAMBER book or any book page
- Customize font size, type, spacing, and line height
- Unlimited print, e-mail, notes, and bookmark options
- Unlimited downloads of complete and searchable PDF for offline reading
- Actual content displayed using XML/XSL; includes tables, equations, and figures
- Personalized Web portal to manage CAMBER library and research tools
- Hide Menu for full-screen display
- Quick links to table of contents and key pages
- Complete index with individual hyperlinks to relevant pages
- Additional book information including full-size cover, reviews, LOC data, and author profile

The World's First E-Book Program for Scholarly Books
That Includes a Full Suite of Research Tools
Plus Unlimited Access and Print

√ Unrestricted and unlimited access
√ Own or subscribe to content
√ Collection or individual book basis
√ Programs for libraries of all sizes
√ Includes CHOICE recommended books

The ACS Cycle of Excellence.

Envision a better online experience.
Coming soon at pubs.acs.org

For over a hundred and thirty years, ACS Publications has been a symbol of support for the scientific community. In that time we’ve published more than 750,000 articles and have provided people with a platform to share and exchange the very latest in research and development. In keeping with the ACS commitment to extend the boundaries of knowledge and help scientists shape the future, ACS Publications is launching a new, fully integrated content delivery platform, providing you with a better online experience and, once again, helping further scientific advancement globally.

A better online experience. Coming soon.
See What People Are Saying About
CHOICE REVIEWS ONLINE...

“The advanced search on Choice Reviews Online is amazing!”

“I rely very heavily on Choice Reviews Online for my own library and book orders – they are the best resource out there.”

“Choice Reviews Online is great! It really helps me make decisions about what to buy or recommend.”

- The Perfect Companion to the CHOICE Print Subscription
- Access to Over 125,000 CHOICE Reviews
- Download, Print, or E-mail Search Results
- Ability to Create a Customized Profile
- Create, Save, and E-mail Lists
- Search All CHOICE Content
- View Exclusive Online Material

Optics InfoBase—
One Resource Serving
Multiple Disciplines

More libraries each year realize the boundary-breaking advantages of Optics InfoBase. Now you can provide researchers across your institution with instant access to more than 160,000 peer-reviewed papers in optics and photonics.

Relevant.
→ Cutting-edge research is facilitated with rapid publication times and our Early Posting pre-publication service

Multidisciplinary.
→ Connect readers across departments and domains: Biology, chemistry, physics, mechanical engineering, electrical engineering, biomedicine, materials science and more

Authoritative.
→ Bring your patrons the best: Optics InfoBase is entirely peer-reviewed, and includes many journals with the highest impact factors in the ISI optics category

Reputable.
→ Rely on content from OSA, one of the oldest publishers of physics journals in the world

For pricing, including consortia licenses, please contact:
Alan Tourliotte (atourt@osa.org) or Christine Orr (corr@osa.org)
AACR’s
New, Expanded
Cancer Collection.

Cancer Research – spanning the entire field, the most frequently cited cancer journal in the world. Impact Factor 7.656
Clinical Cancer Research – clinical and translational research bridging the laboratory and the clinic. Impact Factor 6.177
Cancer Epidemiology Biomarkers & Prevention – multidisciplinary research in populations. Impact Factor 4.289
Molecular Cancer Therapeutics – integrating targets, technologies, and treatments. Impact Factor 5.137
Cancer Prevention Research – NEW devoted exclusively to cancer prevention, from preclinical to clinical research.
Cancer Reviews Online – available free to all institutional subscribers. An e-journal offering review articles from all five AACR journals.
Cancer Prevention Journals Portal – the new online home for AACR’s cancer prevention science featuring articles from all six AACR journals.

