InfoSci®-Books
The all-inclusive research database featuring over 1,200 scholarly and reference publications.

InfoSci®-Journals
The comprehensive research solution for computer science and IT management featuring more than 100 scholarly journals.

InfoSci®-Cases
Access to more than 600 teaching cases based on real-life situations in the utilization and management of information technology in the modern organization worldwide.

Business-Technology-Solution
An electronic collection of research on the most recent findings in information technology applied to business and management.

Subject Databases
Provides access to 10 unique groups of cutting-edge peer-reviewed reference books.

ON Demand
Provides thousands of searchable documents in the fields of information science technology and management enabling the user to purchase individual articles specific to their needs.

YBP Library Services’ Integrated Electronic and Print Approval Plans

Enjoy the benefits of a single e-book and print approval plan, including comprehensive duplication control.

New Plan Highlights

- Provides libraries with titles in a timely manner, based on the first available format (electronic or print)
- Offers four types of approval plans all based on YBP’s profiling methodology: e-preferred, print-preferred, e-only and print-only
- Electronic content available from three aggregator partners: EBL, ebrary and NetLibrary
- GOBI® boasts an e-approval bookshelf where customers can manage e-books that match their library profile
- YBP and ebrary Academic Complete customers will benefit from the application of Academic Complete usage statistics
- YBP cataloging records are available, supplied at the same time as the e-books

For additional information, please contact your YBP representative at sales@ybp.com or visit our website at www.ybp.com

IEEE Information Driving Innovation
For nearly two centuries, the New England Journal of Medicine has been publishing some of the most noteworthy and influential studies in medicine. Now you can access the entire NEJM Archive online at NEJM.org.

The NEJM Archive consists of two sections — 1812–1944 and 1945–1989, each available for one-time purchase. The Archive's high-quality, full-text PDFs are searchable by specialty, topic and/or article type. Users will save time finding older articles. Your institution will save money and space.

For more information about the NEJM Archive, contact us at 781-434-7135 or institutionsales@nejm.org.
A New Type of Review Journal

Cold Spring Harbor Laboratory Press announces the launch of a new monthly online publication, *Cold Spring Harbor Perspectives in Biology*. Spanning the complete spectrum of the molecular life sciences, the journal offers article collections that comprehensively survey topics in molecular, cell, and developmental biology, genetics, neuroscience, immunology, cancer biology, and molecular pathology. Written by leading researchers and commissioned by an eminent board of editors, subject collections grow with every issue of the journal. *Cold Spring Harbor Perspectives in Biology* is thus unmatched in its depth of coverage and represents an essential source for informed surveys and critical discussion of advances in emerging areas of biology.

**Scope:** Molecular Biology, Cell Biology, Developmental Biology, Genetics, Immunology, Neurobiology

International Migration Outlook 2010
SOPEMI
July 2010, 352 pp, 978-92-64-08601-2
This annual publication analyses recent developments in migration movements and policies in OECD countries. It looks at the contribution of immigration to changes in the working-age population in the past decade, and the role of migration inflows at projected levels in driving growth of the working-age population in the next decade.

Perspectives on Global Development 2010:
Shifting Wealth
August 2010, 124 pp, 978-92-64-08465-0
“A landmark report about the biggest economic story of our era! It describes and analyses the new economic world we live in, where countries in Asia, Africa and Latin America provide the dynamism for future growth. It shows how this shift in the economic centre of gravity is cause for optimism, rather than consternation.”
Alan Hirsch, Deputy Director General: Policy, South African Presidency

Shifting Wealth examines the changing dynamics of the global economy over the last 20 years, and in particular the impact of the economic rise of large developing countries, such as China and India, on the poor. It details new patterns in assets and flows within the global economy and highlights the strengthening of “south-south” links – the increasing interactions between developing countries through trade, aid and foreign direct investment.

OECD Territorial Reviews: Guangdong,
China 2010
October 2010, 250 pp, 978-92-64-09007-1
Guangdong is China’s most populous (94.9 million inhabitants) and richest province (one eighth of the national GDP). A key development feature of Guangdong has been “processing trade”, which has allowed companies to benefit from paper-thin profit margins from importing, assembling, and exporting via Hong Kong. Increasing labour costs and strain on land availability have increasingly challenged this model of development, with new competitors in China and abroad.

The Territorial Review of Guangdong is integrated into a series of thematic reviews on metropolitan regions undertaken by the OECD Territorial Development Policy Committee. The overall aim of these case studies is to draw and disseminate horizontal policy recommendations for regional and national governments.

