I pride myself on being as calm as possible but this year has become incredibly stressful! My daughter has gotten engaged and is getting married in September or is it October? That’s the problem, the date keeps changing and with change comes the need for the assistant wedding planner (yours truly) to look into possibilities for venues, caterers, florists, etc. That’s in addition to my regular duties!

Anyway, we have been lucky to have a fabulous issue this time guest edited by Nawin Gupta, who is the most flexible person I know! I love the theme of last year’s ASA conference — the best way to predict the future is to invent it! There are some intriguing papers in this issue. Authors are Brian F. O’Leary, Daniel Mayer, Chris Banks, Jill Emery, Ann Lawson, and Pinar Erzin. They talk about a unified theory of publishing, libraries as physical and online spaces, discovery and delivery, intermediaries and their value, and adding value to business.

Against the Grain, the city, and everything related.

published his first two journals, Freshwater Biology and the Journal of Biogeography, in 1971. Campbell became editorial director in 1978 and rose through the ranks to become President of Blackwell Publishing and Senior Publisher after Wiley’s acquisition of Blackwell in 2007. “I have loved my career in publishing and my time at Wiley,” said Campbell. “However, after 44 years it is time to take a step back, spend more time with my wife and family and enjoy my free time pursuing my interests outside publishing including fly fishing, conservation and farming.” Bob has spoken at the Charleston Conference several times and we will miss him but it sounds like he will be having lots of fun anyway! http://www.wiley.com