The double helix, the genetic code, jumping genes, the PCR technique, the human genome project, RNA interference...these and hundreds of other important advances in biology were announced, debated, and distilled at the Cold Spring Harbor Symposia. These meetings, held each year on the tranquil grounds of one of the world's leading research institutes, have been notable events in biomedical research since 1933. Centered on a different and timely field of research each year, the participants in these meetings are hand-picked luminaries and rising stars of the field. The contributions recorded in each Symposium volume, along with the accompanying photographs, make a unique addition to the scholarly history of science in the 20th century and to the emergence of molecular and cellular biology as the current drivers of all aspects of biomedical research.

Now this essential archive is online and includes the following highly influential volumes:

1946: Heredity and Variation in Microorganisms
1953: Viruses
1966: The Genetic Code
1980: Movable Genetic Elements
1987: Evolution of Catalytic Function
1990: The Brain
2003: The Genome of Homo sapiens

A one-time payment brings your institution perpetual access to 70 years of influential and groundbreaking research from one of the most important research institutions in the world. The online archive dates from 1933 to 2003.

This essential online resource is hosted on the HighWire platform, and accessible via IP address.
The world’s largest full-text repository of civil engineering research and application-oriented articles — the ASCE Online Research Library provides a comprehensive online tool for locating articles of interest across all disciplines of civil engineering.

MORE CONTENT

25-Year Journal Archive Included in 2009 Online Subscriptions
– 1983 to the present
In our continuing effort to digitize the ASCE Journal archive, seven more years (1983-1989) are being added to the Online Research Library. Online subscribers in 2009 will be able to access all archive issues for their respective journals—that’s over 350,000 pages of journal content for a 2009 ALL Journals online package.

Online Proceedings Expands by 5,000 Articles
– 1996 to the present
ASCE Online Proceedings currently includes all ASCE-published conference titles from 2001 to the present, and select titles as far back as 1996. At present this includes more than 16,000 articles—130,000 pages of content.

New Journal Published in 2009
Journal of Legal Affairs and Dispute Resolution in Engineering and Construction
The new Journal is included in the 2009 ALL Journals subscription.

LESS COST

Discount Subscription Packages – Save 30%
Save over $5,000 when you purchase the 2009 ALL Journals Standard Institutional (print+online) subscription — it’s an opportunity for libraries to provide the core collection of civil engineering research at affordable discount rates.

2009 ASCE ALL Journals Online (includes all 31 ASCE Journals)
Print+Online: $19,089 / $12,459 US / $12,859 International Air
Online Only: $15,371 / $10,590

2009 ASCE Proceedings Online w/ ALLs Package
Online Only: $950 / $700

2009 ASCE Online Research Library (ALL Journals & Proceedings)
Online Only: $16,321 / $11,290

Visit http://pubs.asce.org/librarians for a complete listing of journal volumes in the ALL Journals subscription.

Protecting Groups

The unique didactic style of this work brings this complicated but essential area of organic chemistry alive, making it both understandable for advanced students, as well as an essential resource for chemists involved in organic synthesis in academia and industry.

Thieme Chemistry – Knowledge for Professional Users

SYNFACTS

In SYNFACTS, current research results in synthetic organic chemistry, as they appear in the primary literature, are screened, selected, evaluated, summarized, and enriched with personal comments by experts in their field.

SYNLETT

SYNLETT is an international journal reporting research results and trends in synthetic organic chemistry in personalized reviews and preliminary communications. It covers all fields of scientific endeavour that involve organic synthesis.

SYNTHESIS

SYNTHESIS is an international journal devoted to the advancement of the science of synthetic chemistry. It presents dependable research results with detailed and reliable experimental procedures and full characterization of all important new products.

Science of Synthesis

Science of Synthesis is a reference work for preparative methods in synthetic chemistry. The information is organized according to an intuitive hierarchical system based on the compound or functional group to be synthesized. Science of Synthesis provides scientists with reliable and generally applicable solutions to their synthetic problems.

Pharmaceutical Substances

The acclaimed publication Pharmaceutical Substances provides users with a compendium of over 1300 (e-Version 2461) of the most significant pharmaceutical compounds that are of interest to the chemical and pharmaceutical industries.