Critical Design and Effective Tools for E-Learning in Higher Education: Theory into Practice

Roisin Donnelly (Dublin Institute of Technology, Ireland); Jen Harvey (Dublin Institute of Technology, Ireland); Kevin O’Reurke (Dublin Institute of Technology, Ireland)

A collection of stories that provide those who work in higher education a source of both information and inspiration. The stories are told by some 40 professionals from all across the English-speaking world, detailing their theoretical and practical perspectives on the impact technology has had and will have on the learning experiences of higher education graduates.

Science Translational Medicine

Focusing on personalized diagnosis and treatment

“There is an increasing recognition that classical medical diagnoses—prostate cancer, diabetes, atherosclerosis—hide the true heterogeneity of these diseases from patient to patient. Once we can study subgroups of similar patients, the strength of our experimental results will increase and development costs will decrease.”

Chief Scientific Adviser,
Elias A. Zerhouni, M.D.

Despite 50 years of advances in our fundamental understanding of human biology and the emergence of powerful new technologies, the rapid transformation of this knowledge into effective health measures continues to elude biomedical scientists.

Science Translational Medicine provides a forum for interdisciplinary idea exchange between basic scientists and clinical researchers to help advance the discovery of cures and improve patient care worldwide.

At the Intersection of Research and Critical Thinking: the Databases of ABC-CLIO

ABC-CLIO’s portfolio of history, humanities, and geography research and reference databases combines essential reference, innovative teaching tools, and 21st century challenges for critical thinking. The databases of ABC-CLIO connect your library to the classroom, curriculum, and students in important, innovative new ways.

Context at a Higher Level
“Explore” organizes resources into curriculum-aligned topics. Each includes materials and connections for further research along with teacher tools, making them effective core or supplemental resources.

Critical Thinking for Understanding
In “Analyze,” leading scholars debate key topics. It’s a powerful way to integrate basic research strategies, critical thinking, and the communications skills to craft compelling support for ideas and perspectives.

Content Excellence
Start student research projects with authoritative, curriculum-aligned, reference content... all updated continually. Audio, video, maps, primary sources, images, graphs, and more support academically rigorous research.

“I have often told people that I felt that I had another staff member off-site, in Bridgeton, Missouri.”
Susan Sheridan
Amherst College

“You’re a benchmark for how customer service should be conducted.”
Eric Kidwell
Huntingdon University

“Great customer service! That’s why we love to work with Midwest.”
Lydia Mureh
Lee University

“Our representative is unfailingly pleasant and is diligent about calling to follow up on any questions about our orders. I feel that she does her job in a most thorough and conscientious manner. Thanks to Midwest for the excellent experience that I have had working with your company.”
Katie Olson
Skagit Valley College

“We recently signed up with Midwest to handle our Continuations. The customer service is outstanding. Our representative is extremely helpful and returns emails and phone calls right away. We couldn’t be happier.”
Leanne Roseberry
Lincoln Land Community College

“The service you and your staff have given us has always been excellent, but during our disaster recovery effort you really came through for us.”
Ruth Ross
Olympic College

“You have always gone that extra mile that makes a great service even more so. Your service has been an important factor in keeping my library a steady customer.”
Dan North
University of West Florida

“Thanks for your smile that reached across the miles, for your patience, and your constant devotion to optimal service.”
Betty Kelly
Furman University

“I truly appreciate the service that you give us and I always enjoy talking to you on the phone. I think you are absolutely WONDERFUL and you give AWESOME service.”
Carolyn Marr
Wayland Baptist University

“Once again, Midwest’s customer service has gone so far beyond the normal request level. In both my professional experience and my personal experience, I don’t know of any other company that comes close to providing such excellent customer service.”
Karen Kriegel
San Francisco Public Library

“I appreciate that you do not have an electronic answering system. It is so great talking to a “real” person. In this world of electronic communication, it has been so nice to actually talk to someone and get issues resolved quickly.”
Carol Gregorich
Harrisburg Area Community College

“Midwest does a wonderful job on processing and binding. The books are always “crisp & clean” and neatly done at reasonable prices.”
Carla Kramer
Ventura College

“Our representative is the most pleasant, on top of it, bend over backwards to help, and just plain friendly person with whom I deal. She is an outstanding asset to your company.”
Martha Yelton
Johnson County Library

“I have used many vendors over my past 20 years and Midwest has had the best performance.”
Glenda Alvin
Tennessee State University

We strive for complete customer satisfaction, with service second to none.