Protecting Groups

Spectroscopic Methods in Organic Chemistry

covers all aspects of modern spectroscopic methodology. It provides the basis for the application of spectroscopic methods in organic chemistry, which are important in every university’s program.

Please visit us at www.thieme-chemistry.com and learn more about our eJournals and further electronic products.
“The farther backward you can look, the farther forward you are likely to see”

THE NEW PALGRAVE DICTIONARY OF ECONOMICS
—— Second Edition ——
Edited by Lawrence E. Blume and Steven N. Durlauf

“Much has changed in the latest incarnation of this dictionary. This second edition has grown from four to eight volumes. More than 1,500 economists contributed almost 1,900 signed entries; more than 1,000 of the entries are new or heavily revised and expanded... Along with the descriptions of economic method from earlier editions, this edition includes much information on what those methods have found. It also offers new emphasis on advances that have occurred in microeconomics, Bayesian theory, game theory, and behavioral, international, and experimental economics... A regularly updated online version of the dictionary is available, www.dictionaryofeconomics.com, with site license pricing based on institution type and FTE. HIGHLY RECOMMENDED.”

The Journal Publishing Program of the American Physiological Society (APS) covers the entire spectrum of physiology—examining major physiological systems, from the cellular and molecular to the organ and system level. These prestigious peer-reviewed journals are available in print and online. An online subscription to the APS journals provides you with immediate access to the latest issue of the journal as well as with continued access to all content published previously online. Subscribers to the online journals also get access to the fastest possible publication of original research articles through our Articles in Press feature—articles published in manuscript form within a few days of acceptance. The APS journal titles are:

- American Journal of Physiology (AJP consolidated)
- AJP-Cell Physiology
- AJP-Endocrinology and Metabolism
- AJP-Gastrointestinal and Liver Physiology
- AJP-Lung Cellular and Molecular Physiology
- AJP-Heart and Circulatory Physiology
- AJP-Regulatory, Integrative and Comparative Physiology
- AJP-Renal Physiology
- Journal of Applied Physiology
- Journal of Neurophysiology
- Physiological Genomics
- Physiological Reviews
- Physiology
- Advances in Physiology Education

APS Journal Legacy Content

One-Time Fee of $2,000

Save 200 Linear Feet of shelf space!

The APS Journal Legacy Content is an “online package” of over 100 years of historical scientific research from 13 American Physiological Society (APS) research journals. This online package can be purchased at a one-time charge of $2,000 for perpetual use. The content goes back to the first issue of each of these APS journals—including APS’s first journal, the American Journal of Physiology, first published in 1898. The Legacy Content can be viewed as completely searchable scanned images of the printed pages. (find more info at: www.the-aps.org/publications/legacy)
From start to finish, EBSCONET® simplifies the acquisition, administration, access and evaluation of your e-resource collection.

With extensive access and registration support as well as a plethora of up-to-the-moment e-journal data at your fingertips, EBSCONET delivers on what many competing systems only promise to provide – true information resource management.

With more than 3 million subscription orders handled, 20 million records of rich historical data, 21 languages available and three clicks or less to take you anywhere you need to be, EBSCONET is the most useful and intuitive information resource management system in the world.

Find out what the 16,000 customers using EBSCONET know already.

From acquisition to access, from management to evaluation – we can help.

www.ebsco.com
Receive online access to Physics Today from 1948 to the present

If you subscribe to Physics Today in 2009, you’ll have the option to access the complete backfile of the magazine from 1948 to the most current issue. If you prefer, you may choose a subscription that only includes a five-year backfile— at no additional charge. The full 60-year backfile is also included in the AIP Select and AIP Complete packages. Subscribers to the either package may add print for a discounted price.

We hope you’ll consider adding the complete backfile to your subscription and giving your patrons access to the most fascinating original articles and seminal, groundbreaking research of the past 60 years.

To learn more, visit librarians.aip.org/physicstoday.html.

Now access AIP Conference Proceedings back to Volume 1

In 2009, whether you subscribe to the complete Conference Proceedings series, or to any of our seven subseries, you’ll receive access to an online archive that extends back to Volume 1 (1970). AIP Conference Proceedings are also available as part of the AIP Complete package.

Conference Proceedings are hosted on AIP’s robust Scitation platform and usage can be tracked with the Scitation Usage Reports Service. Proceedings papers are indexed in SPIN, Inspec, Web of Science Proceedings, and are included in CrossRef.

For more information, go to proceedings.aip.org.
The American Institute of Aeronautics and Astronautics was formed in 1963 through the merger of the American Rocket Society and the Institute of the Aerospace Sciences. Cambridge Archive Editions are primary source research collections, including historical documents, for academic research and political consultations. Existing publishing comprises multi-volume collections of documents relating to three regions:

- Near & Middle East
- Slavic & Balkan States
- East & South East Asia

These publications provide hundreds of thousands of pages of facsimile original documents, as well as relevant maps, on the national heritage and political development of many countries.

Utilizing the latest in technology, system architecture and hardware, as well as our eyes and ears, to understand and translate the needs of our customers into solutions, GOBI3 proudly represents the next generation of the service first launched over a decade ago.

GOBI3 delivers new and dynamic features designed to address the collection management needs of research libraries and consortia. Among the new features are:

- **Expanded ebook Coverage**: Select from over 300,000 titles provided by our aggregator partners: ebrary, NetLibrary and Ebook Library (EBL) including the ability to preview ebooks.
- **Enhanced Search Capabilities**: Conduct searches of GOBI's three million title database in a variety of languages and interdisciplinary topics.
- **Faster Return of Search Results**: Implementation of new and upgraded system architecture has dramatically accelerated GOBI response times.
- **New Look and Feel**: Clean, crisp lines and colors with easily navigable menus including the ability to resize GOBI text.

Please contact your YBP representative for more information about GOBI3 or any of our online GOBI3 workshops at sales@ybp.com.
EXAMINE SOCIAL HISTORY IN AMERICA

With this “Must-Have” Ten-Volume Encyclopedia on 20th Century American Social History

Social History of the United States

10 Volumes

Brian Greenberg, Gordon Reavley, Richard Greenwald, Linda S. Watts, Alice George, Scott Beekman, Cecelia Bucki, Mark Ciabattari, John Charles Stoner, Troy D. Paine, Laurie Mercier, Peter C. Holloran, Andrew Hunt, and Nancy Cohen

The history of the United States in the 20th century is not just the story of its famous leaders. It is the story of the laborers caught up in the progressive movement, the soldiers in the trenches, the marchers in the women’s and civil rights movements, the minorities fighting for acceptance and legal inclusion, the citizens enduring the Cold War, and other ordinary people living in both ordinary and extraordinary times.

FEATURES

• Entries covering the lives and contributions of ordinary citizens, social movements, religion, culture, the arts, economic and labor issues, and other aspects of American life across the 20th century

• Contributions by accomplished researchers in the field of American social history

• Sidebars providing additional emphasis on important issues and less well-known personalities

October 2008, 3,330 pp., 7x10, EAN 978-1-59884-127-5, $995.00 eBook is available. Call for pricing.
The best in reference.

The International Encyclopedia of Revolution and Protest: 1500 to the Present, Eight-Volume Set
Immanuel Ness
This definitive eight-volume reference is a comprehensive print and electronic resource covering the history of protest and revolution over the past 500 years. It presents major uprisings and protest movements; the ideas, ideologies, and activists that propelled them; how they unfolded; and their successes and failures.

Special prepublication price through June 30, 2009
$1,195 (Regularly $1,495)
978-1-4051-8464-9 • Hardcover • 3,500 pp.

Wiley Encyclopedia of Clinical Trials
Four-Volume Set
Ralph D’Agostino, Lisa Sullivan, and Joseph Massaro
Including more than 400 A–Z articles from 300 of the world’s leading experts in the field, from academic to corporate settings, the Wiley Encyclopedia of Clinical Trials is a world-class and one-of-a-kind compendium of basic concepts, methodologies, and applications in clinical trials.

Special prepublication price through November 30, 2008
$1,200 (Regularly $1,400)
978-0-471-35203-7 • Hardcover • 2,402 pp.

Wiley Encyclopedia of Chemical Biology, Four-Volume Set
Tadhg P. Begley
The Wiley Encyclopedia of Chemical Biology provides an authoritative new work that illuminates the crucial role of chemistry and chemical techniques in the life sciences. It encompasses fundamental and blue-sky science as well as areas of research with more immediate medical or commercial applications.

Special prepublication price through March 31, 2009
$1,200 (Regularly $1,400)
978-0-471-75477-0 • Hardcover • 3,200 pp.

Wiley Encyclopedia of Computer Science and Engineering, Five-Volume Set
Benjamin W. Wah
This five-volume set includes over 450 A–Z articles addressing the latest advances and findings in computer science and engineering. Each article is written by an expert in his or her particular specialty and has been peer-reviewed by two other experts to ensure that it is clear and precise. References and a Web site of related interest accompany every article.

Special prepublication price through March 31, 2009
$1,500 (Regularly $1,750)

Handbook of Finance, Three-Volume Set
Frank J. Fabozzi
The Handbook of Finance is the first comprehensive topics compilation on the world of finance to incorporate timeless and timely research, analysis, and developments. Edited by Frank Fabozzi, the Handbook discusses investments, derivatives, modeling, and valuation and includes numerous experts in the field.

Special prepublication price through November 30, 2008
$750 for the three-volume set and $250 for individual volumes (Regularly $900 and $300, respectively)
978-0-470-04256-4 • Hardcover • 2,714 pp.

The International Encyclopedia of Communication, Twelve-Volume Set
Wolfgang Donsbach
This groundbreaking twelve-volume reference work is jointly published with the International Communication Association (ICA), the leading academic association of the discipline. Written by an international team of scholars, it brings together 1,350 newly commissioned A–Z entries, divided into 29 editorial areas.

978-0-471-75222-6 • Hardcover • 2,000 pp • $700.00

Comprehensive Handbook of Social Work and Social Welfare, Four-Volume Set
Karen M. Sowers and Catherine N. Dulmus
This resource presents an up-to-date review of the field, featuring contributions from leading international researchers and practitioners, who discuss the critical factors shaping social work and social welfare.

- THEORY of PROBABILITY & ITS APPLICATIONS

Locus contains the electronic full text for every SIAM journal article published from the journal’s inception through 1996. Locus articles are available in PDF format; linked references and full metadata are available for each article.

Pairing Locus (locus.siam.org) with a subscription to SIAM Journals Online (articles 1997–present) provides immediate, uninterrupted access to all SIAM journal content from the first SIAM article published in 1953 to today’s publications, with current articles going online as soon as they are available. That’s over 50 years of the best in applied mathematics and computational science! Individual member pricing on journals represents significant discounts—become a SIAM member today.

Eight SIAM journals are ranked in the top 35 (of 165) journals within the applied mathematics category of the 2007 ISI Journal Citation Report.

SIAM's e-journal delivery platform is useful and intuitive, and offers many features including citation downloading in BiBTeX format, e-first article RSS feeds and TOC mail alerts, sophisticated searching, and pay-per-view.

The Institute for Operations Research and Management Sciences (INFORMS) is globally known for publishing scholarly journals that describe the latest operations research methods and applications. We are pleased to announce the new INFORMS Journals Archive—available Fall 2008!

The INFORMS Journals Archive includes archives from 1997 to Volume 1, Issue 1 of 9 INFORMS journals launched before 1998. Expand your Institution’s library holdings with a historical retrospective of operations research. The two flagship publications, Operations Research (1952) and Management Science (1954), cover over forty years of operations research.

The new INFORMS Journals Archive provides you with access to over 15,000 full-text, searchable articles in the following journals:

- Management Science 1954-1997
- Transportation Science 1967-1997
- Interfaces 1970-1997
- Marketing Science 1982-1997
- Information Systems Research 1990-1997
- Organization Science 1990-1997

We have made purchasing the INFORMS Journals Archive easy. Contact INFORMS at 1-800-446-3676 (U.S.), 1+443-757-3500 (Outside U.S.) and a customer service representative will assist you; email your request to ipolcentral@informs.org, please write in subject line: INFORMS Journals Archive, or visit us online at http://journalsarchive.informs.org
Find the latest in archival research with these two new ASME journals.

Journal of Mechanisms and Robotics

This ASME journal publishes research contributions to the fundamental theory, algorithms and applications for robotic and machine systems. Topics include theoretical and applied kinematics, innovative manipulator design, walking machines, mechanical hands, grasping, fixtureing, compliant mechanisms, electro-mechanical systems, and articulated systems ranging from micro- and nanometer dimensions to large scale space structures.

Editor: J. Michael McCarthy, University of California - Irvine
Publisher: ASME, 22 Law Drive, Box 2900 Fairfield, New Jersey 07007-2900
Frequency: Quarterly (February, May, August, November)
ISSN: Print: 1932-6191; Online: 1942-4302
Subscription rates:
Including delivery of both print and online editions
Domestic: $300; International $434
ASME member prices available.

Journal of Thermal Science and Engineering Applications

Subject areas could be as narrow as a particular phenomenon or device or as broad as a system. Contributions should describe research in applied areas pertaining to thermal energy transport in equipment and devices, thermal and chemical systems, and thermodynamic processes, with an emphasis on application of the fundamentals to the solution of problems faced by industry. Topic areas include, but are not limited to, applications in: aerospace systems, gas turbines, biotechnology, defense systems, electronic and photonic equipment, energy systems, manufacturing, refrigeration and air conditioning, homeland security systems, micro- and nano-scale devices, petrochemical processing, medical systems, energy efficiency, sustainability, and combustion systems.

Editor: Michael Jensen, Rensselaer Polytechnic Institute
Publisher: ASME, 22 Law Drive, Box 2900 Fairfield, New Jersey 07007-2900
Frequency: Quarterly (March, June, September, Dec.)
Subscription rates:
Including delivery of both print and online editions
Domestic: $325; International $465
ASME member prices available.

When You Need Targeted and Intelligent Research, Aim First for Annual Reviews.

Annual Reviews publications operate as a high quality filter, prioritizing and synthesizing the primary research literature for the Biomedical, Life, Physical, and Social Sciences.

Insightful Research Starts With An Annual Reviews Site License
Annual Reviews offers a variety of site license solutions, ensuring seamless access to high quality publications and permanent data rights to subscribed content.

Forthcoming Annual Reviews Titles Include:
Analytical Chemistry | Marine Science
Economics | Financial Economics | Resource Economics
History Through Different Eyes

World Newspaper Archive
Created in partnership with the Center for Research Libraries

The World Newspaper Archive will represent the largest collection of fully searchable historical newspapers from around the globe. Featuring titles published in Africa, Asia, Europe and Latin America, the World Newspaper Archive will offer extraordinary research opportunities across a wide range of academic disciplines.

Students, teachers and scholars will find extensive coverage of the people, issues and events that have shaped world history. Newly digitized, these papers contain diverse viewpoints—ideal for comparing and contrasting the perspectives of different societies and cultures. In addition—through eyewitness reporting, editorials, illustrations, photographs and advertisements—this eye-opening online resource will offer opportunities for fresh insights into daily life in the 19th and early-20th centuries.

Latin American Newspapers
The first series in the World Newspaper Archive, Latin American Newspapers offers more than 35 titles published in this vital region between 1805 and 1922. With papers from Argentina to Mexico, Chile to the Caribbean, this series is cross-searchable with America's Historical Newspapers for unmatched coverage of the Western Hemisphere. Available December 2008.

Journal of Biological Chemistry

Most-Cited Biomedical Research Journal in the World Publishes Original Research in the Fields of Biochemistry and Molecular Biology

Molecular & Cellular Proteomics

Peer-Reviewed Research that Deals with the Structural and Functional Properties of Proteins and their Expression

Journal of Lipid Research

Most-Cited Journal Devoted to Lipids Features Thematic Reviews & Patient-Oriented Research

For subscription information visit us online at

www.asbmb.org/publications.aspx
In 2009, the AGU Digital Library will include access to:

- All AGU journals from volume 1, issue 1, through articles published in 2003
- Almost all books older than 5 years
- *Eos* and its predecessor, *Transactions of the American Geophysical Union*, from volume 1, issue 1, through articles published in 2003

**The AGU Digital Library also features:**

- References linked to abstracts of cited AGU articles and some abstracts of other cited publications
- Related articles such as comments and replies and corrections linked to or from original articles
- Supplementary material once available only on microfiche and videotape
- Full-text searching

For large institutions, 2009 subscription rates start at $400 (journals only, concurrent user access) for institution-wide access. Other subscription and pricing options are available. For more information, please contact AGU at +1 202.462.6900 or institutions@agu.org.
Don’t wait for the grapevine when you can find out ONLINE.

KEEP YOURSELF INFORMED OF NEW TITLE REleases EACH MONTH WITH OUR ONLINE NEW TITLE SELECTION PLAN.

Want to get new title information even faster? Now you can. At Emery-Pratt, our number one job is to make your life easier. So we’re offering the “New Title Selection Plan” an online program that will let you see the newest book releases 1 to 6 months in advance, right from the convenience of your computer. Your Selection profiles can be easily created and customized for complete flexibility on our web site at www.emery-pratt.com by publisher, author, BISAC subject code, or LC Class Number. These selection profiles can be added, edited, or deleted by you at any time. Best of all, when you see a book you want, you can order it immediately online for fast turnaround.

Finding the latest book at the best price is what we do.
No more researching to find out what’s new. Just keep an eye on your e-mail and rest assured that you’ll be notified as soon as a new book is available.

Our New Title Selection Plan is just another way we’re working to make your book purchasing fast, efficient, and fun.
The Free 10 Steps guide will ensure your library a smooth transition from print to electronic

► Determine YOUR collection development strategy

Continuations and Standing Orders

Preface
Continuations and standing orders represent a frustrating and time-consuming area of book acquisitions. Efficient management of continuations requires a staff knowledgeable in all aspects of standing order procedures, with prompt and accurate service being essential.

Midwest Library Service has been providing continuation and standing order programs to libraries for over three decades with the same commitment to high quality as our firm order service: prompt delivery, accurate invoicing, immediate reporting, convenient communications, and personal Library Service Representatives. Our reputation for excellence is well established and we invite you to place your continuations list with us.

Scope
Our Continuation & Standing Order Service encompasses most series and continuations from U.S. publishers. Our services do not include supplying magazines, journals, or loose-leaf updating services.

Procedure
Our Continuation & Standing Order Service incorporates both automated systems and personal surveillance. Instead of relying on the filing and ordering systems of the publishers, we place orders for specific volumes as books are due to be published. If the next item in a series is not received when scheduled, we initiate a new order for the same item. This procedure helps avoid potentially missed volumes and eliminates any dependence upon the publishers’ fulfillment systems. If in-house information is not available on future volumes to be published, we call the publisher for future projections and publication schedules. This information is then used to update our new title records.

Advantages
1. Because of our method of ordering specific volumes, we are in regular communication with the publishers.
2. Our status reports are prompt and accurate and should eliminate library claims.
3. Specific claims from an individual library resulting in an updated status report will generate new status reports to all libraries ordering the same series.
4. We do not drop ship.

Quality service depends on good communications between the library and the jobber. Your personal Library Service Representative and our convenient communications provide easy access to us regarding your continuation orders. We invite you to try our service by sending us your next list of standing order titles.
